

CFDR Update: October 21, 2011

Categorical Data Analysis Workshop – New date

Instructor: Hsueh-Sheng Wu

Monday, **November 7**, Noon-1:00 pm

CFDR/NCFMR Conference Room – 7C Williams

Society for Longitudinal and Life Course Studies

The multi-disciplinary *Society for Longitudinal and Life Course Studies* brings together members across the health, behavioral and social sciences, with a shared interest in longitudinal and life course research. This recently initiated international society is planning its third annual conference to take place in France in 2012.

To learn more about the society and membership, follow this link: <http://www.slls.org.uk/>

Annual Welfare Research and Evaluation Conference – Call for Proposals due November 7

The Office of Planning, Research and Evaluation (OPRE) is seeking proposals from emerging scholars for their 15th annual conference to be held May 30 to June 1, 2012 in Washington, DC. Emerging scholars who are selected for the conference will have the opportunity to share their work in a conference session or poster session and will be considered for sponsored attendance, including travel and lodging. The call for proposals and more about the conference are at this [link](#).

International Association for Relationship Research Conference – Call for Submissions due December 15, 2011

The conference will be held at the Palmer House Hilton and DePaul Loop Campus in Chicago on July 12-16, 2012. Detailed information about the conference, how to submit proposals, and how to register for the conference is available on the conference website (<http://iarr2012conference.com/>).

PAA Fellowship Opportunity – Applications due December 15

The Population Association of America has announced a new opportunity for PAA members: Participation in the prestigious Science and Technology Fellowship Program of the American Association for the Advancement of Science (AAAS). This fellowship provides an opportunity for researchers to come to Washington, DC and use population science, outside of the academic setting, to inform public policy and work for one year in a federal agency. Both early and mid-career professionals are encouraged to apply.
