### **Constructing Indices and Scales – Monday, July 9**

Workshop Instructor: Hsueh-Sheng Wu  
Noon to 1 pm, 7C Williams Hall

---

### **CES Dissertation Mentorship Program**

The Center for Economic Studies mentorship program assists doctoral candidates who are actively engaged in dissertation research in economics or a related field using U.S. Census Bureau microdata at a Research Data Center. Application guidelines are at this [link](#). Program participants receive two principal benefits:

- One or more CES staff economists are assigned as mentors and advise the participant on the use of Census Bureau microdata.
- A visit to CES where they meet with staff economists and present research in progress. Trip expenses will be paid for by CES.
