Free Webinar on Linking CPS (to CPS and ATUS): A Brief Overview – April 21

Learn more about linking across months of Current Population Survey (CPS) data and linking CPS to data from the American Time Use Survey (ATUS). This workshop will include an overview of the CPS rotation pattern and the work IPUMS has done to simplify CPS linking as well as information about why and how ATUS data can be linked to CPS. The webinar will be held on April 21, 2021, from 2 pm – 3 pm. [Registration is required.](#)

IPUMS Research Network for Studying Aging

The Network for Data-Intensive Research on Aging (NDIRA) will support an emerging interdisciplinary community of scientists using novel collections of cross-sectional, longitudinal, and contextual data for research on population aging. NDIRA will bring established scholars of aging together with scholars new to the field and introduce them to data that are fundamental to understanding health outcomes at older ages. More information is at this [link](#).

CFDR Workshop Handouts and Slides Available on the CFDR Website

CFDR may not be able to hold any in-person workshops right now, but slides from past workshops are available on our [Workshop Series Resources](#) page and also in the [Workshop Archive](#).
