Affiliates and Students: Acknowledgement Statement Required for Manuscripts and Presentations

Affiliates and students at NICHD-funded population centers are required to acknowledge population infrastructure support in all of their papers and presentations. Such acknowledgement is critical to convey the impact of federal funding on advances in research. If you have not already done so, please add this statement provided [at this link](#) to your manuscripts and presentations.

Working Paper Series

If you have a new working paper or if a paper has been published please let us know and we will update the CFDR web site: <http://www.bgsu.edu/organizations/cfdr/page35177.html>. We also post CFDR working papers on the [Population Working Papers](#) site that is hosted by CCPR at the University of California Los Angeles. The CCPR collection currently includes working papers from population researchers at Duke, Princeton, Penn State, and University of Maryland.
