- [Jessica Calarco, PhD](#), Indiana University
- [Liana Christin Landivar, PhD](#), Maryland Population Research Center
- [Daniel Carlson, PhD](#), The University of Utah
- [Breanna Boppre, PhD](#), Wichita State University

Call for Papers: “Life Course Analysis: Theoretical perspectives, methodological innovations, and empirical applications”

The Max Planck Institute for Demographic Research (MPIDR) invites submissions for its conference “Life Course Analysis: Theoretical perspectives, methodological innovations, and empirical applications” that will take place October 26-27, 2021. More information and application instructions are at this [link](#). Submission deadline: May 31, 2021.

PAA Practice Talks – April 19

Monday, April 19, 12:30-2:30 pm

Facilitator: Dr. Kelly Balistreri

Online

Affiliates and Students: Acknowledgment Statement Required for Manuscripts and Presentations

Affiliates and students at NICHD-funded population centers are required to acknowledge population infrastructure support in all of their papers and presentations, including those in which the first author is not a CFDR affiliate. Such acknowledgment is critical to convey the impact of federal funding on advances in research. If you have not already done so, please add the statement provided [at this link](#) to your manuscripts and presentations.
