Optimal Aging Institute Internal Grants – Proposals due February 15

The Optimal Aging Institute at BGSU has announced the availability of small grants for innovative and/or collaborative research, education programs, or community engagement projects focused on helping individuals age optimally. Application and guidelines are available at <https://www.bgsu.edu/content/dam/BGSU/health-and-human-services/document/OAI%20GrantApplication%20final.pdf>

Columbia University Poverty Tracker Data Training Workshop – Applications due February 21st

The first annual Poverty Tracker Data Training Workshop at Columbia University will be in New York City on May 18-19, 2017. The workshop is designed to familiarize participants with the data available in the New York City Longitudinal Survey of Well-being, a repeated panel study which is conducted by the Columbia Population Research Center and which tracks the dynamics of poverty, hardship, and well-being among representative samples of New York City residents. The workshop description and online application is available at <http://www.povertytrackerdata.cupop.columbia.edu/>. Additional information about the Poverty Tracker is available at <http://povertytracker.robinhood.org/#home>.

Berkeley Workshop on Formal Demography– Applications due March 1st

Special Emphasis Topic: Fertility Patterns over Time. The workshop will be held Monday-Friday, June 5-9, 2017 at the University of California campus. The program consists of three days of hands-on training followed by two days of research presentations by invited faculty. Application materials and more information about the program and formal demography can be found on the workshop website:

<http://www.populationsciences.berkeley.edu/population-center/programs/formal-demography>.
