

CURRICULUM VITAE

VERNER PETER BINGMAN

1 September, 2022

Distinguished Research and Helen C. Seitz Endowed University Professor

Department of Psychology
Bowling Green State University
Bowling Green, Ohio 43403

Telephone: (419) 372-2301
Fax: (419) 372-6013
E-mail: vbingma@bgsu.edu

Date of Birth: 13 August 1954

Place of Birth: New York, New York

EDUCATION

B.S. in Zoology, with Honors
University of Wisconsin-Madison, 1976

M.S. in Zoology
State University of New York-Albany, 1978

Ph.D. in Zoology
State University of New York-Albany, 1981

RESEARCH SUPPORT

Ohio Sea Grant Proposal Funding entitled: “The Effects of Lake Erie’s Island Archipelago on the Flight Orientation of Nocturnal Migratory Songbirds”, \$10,000, 2022-2023.

United Arab Emirates University Program for Advanced Research 2021 entitled: “Landscapes, Nocturnal Flight and the Navigational Mechanisms of Homing Pigeons (I am Co-PI, the PI is Professor Sofyan Alyan at United Arab Emirates University), \$245,000, 2022-2026.

NSF Research Grant entitled: “Collaborative Research: Navigation and the Neural Integration of Multimodal Sensory Information in the Brain of an Arthropod” (co PIs D. Wiegmann, E. Hebets and W. Gronenberg), Bowling Green portion \$270,000, 2015-2021.

National Geographic Society Grant entitled “Buttress-Bound: Vertebrate-like Navigation by the Nocturnally Active, Neotropical Whip Spider, *Phrynus neoparvulus*” (co PIs D. Wiegmann and E. Hebets), \$18,000, 2014-2015.

NSF Research Grant entitled “The Magnetic Sense of Homing Pigeons and its use in Map Navigation” (co-PI Cordula Mora), \$450,000, 2009-2013.

DARPA Research Grant entitled “UV-Light Sensitivity and Goal Localization Behavior in Homing Pigeons”, \$235,000, 2006-2008.

NSF Research Grant entitled “Hippocampal Representation of Space in Birds: An Electrophysiological Analysis”, \$410,000, 2000-2007 (carried over as no-cost extension).

NSF SGER Grant entitled “Collaborative Research: Sleep in Nocturnal Bird Migrants: An Interdisciplinary Study” (co-PI Frank Moore of Southern Mississippi), \$20,767, 2003-2006.

NATO Collaborative Linkage Grant entitled “Hippocampus and the Memory Representation of Space”, (together with colleagues from Italy and Morocco), \$11,200, 2001-2006.

RESEARCH SUPPORT (cont.)

NSF Research Grant supplement “Research Experience for Undergraduates”, 1999, 2000, 2002.

NSF Research Grant entitled “Electrophysiological Survey of Avian Hippocampal Neurons”, 1998-2000.

NIH Research Grant entitled “Brain Mechanisms of Spatial Learning”, 1996-1998.

Bowling Green State University Research Challenge Grant entitled “Cholinergic Regulation of Learning and Memory Processes”, 1996-1999.

NATO Collaborative Research Grant entitled “Navigation and Brain in Homing Pigeons”, 1994-2000.

NSF Research Grant supplement "Research Experiences for Undergraduates", 1992, 1993.

NSF Research Grant entitled "The Role of the Hippocampus in the Development of the Homing Pigeon Navigational Map", 1991-1993.

Bowling Green State University Basic Grant, 1990, 1991, 1995.

Bowling Green State University Biomedical Research Grant, 1991.

Bowling Green State University Research Challenge Grant, 1990.

NSF Research Grant entitled "Homing Performance of Pigeons Following Hippocampal Ablation", 1986-1989.

Equipment Grant from the General Electric Corporation, 1980.

Frank M. Chapman Research Award, 1979-1980.

FELLOWSHIPS

Fulbright Fellowship (Senior Researcher/Lecturer), Seoul National University, Seoul, South Korea, 2021.

Alexander von Humboldt Alumni Renewal Fellowship, Bochum, Germany, 2013.

Fulbright Fellowship (Senior Researcher/Lecturer), Instituto de Biología y Medicina Experimental, Buenos Aeries, Argentina, 2012.

William Evans Fellowship, Otago University, Dunedin, New Zealand, 2005; 2013.

BBSRC International Research Fellowship, University of Cardiff, Wales, 2005.

FELLOWSHIPS (cont.)

Leverhulme Visiting Professor, University of Cardiff, Wales, 2004.

Macquarie University Visiting Research Fellowship, Sydney, Australia, 2004.

Fulbright Fellowship (Senior Lecturer), University of Seville, Spain, 1997.

NIH Post-doctoral Fellowship for proposal entitled "Visual and Cognitive Performance of Hippocampal Ablated Pigeons", 1985-1987.

Italian National Research Council Visiting Research Fellowship, 1985, 1987.

European Science Foundation Fellowship in Brain-Behavior Research, 1984.

Alexander von Humboldt Fellowship from the Federal Republic of Germany, 1982-1984.

E. N. Huyck Preserve Fellowship, Rensselaerville, New York, 1979-1981.

PROFESSIONAL HONORS AND AWARDS

International Visiting Professor Award, University of Pisa, Italy, 2022

Awarded Helen C. Seitz Endowed University Professorship, 2018-2021

Elected Fellow of the Animal Behavior Society, 2017

Awarded Title of Distinguished Research Professor, 2008

Awarded Olscamp Research Award, Bowling Green State University, 2001

Nomination, Olscamp Research Award, Bowling Green State University, 2000

Awarded NSF travel grant to attend First International Congress of Neuroethology, 1986.

Awarded position to attend NATO advanced studies institute on "Cognitive Processes and Spatial Orientation in Animals and Man", 1985.

Student fellowship to attend European Science Foundation winter school on "The Ontogeny of Brain Mechanisms and Behavior", 1985.

Ben Smith Travel Award from the State University of New York-Albany, 1978, 1980.

Aaron M. Bagg Student Membership Award to the Wilson Ornithological Society, 1979.

American Ornithologists' Union Student Membership Award, 1978.

TEACHING EXPERIENCE

Assistant Professor, Associate Professor, Professor, now Distinguished Research Professor, Department of Psychology, Bowling Green State University (1989-present).

Taught the following courses:

- (1) Introductory Psychology
- (2) Introductory Psychology - Honors
- (3) Laboratory Methods in Psychology
- (4) Brain Mechanisms and Behavior with Laboratory Section
- (5) Neurobiology of Comparative Cognition (Graduate)
- (6) Molecular and Cellular Mechanisms of Learning and Memory (Graduate)
- (7) Animal Intelligence (Graduate/Undergraduate)
- (8) Basic Neuroscience and Cognition (Graduate)
- (9) Neuroethology (Graduate/Undergraduate)
- (10) Ornithology (Graduate/Undergraduate)
- (11) Psychology of Space and Time (Graduate/Undergraduate)
- (12) Cognitive Neuroscience
- (13) Behavioral and Neural Genetics

Graduate Faculty, Department of Biological Sciences, Bowling Green State University (1993-present).

Adjunct Faculty, Medical University of Ohio (MUO) (1995-present).

Visiting Professor, Department of Biology, University of Pisa, Italy (2022)

Visiting Professor, Department of Brain and Cognitive Sciences, Seoul National University, Seoul, South Korea (2021). Taught course on "Seminars in Systems Neuroscience II: Development and Change in Cognition Across the Lifespan".

Visiting Professor in Psychology and Zoology, University of Salzburg, Austria (1992, 1996, 1998, 2001, 2003, 2006-2017). Taught graduate/undergraduate courses in Neuroethology, Spatial Behavior in Animals and Man, Comparative Cognition and The Molecular and Cellular Basis of Learning and Memory.

Fulbright Senior Lecturer in Behavioral Neuroscience, Instituto de Biología y Medicina

Experimental (IBYME-CONICET) and the University of Buenos Aires, Argentina (2012).
Taught course on the neurobiology of spatial memory.

Department of Psychology, University of Alaska-Anchorage (2004). Taught course on “Dementia and Aging: The Hope of Neuroscience”.

La Suerte Biological Field Station, Costa Rica (2001, 2002). Taught course on “Rain Forest Ecology”.

Fulbright Senior Lecturer in Psychology, University of Seville, Spain (1997). Taught course on “Neuroethology”.

Visiting Professor in Psychology, University of Arizona (1996). Taught graduate seminar in “Neuroethology of Spatial Behavior”.

Visiting Professor, Department of Ethology, Ecology and Evolution and Department of Physiology, University of Pisa, Italy (1985, 1988). Taught graduate course in Neuroethology.

Instructor, Department of Psychology, University of Maryland-College Park (1985-1989).

Taught the following courses:

- | | |
|---------------------------------|--|
| (1) Introductory Psychology | (5) Sensation and Perception |
| (2) Developmental Biopsychology | (6) Biological Bases of Behavior (Physiol. Psych.) |
| (3) Conditioning and Learning | (7) Graduate Psychophysiology |
| (4) Memory and Cognition | |

Lecturer, University of Maryland-European Division (1984) Taught undergraduate course in Environmental Science.

Graduate Teaching Assistant, Department of Biological Sciences, SUNY-Albany (1976-1981).

Assisted and Lectured for courses in:

- (1) Introductory Biology
- (2) Animal Behavior (also developed associated laboratory)
- (3) Ecology

Additionally, directed student research for Zoology Institute, University of Frankfurt, Frankfurt am Main, Federal Republic of Germany (1982-1983) and Department of Ethology, Ecology and Evolution, University of Pisa, Italy (1984-1987).

TEACHING HONORS

McDonald Hall Professor of the Year, 2001

Nominated for Bowling Green Outstanding Contributor to Graduate Education Award,
1996

Psychology Department Professor of the Year, 1992

Nominated for Master Teacher Award, Bowling Green State University, 1991, 1992, 2013

Nominated for University of Maryland Excellence in Teaching Award, 1989

Ph.D. GRADUATES

Cheri Budzynski, was Assistant Professor, Heidelberg College, OH, now practicing environmental law

Gino Coppola, currently Assistant Professor, Psychology, University of Findlay

Thomas Fuchs, currently Post-doc, University of Pittsburgh

David Gesicki, currently Assistant Professor, Butler County Community College, PA

Meghan Kahn, currently Assistant Professor, Indiana University Southeast

Emlee Kohler, currently Associate Professor, Psychology, Franklin Pierce College, NH

Daniele Nardi, currently Assistant Professor, Ball State University

Lauren Riters, currently Associate Professor, Zoology, Univ of Wisconsin-Madison

Jennifer Siegel, currently Research Assistant Professor, University of Texas-Austin

Rosemary Strasser, currently Associate Professor, Psychology, University of Nebraska-Omaha

POST-DOCS

Tammy Jechura, currently Associate Professor, Albion College, Michigan

Juan Pedro Vargas (Fulbright scholar-Spain), currently Associate Professor, University of Seville, Spain

Giovanni Casini, currently Associate Professor, Biology, University of Pisa, Italy

Gerald Hough, currently Associate Professor, Rowan College, New Jersey

Gary Ten Eyck, currently Assistant Professor, University of Idaho

Doug Nitz, currently Professor, UC-San Diego

PROFESSIONAL SOCIETIES

Society for Neuroscience

Animal Behavior Society

American Ornithologists' Union

JOURNAL EDITORIAL BOARD MEMBER

PRESENTATIONS AT SCIENTIFIC MEETINGS (See also invited talks)

The morning flight behavior of nocturnal passerine migrants in eastern New York. American Ornithologists' Union, Madison, Wisconsin, 1978.

Ontogeny of orientation in hand-reared Savannah sparrows. Mini-symposium on Orientation and Navigation, Rockefeller University, Millbrook, New York, 1980.

Wind drift compensation and the use of landmarks by nocturnal migrants (with K. Able and P. Kerlinger). American Ornithologists' Union, Fort Collins, Colorado, 1980.

Early experience as a determinant of the migratory orientation behavior of savannah sparrows. Animal Behavior Society, Knoxville, Tennessee, 1981.

Earth's magnetism and the sunset orientation behavior of hand-reared and wild-caught migratory savannah sparrows. XVIII International Ornithological Congress, Moscow, U.S.S.R., 1982.

Zur Zugorientierung der Heckenbraunelle zur Zeit des Sonnenunterganges (Sunset orientation behavior of migratory hedge sparrows). Deutsche Ornithologen Gesellschaft, Erlangen, Federal Republic of Germany, 1983.

Dorsomedial cortex and the homing behavior of pigeons. Italian Ethological Society, Torino, Italy, 1983.

The avian hippocampal-parahippocampal complex, pigeon homing and cognitive maps. European Science Foundation Winter School on The Ontogeny of Brain Mechanisms and Behaviour. Zuoz, Switzerland, 1985.

Homing performance of hippocampal ablated pigeons with special reference to deficits following pre- and post-ablation training from a familiar site. NATO Advanced Study Institute on Cognitive Processes and Spatial Orientation in Animal and Man, Aix en Provence, France, 1985.

Neurobiological aspects of pigeon homing behavior (with a large group of others). International Ethological Congress, Toulouse, France, 1985.

The avian hippocampus: its role in the neural organization of homing pigeon spatial behavior. XIX International Ornithological Congress, Ottawa, Canada, 1986.

The pigeon hippocampus and homing behavior. First International Congress of Neuroethology. Tokyo, Japan, 1986.

The avian hippocampus and insights into its role in pigeon homing behavior. International Ethological Congress. Madison, Wisconsin, 1987.

-
- Spatial behavior after hippocampal lesions in homing pigeons. Society for Neuroscience Meeting. New Orleans, Louisiana, 1987.
- The immunohistochemistry and cytoarchitecture of the avian hippocampus (with J. Krebs and J. Erichsen). Society for Neuroscience Meeting. New Orleans, Louisiana, 1987.
- Anticholinergic treatment mimics the effect of hippocampal ablation on the homing behavior of pigeons (with L. Chaves, J. Erichsen and J. Krebs). Society for Neuroscience Meeting. Phoenix, Arizona, 1989.
- Hippocampal lesions impair navigational map development in homing pigeons (with P. Ioalé, G. Casini and P. Bagnoli). Society for Neuroscience Meeting, St. Louis, Missouri, 1990.
- Behavioral and anatomical evidence for a homing pigeon olfactory map in Ohio. (with A. Mackie and G. Casini). Animal Behavior Society Meeting, Wilmington, North Carolina, 1991.
- Connections of the homing pigeon olfactory cortex studied with WGA-HRP and fast blue. (with G. Casini, C. Nocjar and T.-J. Jones). Society for Neuroscience Meeting, New Orleans, Louisiana, 1991.
- The role of the hippocampus in avian navigational learning. Society for Experimental Biology, Canterbury, England, 1993.
- The NMDA-receptor antagonist MK-801 blocks navigational learning in homing pigeons (with L. V. Riters). Society of Neuroscience Meeting, Washington, D.C., 1993.
- Binding of (³H)(R) - quinuclidinyl benzilate and pirenzepine to pigeon brain membranes (with E. C. Kohler and W. S. Messer). Society for Neuroscience Meeting, Washington, D.C., 1993.
- Hippocampal lesions impair sun compass learning in homing pigeons (with T.-J. Jones). Society for Neuroscience Meeting, Washington, D.C., 1993.
- Influence of pre-and/or post-weaning polychlorinated biphenyl on basal forebrain and hippocampal choline acetyltransferase activity in 60 day old rats (with a large group of others). Society for Neuroscience Meeting, Washington, C.D., 1993.
- Homing in pigeons: Understanding the relationship between brain and spatial cognition. XVI Winter Animal Behavior Conference, Jackson Hole, Wyoming, 1994.
- Critical importance of the hippocampus for local navigational learning in young homing pigeons. (with P. Ioalé, G. Casini, P. Bagnoli and R. Strasser). Society for Neuroscience Meeting, Miami, Florida, 1994.
- Muscarinic acetylcholine receptor subtypes in the pigeon telencephalon: Distribution of pirenzepine-sensitive and AF-DX 116-sensitive sites (with E. C. Kohler and W. S. Messer). Society for Neuroscience Meeting, Miami, Florida, 1994.

- Orientation of American toad larvae (*Bufo americanus*) under sun and overcast: insights into the ontogeny of Y-axis orientation (with Hidetaka Mizohata). Midwest Regional Animal Behavior Society Meeting, Oxford, Ohio, 1995.
- A radar analysis of nocturnal bird migration in the Lake Erie region (with Windi Wojdak), Animal Behavior Society Meeting, Lincoln, Nebraska, 1995.
- Afferent connections and cognitive function of the pigeon neostriatum caudolaterale (with S. Leutgeb, S. Hudson, L. Ritters and T. Shimizu). Society for Neuroscience Meeting, San Diego, California, 1995.
- Distribution of neurotransmitters, related enzymes, and neuropeptides within the pigeon caudolateral neostriatum (with L. Ritters, J.T. Erichsen and J.R. Krebs). Society for Neuroscience Meeting, Washington, D.C., 1996.
- Age-related changes in cell proliferation in homing pigeons (with V. Simon, R. Strasser and D.A. Holtzman). Society for Neuroscience Meeting, Washington, D.C., 1996.
- The homing pigeon hippocampal formation and learning strategies for goal recognition (with R. Strasser). Society for Neuroscience Meeting, Washington, D.C., 1996.
- Homing pigeon visual relational learning is unaffected by hippocampal lesions (with C. Baker, L. Ritters and R. Strasser). Society for Neuroscience Meeting, Washington, D.C., 1996.
- Initial orientation of hippocampal ablated pigeons subjected to clock-shift treatment (with A. Gagliardo and P. Ioalé). Royal Institute of Navigation meeting on Orientation and Navigation-Birds, Humans and Other Animals, Oxford, England, 1997.
- Effects of zinc sulfate anosmia on the homing performance of pigeons in different climatic regions of the United States: evidence for global use of atmospheric odors (with S. Benvenuti). Royal Institute of Navigation meeting on Orientation and Navigation-Birds, Humans and Other Animals, Oxford, England, 1997.
- Polychlorinated biphenyls produce selective loss of hippocampal mossy fibers and impair maze navigation (with D. Pruitt). Society for Neuroscience Meeting, New Orleans, Louisiana, 1997.
- Comparative analysis of basal forebrain neurons containing GABA, ChAT, and calcium binding proteins in homing pigeons and rats (with L. McConkey, C. Budzynski and K. Pang). Society for Neuroscience Meeting, New Orleans, Louisiana, 1997.
- Homing pigeon spatial relational learning is affected by hippocampal lesions (with A. White and R. Strasser). Society for Neuroscience Meeting, New Orleans, Louisiana, 1997.
- Time of day discrimination learning and hippocampal lesions in homing pigeons *Columba livia* (with C. Budzynski). Society for Neuroscience Meeting, Los Angeles, California,

1998.

Transitivity learning is not impaired in homing pigeons with lesions to the hippocampal formation (with R. Strasser and J. Ehrlinger). Society for Neuroscience Meeting, Los Angeles, California, 1998.

Hippocampus and the migratory orientation of savannah sparrows. Winter Meeting on the Neurobiology of Learning and Memory, Park City, Utah, 1999.

Hippocampal unit firing properties in homing pigeons (with J.J. Siegel and D. Nitz). Society for Neuroscience Meeting, Miami, Florida, 1999.

The effect of wulst and ectostriatum lesions on sun compass learning and pattern discrimination (C.A. Budzynski). Society for Neuroscience Meeting, New Orleans, Louisiana, 2000.

This is what a pigeon brain looks like while navigating home: expression of an immediate-early gene protein during homing (with A.N. Bowers, C.A. Budzynski and T. Shimizu). Society for Neuroscience Meeting, New Orleans, Louisiana, 2000.

Unihemispheric sleep in homing pigeons? An EEG analysis of the wulst and hippocampus during sleep (with S.A. Bombich, T. Fuchs and J.J. Siegel). Society for Neuroscience Meeting, New Orleans, Louisiana, 2000.

Electrophysiological profile of avian hippocampal units: a comparative basis for regional subdivisions (with J.J. Siegel and D. Nitz). Society for Neuroscience Meeting, New Orleans, Louisiana, 2000.

Left and right hemispheric differences in navigational map learning in homing pigeons. (with J.J. Siegel, A. Gagliardo, P. Ioalé, F. Odetti, and G. Vallortigara). Society for Neuroscience Meeting, San Diego, California, 2001.

Connectivity among homing pigeon hippocampal subregions as determined by electrophysiological stimulation/recording techniques. (with G. Hough and K. Pang). Society for Neuroscience Meeting, San Diego, California, 2001.

Intrinsic connections of the homing pigeon hippocampus: An anterograde pathway tracing study. (with G.R. Ten Eyck and M.C. Kahn). Society for Neuroscience Meeting, San Diego, California, 2001.

Radial glia and neurogenesis-like labeling in the hippocampus of adult homing pigeons. (with M.C. Kahn and G.R. Ten Eyck). Society for Neuroscience Meeting, San Diego, California, 2001.

Lateralization of landmark spatial learning strategies in the hippocampus of homing pigeons. (with M.C. Kahn). Society for Neuroscience Meeting, Orlando, Florida, 2002.

-
- Space-specific single-unit activity in the homing pigeon hippocampus: A first order analysis. (with J.J. Siegel, G Hough and D. Nitz). Society for Neuroscience Meeting, Orlando, Florida, 2002.
- Neural responses of homing pigeon hippocampal neurons: goals, paths and locations. (with G Hough). Society for Neuroscience, New Orleans, Louisiana, 2003.
- Lateralized response properties of hippocampal neurons recorded from freely behaving pigeons. (with J Siegel and D Nitz). Society for Neuroscience, San Diego, California, 2004.
- Single unit recording in the hippocampus of homing pigeons moving through an open field setting. (with T Jechura, J Siegel and M Kahn). Society for Neuroscience, San Diego, California, 2004.
- Hemispheric differences in the homing pigeon hippocampus: Single unit data from an open field environment (with M Kahn, J Siegel and T Jechura). Society for Neuroscience, Washington, D.C., 2005.
- Effects of light cue rotation on spatial response profiles of individual neurons in the homing pigeon hippocampus (with G Hough). Society for Neuroscience, Washington, D.C., 2005.
- Brain-behavior adaptation to naturally occurring sleep loss in the Swainson's thrush (*Catharus ustulatus*) (with T Fuchs, A Haney, T Jechura and F R Moore). Society for Neuroscience, Washington, D.C., 2005.
- The avian hippocampus: Space or spatial salience? (with D. Nardi). Annual International Conference on Comparative Cognition, Melbourne, FL, 2006.
- Pigeon encoding of a goal location: The relative importance of boundary geometry and the vertical dimension of slope. (with D. Nardi). Annual International Conference on Comparative Cognition, Melbourne, FL, 2008.
- Migratory behavior as a factor influencing the evolution of avian brain organization. (with G. Bernroider, J. D. Ross, R. Fuchs, H. Winkler and B. Helm). Royal Institute of Navigation Conference: Orientation & Navigation Birds, Humans and other Animals, Reading, United Kingdom, 2008.
- Detection of terrestrial magnetism in migrating birds: Is it a question of vision? (with S. Migalski, T. Meydan and J. T. Erichsen). International Magnetism Conference, Madrid, Spain, 2008.
- Collision course? Assessing wind development impact on migrant birds along the Lake Erie coast. (with J. Ross). 69th Midwest Fish and Wildlife Conference, Columbus, Ohio, 2008.
- Feature-based encoding of goal quality is unaffected by hippocampal lesions in homing pigeons. (with J. Spencer). Society for Neuroscience, Chicago, IL, 2009.

-
- The avian hippocampus and representing the quality of goal locations. (with M. Kahn). Society for Neuroscience, Chicago, IL, 2009.
- Magnetic vision. (with J. Erichsen (speaker), S. Migalski and T. Meydan). European Conference on Magnetic Sensors & Actuators, Bodrum, Turkey, 2010.
- Can a homing pigeon's head movements serve as a measure of its behavioural response to changes in a magnetic field? (with T. Meydan, J. Erichsen and S. Migalski). European Conference on Magnetic Sensors & Actuators, Bodrum, Turkey, 2010.
- Spatial scale and the challenges of goal navigation in homing pigeons. 32nd Winter Animal Behavior Conference, Steamboat Springs, CO, 2010.
- The avian septal area and spatial working memory (with Ryan Peterson). Society for Neuroscience, San Diego, CA, 2010.
- Geomagnetic maps in birds: always present, sometimes present or illusion? 33rd Winter Animal Behavior Conference, Steamboat Springs, CO, 2011.
- Do homing pigeons (*Columba livia*) use the Earth's magnetic field to determine their position during homing? (with C. Mora). Royal Institute of Navigation Conference: Orientation & Navigation Birds, Humans and other Animals, Reading, United Kingdom, 2011.
- On landmarks and landscapes in avian navigation. 34th Winter Animal Behavior Conference, Steamboat Springs, CO, 2012.
- Detection of magnetic field intensity slope direction by homing pigeons in a "virtual magnetic map" during a novel spatial conditioning task (with C. Mora). International Congress of Neuroethology, College Park, MD, 2012.
- Conditioned detection of magnetic field intensity slope direction by homing pigeons in a novel "virtual magnetic map" task (with C. Mora). Society for Neuroscience, New Orleans, LA, 2012.
- Detection of magnetic field inclination by homing pigeons in a novel conditioning paradigm (with M. Acerbi and C. Mora). Society for Neuroscience, New Orleans, LA, 2012.
- Detection of magnetic field intensity cues by homing pigeons (*Columba livia*) in a virtual magnetic map environment (with C. Mora). Royal Institute of Navigation (RIN) 13-Bionav. London, UK, 2013.
- Conditioned discrimination of magnetic field inclination by homing pigeons (*Columba livia*) in a spatial orientation task (with M. Acerbi and C. Mora). Royal Institute of Navigation (RIN) 13-Bionav. London, UK, 2013.
- Nocturnal navigation in a complex environment by whip spiders (Order Amblypygi) (with D. Wiegmann, E. Hebets, E. Gering and J. Graving). Animal Behaviour Society, Boulder CO, 2013.

-
- Geometric orientation in amphibians: Evolutionary conserved spatial navigation? (with Rubén Muzio and Maria Inés Sotelo). XXV Congreso Internacional de la Sociedad Española de Psicología Comparada. San Sebastián, Spain, 2013.
- Mixed migration strategies in the eastern lark sparrow (with J. D. Ross, E. S. Bridge and M. J. Rozmarynowycz). 133rd Meeting of the American Ornithologists Union, Chicago, IL, 2013.
- Distribution of neurotransmitter receptors in the pigeon hippocampal formation: A further basis for comparison with mammals (with C. Herold, M. Sauvage, N. Palomero-Gallagher, K. Zilles and O. Güntürkün). Society for Neuroscience, San Diego, CA, 2013.
- Data fusion of IR and marine radar data (with many others). 2013 Asilomar Conference on Signals, Systems and Computers. Pacific Grove, CA, 2013.
- Regularized logistic regression based classification for infrared images (with many others). Asilomar Conference on Signals, Systems and Computers. Pacific Grove, CA, 2013.
- Update on magnetic intensity/inclination discrimination in homing pigeons: brain, behavior and relevance for migration (with Cordula Mora). 36th Winter Animal Behavior Conference, Steamboat Springs, CO, 2014.
- Multimodal sensory reliance in the nocturnal homing of the amblypygid *Phrynos pseudoparvulus* (with E. A. Hebets, and a large group of others). 51st Animal Behavior Conference, Princeton, NJ, 2014.
- Data fusion of acoustic, IR camera and marine radar. (with M. M. Jamali, G. Mirzaee, P. Gorsevski and J. R. Ross). 2014 Bird Strike Committee USA, Atlanta, GA, 2014.
- Navigation in amphibians: Geometry and local feature cues (with R.N. Muzio, I. Sotelo). XVII Meeting of the International Society for Comparative Psychology, Bogotá, Colombia, 2014.
- Spatial memory deficits in old homing pigeons (*Columba livia*): A novel experimental model for age-related cognitive decline (with V. Coppola). Society for Neuroscience, Washington, D.C., 2014.
- New insights into avian brain organization and its relevance for spatial cognition. 37th Winter Animal Behavior Conference, Steamboat Springs, CO, 2015.
- Further evidence for cognitive decline in old homing pigeons (*Columba livia*): Spatial-feature reference memory impairment (with M.E. Flaim, S.N. Carey and V. Coppola). Meeting of the Eastern Psychological Association, Philadelphia, PA, 2015.

-
- Use of slope as a navigational beacon in amphibians. (with M.I. Sotelo and R.N. Muzio). XXVII International Congress of the Spanish Society for Comparative Psychology, Seville, Spain, 2015.
- Amphibian spatial memory: Long-term retention of geometric and slope navigational information in the terrestrial toad *Rhinella arenarum* (with M.I. Sotelo and R.N. Muzio). XXVII International Congress of the Spanish Society for Comparative Psychology, Seville, Spain, 2015.
- Gross anatomical correlates of age-related spatial-cognitive decline in homing pigeons (*Columba livia*) (with V.J. Coppola, A.J. Schreiber and N. Kanyok). 2015 Society for Neuroscience Conference, Chicago, IL, 2015.
- The neuroecology of migration: The tale of the lark sparrow. 38th Winter Animal Behavior Conference, Steamboat Springs, CO, 2016.
- Neural processing of magnetic intensity and inclination cues by lesioned homing pigeons (*Columba livia*) in a magnetic conditioning paradigm (with Cordula Mora and Merissa Acerbi). Royal Institute of Navigation-RIN 16. London, United Kingdom, 2016.
- Nocturnal navigation by amblypygids (Class Arachnida, Order Amblypygi) (with Dan Wiegmann). Royal Institute of Navigation-RIN 16. London, United Kingdom, 2016.
- Avian forebrain processing of magnetic intensity and inclination information: Hippocampus, Wulst and an unexpected dissociation. (with Merissa Acerbi and Cordula Mora). 39th Winter Animal Behavior Conference, Steamboat Springs, CO, 2017.
- Differential wall-length discrimination in homing pigeons (*Columba livia*) (with Brittany Sizemore). 89th Annual Meeting of the Midwestern Psychological Association, Chicago, IL, 2017.
- Topographical influences on migratory orientation (with David Gesicki). 135th Stated Meeting of the American Ornithological Society, East Lansing, MI, 2017
- Importance of the antenniform legs, but not vision, for navigation by the neotropical whip spider, *Paraphrynus laevifrons* (with J. Graving, E. Hebets and D. Wiegmann). Meeting of the American Arachnological Society, Querétaro, Mexico, 2017.
- Reconstructing the evolution of the hippocampus: Structure and function of the amphibian medial pallium (with Inés Sotelo and Rubén Muzio). 40th Winter Animal Behavior Conference, Steamboat Springs, CO, 2018.
- Multi-sensory guidance of whip spider homing behavior (with Patrick Casto, Eileen Hebets and Dan Wiegmann). 2018 American Arachnological Society Meeting, Eastern Michigan University, Ypsilanti, MI, 2018.

Spatial navigation in amphibians: Hippocampal encoding of space based on conspecific vocalizations (with Inés Sotelo and Rubén Muzio). 2018 Congress for Neuroethology, Brisbane, Australia, 2018.

Tactile cues facilitate shelter discrimination in *Amblypygi* (Arthropoda: Arachnida) (with Kaylyn AS Flanigan and Dan Wiegmann). 2019 meeting of the Society for Integrative and Comparative Biology, Tampa, FL, 2019.

Evidence for distal-allocentric representation of refuge location in whip spiders (Arachnida: *Amblypygi*). (with Patrick Casto, Eileen Hebets and Dan Wiegmann). 2019 meeting of the Society for Integrative and Comparative Biology, Tampa, FL, 2019.

Shelter fidelity and homing mechanisms in *Phrynus pseudoparvulus* (Whip Spiders) (with Meghan E. Moore and Dan Wiegmann). 2019 meeting of the Society for Integrative and Comparative Biology, Tampa, FL, 2019.

Cluster N activity in nocturnal birds: Circadian control or facultative regulation? (with Madeleine Brodbeck, S. Yuan and Scott MacDougall-Shackleton). 2019 meeting of the Society for Integrative and Comparative Biology, Tampa, FL, 2019.

Birds over Lake Erie: Topographical awareness during migration. 41st Winter Animal Behavior Conference, Steamboat Springs, CO, 2019.

Cluster N activity in migratory white-throated sparrows: Circadian control or facultative regulation? (with Madeleine Brodbeck and Scott MacDougall-Shackleton). 10th RIN Conference on Animal Navigation. Royal Holloway College, United Kingdom, 2019.

Conditional temporal discrimination in pigeons (with Danielle Beckley, Kelsey Pogatzetz, Martin Acerbo and Olga Lazareva). Annual International Conference on Comparative Cognition, Melbourne, FL, 2019.

Migratory songbirds and the Earth's magnetic field: What activates Cluster N? (with Madeleine Brodbeck, S. Yuan and Scott MacDougall-Shackleton). Annual International Conference on Comparative Cognition, Melbourne, FL, 2019.

The sensory control of navigation in *Amblypygids* (with Dan Wiegmann and others). Behavior 2019 (56th Annual Conference of the Animal Behavior Society and 36th International Ethological Conference), Chicago, IL, 2019.

Insights into the sensory control of whip spider cognition (with Dan Wiegmann and Kaylyn Flanigan). 42nd Winter Animal Behavior Conference, Steamboat Springs, CO, 2020

The avian hippocampus and homing pigeon navigation: Perceptual or memory space? 43rd Winter Animal Behavior Conference, Steamboat Springs, CO, 2022.

A preliminary investigation of the cholinergic hypothesis of cognitive aging in birds (with Vincent Coppola and Daniele Nardi). Ohio Academy of Sciences Annual Meeting, Findlay, OH, 2022.

Whip spiders prefer geometric to feature information for goal-directed navigation (with many others) Midwestern Psychological Association Annual Conference, Chicago, IL, 2022.
