New Data: Integrated Fertility Survey Series (IFSS)

Now available from ICPSR, the Integrated Fertility Survey Series. IFSS provides access to ten individual national studies of fertility encompassing the Growth of American Families (GAF), National Fertility Surveys (NFS), and National Surveys of Family Growth (NSFG) as well as a single dataset composed of harmonized variables across all ten surveys. For more information please visit: <http://www.icpsr.umich.edu/icpsrweb/IFSS/>
