New Deadline for Building Strength Course Release Grant Program: Monday, March 9

This new Building Strength grant is designed to help faculty members prepare a major external grant proposal in support of their research/creative activities. The exclusive purpose of the [Grant Writing Course Release award](#) is to provide a faculty member with time to write an external grant proposal. Pending chair and dean approval, these funds will provide replacement costs for a faculty member to receive one course release as an external proposal is being prepared. Faculty may request either the Fall AY20/21 semester or the Spring AY20/21 semester.
