### **New Add Health Data Release**

The following data are now available to Add Health contract researchers:

#### **Wave I & II School District Grouping Data**

Current Add Health investigators can log in to the [CPC Data Portal](#) and use the “Request More Data” button to order this dataset. To facilitate clustering by school district, the school district identifiers comprising this file are based on the Local education agency identification numbers (LEAID) of the school districts in which the Wave I school, Wave I residence, and Wave II residence were situated.
