Call for Applications to the NLSY 1997 Postsecondary Research Network
The University of Texas Population Research Center is now accepting proposals for talented researchers (at any career stage) to join a year-long research network using the newly available National Longitudinal Study of Youth 1997 (NLSY97) Postsecondary Transcript Data. The goal is to support outstanding scholars using the data to publish peer-reviewed journal articles. More information and application details are at this link. The deadline is December 14, 2014.
