Brief Explanation /Rationale for the Overload Request: _____

I understand that this academic load is hours over the maximum allowed and that I have been advised the overload may prove detrimental to my accumulative grade point average. I sign this agreement with full knowledge that if my request is denied, or if I later choose to drop one of the courses creating the overload, I must withdraw from the course within the time stated in the University's Undergraduate Catalog or be withdrawn-failing (WF).

All hours beyond 18 are charged an extra fee by the Bursar.

An entering freshman is restricted to a maximum of 18 hours. After the first semester, the college office receives more than the maximum may be carried if the accumulative GPA warrants it and approval. As a guide, approval **will** be granted based on the following criteria:

- 15-16 hours on warning or probation
- 19 hours 2.5 GPA (or 2.0 if 19th hour is HPE)
- 20 hours 3.0 GPA
- 21 hours 3.5 GPA
- 22 + hours needs Associate Dean's approval
