Call for Proposals: Conference on Emerging Adulthood
The Society for the Study of Emerging Adulthood invites proposal submissions for the 11th Conference on Emerging Adulthood. The conference theme is “Flourishing in Context: A Strengths-Based Approach to Emerging Adulthood” and it will take place in San Diego from June 15-17, 2023. The call for proposals and more information about the conference are at this link: http://www.ssea.org/conference/2023/call.html

Household Pulse Survey Phase 3.5 Monthly Data Release
The U.S. Census Bureau released new data from phase 3.5 of the experimental Household Pulse Survey (HPS). Phase 3.5 includes new questions on timing of positive coronavirus test, use of coronavirus treatments, the experience of long-COVID symptoms, amount of monthly rent and changes in monthly rent, children's mental health and difficulty with self-care and communicating. Questions related to food expenditures were reinstated this phase. Click here to learn more.
