

CFDR Update: June 29, 2018

---

### Funding Opportunity from the William T. Grant Foundation

- **Focus Areas:** (1) reducing inequality and (2) the use of research evidence, are focused on young people between ages 5 and 25
- **Award amount:** \$100,000 to \$1,000,000 for two to four years of support
- **Letters of Inquiry:** Three per year: January, May, and August. The next deadline for LOIs is **August 1, 2018**. About 5 percent of the letters result in funding

Projects led by or including members of racial or ethnic groups underrepresented in academic fields are encouraged. Application guidelines are at <http://wtgrantfoundation.org/grants/research-grants>.

### Affiliates and Students: Acknowledgment Statement Required for Manuscripts and Presentations

Affiliates and students at NICHD-funded population centers are required to acknowledge population infrastructure support in all of their papers and presentations, including those in which the first author is not a CFDR affiliate. Such acknowledgment is critical to convey the impact of federal funding on advances in research. If you have not already done so, please add this statement provided [at this link](#) to your manuscripts and presentations.
