

CFDR Update: April 10, 2020

Faculty Development Award Related to COVID-19 – Applications due May 1st

The CFDR has funds available for small projects *related to COVID-19*, with budgets ranging from \$7,500-10,000 as part of our P2C Population Infrastructure Award. Application requirements can be found on our [website](#).

Online Training in Statistics and Quantitative Methods from ICPSR

In response to the COVID-19 pandemic, the ICPSR Summer Program is offering its first and second four-week sessions online in 2020. No four-week courses will meet in-person. They are offering 40+ courses online. [Course Schedule](#)

Affiliates and Students: Acknowledgment Statement Required for Manuscripts and Presentations

Affiliates and students at NICHD-funded population centers are required to acknowledge population infrastructure support in all of their papers and presentations, including those in which the first author is not a CFDR affiliate. Such acknowledgment is critical to convey the impact of federal funding on advances in research. If you have not already done so, please add the statement provided [at this link](#) to your manuscripts and presentations.

CFDR Workshop Handouts and Slides Available on the CFDR Website

CFDR may not be able to hold any in-person workshops right now, but slides from past workshops are available on our [Workshop Series Resources](#) page and also in the [Workshop Archive](#).
