National Couples Survey Available at ICPSR

Now available from ICPSR the **National Couples Survey**. The National Couples Survey is a couple level dataset of married, cohabiting, and dating couples. The questions in the survey are centered around decisions of contraception use, perception of the risk of sexually transmitted infections, and power differences within the couple. For more information visit <http://dx.doi.org/10.3886/ICPSR24384>.
