### **Call for Papers: Perspectives on Time Use in the U.S.**

A conference on "Perspectives on Time Use in the U.S.," will be held June 23-24, 2014 at the University of Maryland Inn and Conference Center. Researchers are invited to submit abstracts for papers that address any question related to the collection or analysis of time use data. The deadline for submission of paper abstracts is January 15, 2014. Immediately following the conference on June 25-27 there will be a three-day training workshop for researchers new to the ATUS data entitled "ATUS Workshop 2014." The deadline for submission of applications to the Workshop is March 1, 2014. These two events are designed to provide a comprehensive view of the state of research in the field and provide junior scholars or those just entering the time use arena with essential tools. Detailed information and an application can be obtained at
