College of Technology, Architecture and Applied Engineering
Undergraduate Student Services

Application to Matriculate

To be admitted to the professional technology programs in the College of Technology, Architecture & Applied Engineering (CTAAE), students must meet matriculation standards. Matriculation is required before you will be permitted to enroll in 3000- and 4000-level courses in technology.

Matriculation in College of Technology, Architecture & Applied Engineering programs will become effective when a student has:

1. Attained an overall BGSU grade point average of at least 2.25 and a 2.5 within CTAAE,
2. Completed all courses in **BOLD** print listed on the program checksheet with a grade of "C" or better (Courses within the CTAAE may not be taken on the "S/U" basis.), and
3. Completed cooperative education experience (TECH 2890) with an "S" grade.

Return this completed form to the Undergraduate Student Services Office, Room 102 Technology Building.
