The Substance Abuse and Mental Health Data Archive (SAMHDA)

SAMHDA holdings include the most up-to-date, comprehensive national data on substance abuse and mental health. Access to SAMHDA data, online analysis tools, and resources is free. Visit the SAMHDA webpage at

www.datafiles.samhsa.gov.

Society for Research on Adolescence Romantic Relations Preconference - March 10th

The program will include two invited speakers and two periods for networking and discussion. Information about the time and location is available in the SRA Program Guide and Conference website: <http://www.s-ra.org/meeting/schedule/2010/dayview.cfm?code=5>). Registration is not necessary and there is no registration fee. Please RSVP to Nancy Darling (nancy.darling@oberlin.edu).

Panel Analysis of Intimate Relationships and Family Dynamics

“Pairfam” is a representative panel study for analyzing closed relationships and family relations in Germany. The first wave was conducted in 2008/2009 as a nationwide random sample of 12,000 people which covered three age cohorts in equal groups (15 to 17, 25 to 27, and 35 to 37). The second wave started in October, 2009. <http://www.pairfam.uni-bremen.de/index.php?id=2&L=1>

Call for submissions - NCFR Report - Theme: Innovations

Do you have some of your innovative work you'd like to share? Please write the editor to talk about your idea and to obtain the submission guidelines at nancygonzalez@ncfr.org. The deadline is March 21, 2010.
