

CFDR Update: July 28, 2023

---

### **ACLS Fellowships – Applications due September 28**

The American Council of Learned Societies Fellowship program invites research applications in all disciplines of the humanities and related social sciences. ACLS Fellowships are intended to help scholars devote six to twelve continuous months to full-time research and writing. Fellowship details and application information are at this link: <https://www.acls.org/competitions/acls-fellowships/>

---

### **Good Luck to Susan Brown, Sarah Hayford and the CFDR/OSU Team!**

In collaboration with the Institute for Population Research, our counterpart at Ohio State, Drs. Susan Brown and Sarah Hayford (OSU) submitted a P2C application to NICHD to launch the Ohio Population Consortium (OPC). The new Consortium will widen the research networks of our faculty affiliates and provide a more comprehensive set of activities and services to jumpstart large, multidisciplinary projects even as we achieve efficiencies through a shared resources model.

---

### **Affiliates and Students: Acknowledgment Statement Required for Manuscripts and Presentations**

Affiliates and students at NICHD-funded population centers are required to acknowledge population infrastructure support in all of their papers and presentations, including those in which the first author is not a CFDR affiliate. Such acknowledgment is critical to convey the impact of federal funding on advances in research. If you have not already done so, please add the statement provided [at this link](#) to your manuscripts and presentations.
