Fellowship Opportunity in Washington DC for Population Researchers

The Population Association of America is a partner organization in the prestigious Science and Technology Fellowship Program of the American Association for the Advancement of Science (AAAS). The fellowship offers tremendous professional development and networking opportunities. PAA is now accepting applications for the 2014-2015 term. The deadline to apply is December 15, 2013. This fellowship is open to doctoral scientists from any discipline relevant to population research, and both early and mid-career professionals are encouraged to apply. For additional information, or to apply for a fellowship, please see go to:

<http://www.populationassociation.org/government-affairs/paa-fellowship/>.

BGSU's Building Strength Grants Program

The Office of the Vice President for Research & Economic Development has announced the availability of "Building Strength" funding for the academic year 2013/2014. Proposals will be accepted for Major, Small and Mini project grants and travel grants. Project grant deadlines are October 25, 2013 and February 7, 2014. Guidelines are available at: <http://www.bgsu.edu/offices/ospr/frc/index.html>.

Population Research and Policy Review Special Issue

The October issue of *Population Research and Policy Review* is a special issue on new findings from the 2010 Census, guest edited by William P. O'Hare. This issue features ground-breaking new research as well as several research notes on Census data collection issues that are appropriate for classroom and other use. PRPR is the journal of the Southern Demographic Association.
