Position Title: Full-time Instructorship beginning August 2016.

Position Description/Announcement: The Department of Mathematics and Statistics at Bowling Green State University is hiring one full-time instructor, beginning August 2016. The successful candidate will work closely with the Director of Foundational Mathematics to ensure student success in emporium-based courses, which include Pre-algebra, Basic Algebra, Intermediate Algebra and College Algebra, with possibilities of Precalculus, Introduction to Statistics, Calculus I and II. She or he will typically have a load of 12 credit hours, teaching math emporium combined courses per semester.

Qualifications: A Master’s degree or PhD in Mathematics, Mathematics Education, or Statistics and experience teaching a variety of mathematics and statistics courses. A successful candidate must have experience teaching both math emporium and traditional classes.

The initial appointment is for one academic year (AY 2016-2017) and is contingent upon adequate student enrollment. Renewal for additional terms is possible, depending on performance and student enrollment.

Starting Date: August 2016.

Please apply online at http://www.mathjobs.org and submit a letter of application, curriculum vita, statement(s) on teaching and scholarly activities, copies of official transcripts showing highest degree earned and three current letters of reference. Official transcripts and original letters of reference will be required from successful candidates later. Deadline for applications is March 13, 2016.

Final candidates are required to authorize and pass a background investigation prior to an offer of employment.

BGSU is an AA/EEO/Vet employer. We encourage applications from women, minorities, veterans, and individuals with disabilities regardless of age, gender identity, genetic information, religion, or sexual orientation.
