Data Training and Users Workshop for the Longitudinal Study of Generations

July 26-27, 2012 in Park City, Utah

The LSOG is a long-term study of 3,500 individuals from more than 400 four-generation Southern California families who have been surveyed eight times between 1971 and 2006. The workshop will provide an overview of the design and content of the study and hands-on training in manipulating and analyzing LSOG data. For additional information about the data set visit:

<http://www.icpsr.umich.edu/icpsrweb/NACDA/studies/22100>. More about the workshop is at this [link](#).
