### **Request for Proposals for Food Insecurity Research Using PSID**

University of Kentucky Center for Poverty Research, in conjunction with the Economic Research Service and the Food and Nutrition Service in the USDA, seeks proposals that explore links to food assistance programs, work, income, consumption, health, and wealth. Prospective researchers are encouraged to submit a letter of intent to UKCPR by February 22, with full proposals due by March 29. For details on submission, see the full [request for proposals](#).

### **Affiliates and Students: Please Note Change on Acknowledgment Statement Required for Manuscripts and Presentations**

NICHHD assigned a new grant number to the CFDR in September 2016. Affiliates and students at NICHD-funded population centers are required to acknowledge population infrastructure support in all of their papers and presentations. The acknowledgment statement and new grant number can be found [at this link](#). Such acknowledgement is critical to convey the impact of federal funding on advances in research.
