BA in CS Course Map (with relevant degree requirements)
This map shows the typical course sequences for BA/CS majors. The core CS courses requires a grade of C or higher to advance to the next course. The arrows indicate prerequisite(s) (solid arrows) or co-requisite(s) (dotted arrows).

WRITs and foreign language sequences (4 courses in same language) should be completed in early years. Both MATH1340(3) & 1350(3) or MATH1310(5) (or MATH 1260(3)) can be taken for Calc I req. MATH2470(3), MATH 3410(3), or both BA2110(3) & 2120(3) can be taken for Stat req. There are (4)+(4) or (5)+(5) credits natural science lab sequence courses. CS 3350 is a prereq of CS 4770. CS 3540 and CS 4620 are prereq of SE 4770. Both CS4770 & SE 4770 require a min. of 15 credits of 3000-level or higher CS courses.
