

CFDR Update: March 12, 2009

SAS Regression Workshop – Monday, March 16th

Monday, March 16, Noon-1:00 pm
Bowen-Thompson Student Union, Room 316

American Time Use Survey Data Extract Builder (ATUS-X)

The Maryland Population Research Center and the Minnesota Population Center have announced the release of the American Time Use Survey Data Extract Builder (ATUS-X). ATUS-X is designed to make it easy for researchers to work with data from the American Time Use Survey (ATUS). Interested researchers can explore the ATUS Data Extract Builder at www.atusdata.org.

Webinar: Finding What You Want or Wanting What You Find at ICPSR

March 24, 1:00-2:00 pm

In this Webinar, an experienced ICPSR researcher who has spent a lot of time helping students and faculty find data, will work through a collection of search strategies for finding the types of information you need from ICPSR. **Space is limited.** Reserve your Webinar seat now at:

<https://www2.gotomeeting.com/register/480944329>

NSF Report on Evaluation of Qualitative Research

The NSF report "Workshop on Interdisciplinary Standards for Systematic Qualitative Research" recently became available. This workshop brought together social scientists from anthropology, law, political science, and sociology to discuss common evaluative standards. The report can be accessed at

http://www.nsf.gov/sbe/ses/soc/ISSQR_workshop_rpt.pdf.

Call for Papers: Conference on Health over the Life Course

The Canadian Research Data Centre Network is sponsoring a conference on Health over the Life Course, on 15-16 October 2009, at the University of Western Ontario. Please see the web site for the call for papers and conference announcements. <http://www.rdc.uwo.ca/conference2009/index.html>. Submissions are due May 8, 2009.

Integrated Fertility Survey Series (IFSS) Project Website

ICPSR has announced the launch of the Integrated Fertility Survey Series (IFSS) project website, which is located at: <http://www.icpsr.umich.edu/IFSS/>. The IFSS website enables users to access standardized data files and documentation, use Survey Documentation Analysis (SDA), and browse related publications for each of the ten component surveys.

Programming Help Hours

SAS, SPSS, or Stata programming questions? CFDR research assistants, Heidi Lyons and Kristy Krivickas are available to help every Monday morning between 11:00 and 12:00. Stop by their CFDR office: 106 Bromfield.
