We also post CFDR working papers on the [Population Working Papers](#) site that is hosted by CCPR at the University of California Los Angeles. ### **Affiliates and Students: Acknowledgement Statement Required for Manuscripts and Presentations**

Affiliates and students at NICHD-funded population centers are required to acknowledge population infrastructure support in all of their papers and presentations. Such acknowledgement is critical to convey the impact of federal funding on advances in research. If you have not already done so, please add this statement provided [at this link](#) to your manuscripts and presentations.
