ICPSR Summer 2022 Program

This year's ICPSR Summer Program will be in a hybrid format, with in-person classes for those who can attend in Ann Arbor and online access in either a synchronous or asynchronous mode. Check out the [2022 schedule and the course descriptions](#) for further information about this year's program content, including instructors, dates, and daily schedules.

Affiliates and Students: Acknowledgment Statement Required for Manuscripts and Presentations

Affiliates and students at NICHD-funded population centers are required to acknowledge population infrastructure support in all of their papers and presentations, including those in which the first author is not a CFDR affiliate. Such acknowledgment is critical to convey the impact of federal funding on advances in research. If you have not already done so, please add the statement provided [at this link](#) to your manuscripts and presentations.
