

CFDR Update: August 20, 2021

Transition Your eRA Account to New Two-Factor Authentication

NIH has begun transitioning to Login.gov, a 2-factor authentication for logging in to eRA Commons, ASSIST, MyNCBI, MyBibliography and other Federal systems. It's a simple, one-time, three-step process to associate your eRA account with your Login.gov account. Go to the [eRA Commons home screen](#), click on LOGIN.GOV, and follow the on-screen prompts. More details are on this [cheat sheet](#). Webpage: [Two-Factor Authentication: Accessing eRA Modules via Login.gov](#)
