### **Penn State's 28<sup>th</sup> Annual Symposium on Family Issues, Oct 26-27, 2020**

**Causes and Consequences of Parent-Child Separations: Pathways to Resilience:** The 2020 Symposium on Family Issues focuses on circumstances of parent-child separation that have become increasingly evident in the social-political-economic context of the 21st century, namely parental incarceration, migration and deportation, and military deployment. Dr. Jennifer Copp, CFDR affiliate and former BGSU student, will be one of the speakers. The Family Symposium will be virtual and is free to everyone. More details registration are at this [link](#).

### **Affiliates and Students: Acknowledgment Statement Required for Manuscripts and Presentations**

Affiliates and students at NICHD-funded population centers are required to acknowledge population infrastructure support in all of their papers and presentations, including those in which the first author is not a CFDR affiliate. Such acknowledgment is critical to convey the impact of federal funding on advances in research. If you have not already done so, please add the statement provided [at this link](#) to your manuscripts and presentations.
