Step 3: Select whether you will meet with students via appointments.

Step 4: Choose the location where you will be available. *Please note that you will need to setup a separate availability for virtual appointments. You can select "Virtual Appointment" under the location tab to do so.*

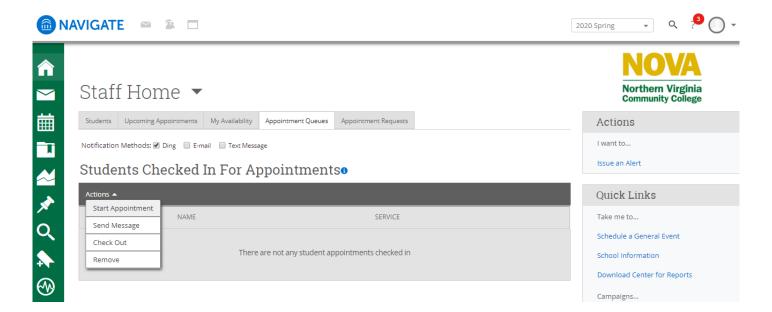

Step 5: Lastly, select which student services you can provide to students during this availability. Note: **Please be** very specific in you service selection. The services that say Advising or Counseling are specific for the professional advisors and counselors. Do not pick these services or you will have man random students requesting appointments. You will need to select each service manually for your availability so a student can make an appointment for the appropriate service.

Step 6: Click the Save button.

Managing Appointment Queues

Once students have checked in for appointments, click on the Appointment Queues tab and click "start appointment" under Students checked in for appointments as shown below. You can also send a message to students, check out students, and remove a student from a queue (not recommended as data record is deleted in Navigate).

Advisor Reports

At the bottom of the Advising Home page is an area called Reporting. This is where you will find a listing of all your previous advising appointments, the advising reports you have filed or have yet to be filed.
