INTRODUCTION

The Bowling Green State University Academic Year in Salzburg, Austria, is designed to help American students perfect language skills in German and gain first-hand knowledge of the culture of German speaking countries, while earning college credit in a variety of subject areas. Classes are taught in German by Austrian professors and the American Director. Students are housed in dormitories with Austrian students.

The Bowling Green Salzburg Program is officially recognized by the University of Salzburg. The program will be in its eleventh consecutive year of operation during 1978-79. A new feature of the program is its liaison with the Mozarteum, one of the finest schools of music in Europe. Qualified students of music enrolled in the program may now receive instruction at the Mozarteum.

The University of Salzburg, originally founded in 1622 and re-opened in 1962, offers courses in the liberal arts, sciences, law and theology. The city of Salzburg, with a population of 140,000, is equally famous as a cultural center and as a vacation city. For years Salzburg's music and drama festivals (Salzburger Festspiele) have attracted visitors from all over the world, and the nearby mountains offer excellent facilities for hiking and skiing. Salzburg is located in the northcentral section of Austria, in the heart of central Europe, and is only a few short hours from Munich, Vienna, Prague, Venice, Innsbruck, and many other well-known European cities.

SPECIAL PROGRAM FEATURES

- 1) The student need not be a German major or minor to participate.
- 2) The program offers a balanced curriculum of especially designed courses in the German language, literature and culture, as well as offerings in history, music, art, education, political science, and geography. The program guarantees a full year's academic work.
- 3) Linguistically qualified students may also enroll in regular University of Salzburg courses in lieu of some of the program offerings.
- 4) The program is supervised by an American professor familiar with American and European university life.
- 5) Group travel to places of cultural interest and group outings are regular features of the program; yet, the generous vacations at Christmas, Easter and between semesters allow ample time for independent travel.
- 6) Housing arrangements encourage contact with Austrian students (in most cases, participants will have an Austrian roommate).
- 7) In general, the program offers the opportunity, while still a student, to spend a year in Europe. Former students look back on this experience as one of the best things that has ever happened to them!

ADMISSION REQUIREMENTS

The BGSU Salzburg Program is open to students from all accredited colleges and universities who (1) are in good academic standing at their home institution, (2) will have at least sophomore standing, and (3) will have completed at least two years of college German, or the equivalent, by the time the program begins.

Participants will be asked to use German throughout their study abroad. All students are expected to abide by regulations governing the program, and the sponsoring institutions reserve the right to require the withdrawal of any student whose personal or academic conduct, including excessive absences, warrants such action.

BGSU students planning to participate in the program should enroll in German 300 (Introduction to Study Abroad) for one credit hour in Spring Quarter, 1978.

PROGRAM OF STUDIES

The list of course offerings on the next page represents the courses normally offered by the BGSU Salzburg staff. These courses are taught specifically for students in the BGSU program by instructors who are sensitive to the initial difficulties students may encounter while studying in a foreign language. While the list is subject to minor changes, students are assured that they will be able to earn at least 30 semester hours (45 quarter hours) for the academic year. The academic load for a regular undergraduate student will normally be a minimum of 15 hours per semester. Students should meet with their academic advisors as soon as possible to plan their programs carefully so that all requirements can be met.

Other alternatives exist for obtaining academic credit in the Salzburg program. Students may engage in study projects, for example, in sociology or cultural anthropology, under a professor from their home institution, provided such projects are submitted for approval well in advance, and arrangements can be made to give Bowling Green credit for them.

Students who pass the language proficiency exam of the University of Salzburg also qualify to take courses regularly offered by the University of Salzburg. Students with two years of college German or the equivalent are generally able to pass this exam by the end of the first semester.

The university sports facilities and intra-mural sports programs are available to students in the BGSU Salzburg program, as are all other university activities such as music groups, clubs, etc.

FINANCIAL ASSISTANCE

BGSU students who hold university or state scholarships retain these awards while in the Salzburg Program. Students who have other scholarships or loans should check with the sponsoring agency to see if they can be applied to the program costs. There is a possibility that a small number of modest scholarships will be offered to BGSU students in 1978-79. If these become available, applications will be accepted in late February. Out-of-state students accepted into the program will receive a one-half fee waiver (= \$600). Non-resident fees for the full year would normally be \$1200.

SCHEDULE OF PAYMENTS

The application for admission to the BGSU Salzburg Program must be accompanied by an application fee in the amount of \$25.00.
