Monday, May 20, **1:00 to 2:00 pm**

CFDR Conference Room, 7C Williams Hall

Add Health Contextual Data

The CFDR has received new contextual data and document files for Add Health Study. These files contain information on the residential locations and tract-level contextual variables of Add Health respondents at Waves III and IV. Additional information is being sent to Add Health Users with access to restricted files.

CFDR Summer Methods Seminar: Introduction to Propensity Score Analysis – Pre-Register today

Instructor: Dr. Matthew VanEseltine

Wednesday, June 26, 1:00–3:00 pm

Space is limited. Please pre-register by replying to this email.

Help Resources and Tools on the CFDR Website

Find statistical analysis and programming help, guides for SAS and Stata, tips for creating journal-quality tables and much more at the [Help Resources and Tools](#) link.
