Instructor: Hsueh-Sheng Wu

Monday, September 18, 12:30-1:30 pm

CFDR Conference Room, 7C Williams Hall

De Jong Lecture in Social Demography – October 4

Dr. Sara Curran, University of Washington, will be the guest speaker at Penn State's 2023 De Jong Lecture in Social Demography. Her presentation is titled, "Reflections on Necessary, Next Generation Population & Environment Research Agendas." [Click here for more details and to register.](#)

Use SciENcv for Biosketches

Beginning October 23, 2023 both NIH and NSF will require use of SciENcv for preparation of biosketches and current and pending support /other support documents. Any grant submitted after that point will require biosketches in this format. Although SciENcv is required in October, it is allowed and preferred now. You can even connect SciENcv to your [ORCID](#) ID for convenience and allow delegate access to help update your documents if needed. It is expected that other funding agencies will soon require this format as well.

SciENcv is here: <https://www.ncbi.nlm.nih.gov/sciencv/>

FAQs are here: <https://resources.research.gov/common/attachment/Desktop/SciENcv-FAQs.pdf>

Brief training from NSF on how to use SciENcv: <https://www.youtube.com/watch?v=bhWQYvEEtJs>

BGSU Affiliates: Need a New Desk?

The CFDR has a desk with two small filing cabinets that might be right for your office. Please contact our office if you are interested: cfdr@bgsu.edu.
