Do you want to learn more about NIH research grants? Please attend a grant workshop focusing on the [R15 mechanism](#). We will have a panel of experienced R15 researchers and reviewers as well as a member of the OSPR staff. There will be at least two sets of successful teams: I-Fen Lin and Susan Brown (Sociology) and Hans Wildschutte (Biological Sciences). The workshop is targeted at faculty and staff who are planning or thinking about writing a research grant. Please RSVP to cldr@bgsu.edu so we have a count for handouts.
