SUMMER COMMENCEMENT

A PUBLIC UNIVERSITY FOR THE PUBLIC GOOD.

AUGUST 2020
BOWLING GREEN STATE UNIVERSITY
COMMENCEMENT

Bowling Green, Ohio
August 2020
A MESSAGE FROM THE PRESIDENT

Welcome to the 298th Commencement ceremony at Bowling Green State University! It is our pleasure to celebrate this momentous occasion with you and offer congratulations to all of the graduates and their families and guests.

As a public university for the public good, we are committed to preparing our students to live meaningful and productive lives. Their time here is defined by a supportive learning community coupled with the opportunity and belief that our students can change lives for the world. Our newest alumni are ready to find success in their careers, but also to make a difference in our world.

On behalf of our faculty and staff, it has been an honor to have had this opportunity to provide an education of value to each of our 944 graduates.

We wish them the very best, and believe their success is our success.

I ask you to stay engaged with the University you have enriched, one that is better because you chose it.

Ay Ziggy Zoomba!

Regards,

Rodney K. Rogers, Ph.D. ’81
President
For more than a century, Bowling Green State University has been creating public good by driving the educational, cultural, social and economic vitality of the region, state, nation and world.

**BGSU IS A NATIONAL LEADER IN PARTNERSHIPS**

We’re developing unique public-private partnerships and new, relevant and meaningful academic programs to prepare students for success and to help meet the workforce needs of Ohio and beyond.

- BGSU and the Wood County Health Department announced an innovative public-public partnership to improve the public health of Wood County and northwest Ohio through health instruction, practice, research and workforce development. Ben Batey, MPH, RN, accepted the appointment as BGSU chief health officer and will focus on the public health of Wood County through this growing partnership.

- A partnership with the Ohio Attorney General’s Office and the Bureau of Criminal Investigation (BCI) provides the foundation for BGSU being at the forefront in forensic science education in the state of Ohio, offering innovative research, new undergraduate and graduate academic programs.

- A collaboration with Northstar Aviation continues to expand opportunities for the University’s aviation students, helping address a nationwide shortage of pilots. In addition to providing flight instruction, Northstar has built a new flight center and hangars, and provided new aircraft. BGSU faculty lead the academic programming.

- The University continues to build upon its longtime partnership with Owens Community College. The Falcon Express program gives students who begin their studies at Owens a fast, seamless track to a BGSU bachelor’s degree, and our new online RN to BSN program helps registered nurses advance their careers by providing a convenient path to earning a bachelor’s degree.

- U.S. Air Force personnel stationed around the world can now work toward a college degree through BGSU under a new agreement with the Community College of the Air Force.
GROUNDBREAKING, RELEVANT RESEARCH

The research and creative activities of our faculty inform public debate and address significant issues facing our society.

- Researchers with the Great Lakes Center for Fresh Waters and Human Health are doing critical research to address issues in our own backyard—the toxic algal blooms that plague Lake Erie and impact freshwater sources around the world.
- Faculty with the Center for Photochemical Sciences are studying the uses of light-responsive chemical compounds for beneficial applications in health, industry, agriculture and other fields. Our research includes work to develop degradable polymers that could become an alternative for plastic, which could change the world.
- Faculty in the Department of Sociology and its National Center for Marriage and Family Research are contributing to the understanding of evolving social patterns and how family structure in the United States is linked to the health and well-being of children, adults, families and communities. Their findings are helping to guide public policy and program decisions.
- Researchers affiliated with the Center for the Future of Forensic Science made a lifesaving discovery in response to the national opioid epidemic. They scientifically proved that the laundry detergent OxiClean™ will deactivate Fentanyl. That research finding is helping law enforcement and other first responders prevent accidental exposure to the deadly drug.

PAYING IT FORWARD AND MAKING A DIFFERENCE

Our students, faculty and staff make a difference in their communities.

- Each year, BGSU students complete nearly 85,000 hours of community service.
- Hundreds of students, faculty and staff are volunteering with BGSU Builds, a three-year partnership with Habitat for Humanity, to build three houses in Bowling Green for deserving, low-income families. More than 25 courses, academic programs and campus organizations have already incorporated the build into their programming. The first house was completed this year.
- BGSU Dance Marathon, a student-led fundraiser benefiting Mercy Children's Hospital, is entering its 25th year. Thousands of students have participated since its inception, raising more than $5 million.
- The Center for Civic and Community Engagement is recognized with the Community Engagement Classification from the Carnegie Foundation for the University’s leadership in service-learning initiatives and partnerships. The classification showcases the work of faculty, staff and students who are engaged in the community as volunteers as part of a service learning course, as interns, as researchers and as active citizens committed to linking their skills, expertise and passion to make a change in the world. Key initiatives at the University include America Reads, BGSU Votes, Habitat for Humanity and BGSU Ending Hunger.

ENRICHING OUR REGION AND BEYOND

Through our programs in the arts and Div. I Athletics, Bowling Green State University is a major contributor to the cultural vitality of northwest Ohio and beyond.

- The University offers more than 440 arts and cultural events per year including music, theater and film performances, art exhibitions, lectures, readings and more.
- Our 18 athletic teams compete at the highest level of intercollegiate athletics. Hockey returned to national prominence with an appearance in the NCAA tournament. Women’s Soccer earned its second MAC Championship and an NCAA tournament bid. Women’s Volleyball earned its second regular-season MAC Championship, and Men’s Basketball had an outstanding year, making it to the championship game in the MAC tournament.
- The annual Dorothy E. and DuWayne H. Hansen Musical Arts Series brings prominent performers to the campus and the Bowling Green community to share their talents with students in the College of Musical Arts, members of the community and students in the public schools.
- For nearly 20 years, a summer project led by BGSU art students has enlivened Toledo neighborhoods with colorful murals recognizing the life of the communities and celebrating their ethnic diversity.
Established in 1910 as a teacher-training institution, Bowling Green State University is dedicated to providing quality academic programs in a learning environment that promotes academic and personal excellence in students. The University is situated on a 1,338-acre campus that houses nearly 100 buildings. BGSU has an enrollment of approximately 19,000 and more than 200 undergraduate majors and programs. BGSU Firelands, a branch campus, is located in Huron, Ohio.

At the center of the University’s academic community are more than 800 full-time faculty members who are engaged in teaching, research and scholarship. Bowling Green State University provides educational experiences in and out of the classroom that enhance the lives of all students, stakeholders, and the many publics served by the University. BGSU students are prepared for lifelong career growth, lives of committed citizenship and leadership in a global society. Through highly interactive and engaged learning communities, BGSU offers a welcoming, safe and diverse environment where creative ideas and entrepreneurial achievements can benefit others throughout the region, the state of Ohio, the nation and the world.

Committed to ensuring that every student succeeds, Bowling Green State University challenges and supports students academically and socially. Integral to campus life are the University’s core values: intellectual and personal growth; creativity, innovation and entrepreneurship; diversity and inclusion; collaboration with each other and our partners; and excellence in all we do.

PROGRAM NOTES
Today’s Commencement ceremony marks the 298th graduation at Bowling Green State University. The total number of diplomas being awarded is 944, including 368 degrees by the Graduate College. Undergraduate degrees are awarded with Latin honors to signify meritorious academic achievement; 100 students are receiving honors. Students with honors wear a gold cord designating their status. To graduate cum laude, a student must have a cumulative grade-point average of at least 3.50 and 110 letter-graded hours or more. Magna cum laude requires a 3.75 grade-point average and 110 letter-graded hours, while summa cum laude demands a 3.90 grade-point average and 110 letter-graded hours. Students with transfer credit have additional requirements in order to be eligible for Latin honors.

This program contains the names of all candidates for this Commencement. Certification of the indicated degree is subject to the completion of requirements.

SCHOOL COLORS
The history behind how BGSU began using brown and orange as its school colors dates back to 1914. Dr. Homer B. Williams, the University’s first president, gathered a group of people, including Dr. Leon L. Winslow, from the industrial arts department, as a selection committee for the school’s new colors. While on a trolley ride to Toledo, Dr. Winslow sat behind a woman wearing a large hat adorned with brown and orange feathers. He was so impressed by the color scheme that his committee recommended to the Board of Trustees they approve the combination of burnt orange and seal brown.

UNIVERSITY MACE
The mace, used as a weapon in medieval times, is employed today on many university campuses as a symbol of office. The mace of the president of Bowling Green State University bears symbols and figures representing three related categories of human culture: areas of learning, the vicissitudes of culture, and the waxing and waning of human life.

Designed and created by Harold HasselSchwert, an assistant professor of art, the mace weighs six and one-half pounds and is 27 inches long. The mace is engraved and enamelled silver, creating a moiré effect as a backdrop for figures representing the six branches of learning: drama, art, literature, music, science and commerce.

Approximately 500 square inches of silver were used in the mace, which is adorned with ancient and medieval symbols. At the base are engravings representing the areas of learning: jester’s staff, quill and scroll, lyre, palette and brushes, the atom and the balance.

THE PENDANT
A silver pendant containing the inaugural symbol and University seal is worn by the President of Bowling Green State University on ceremonial occasions.

ACADEMIC DRESS
Academic regalia originated in medieval European universities during the 14th century when commencement ceremonies were associated with religious ordination. Universities in Europe and the United States continue the tradition of wearing special robes, caps and hoods for formal academic occasions.

THE GOWN
The typical academic gown is black. Bachelor’s and master’s degree gowns are plain, although sometimes worn with honor cords or medallions. The doctoral gown is trimmed down the front and around the sleeves with bands of velvet, either in black or a color associated with the graduate’s field of study. Sleeve styles also vary with the degree: pointed sleeves on the bachelor’s degree gown, short sleeves for the master’s degree and round, full sleeves for the doctoral robe.

THE HOOD
Graduates holding master’s or doctoral degrees typically wear a hood that fits around the neck and drapes down the back of the robe. The hood lining displays colors associated with particular schools. Chevrons in a second color indicate a dual emphasis, while velvet edging on the hood corresponds to the graduate’s field of study. The doctoral hood is longer than the master’s degree hood, and trimmed with additional velvet panels.

THE CAP
The standard cap worn with academic regalia is the mortar board, usually the same color as the gown. Bachelor’s degree candidates at Bowling Green State University wear colored tassels to represent their academic areas.

A MESSAGE FROM UNIVERSITY ADVANCEMENT

TO OUR ALUMNI

Congratulations on earning your degree from Bowling Green State University. In this significant achievement, you are joining the global family of BGSU alumni that totals more than 190,000 Falcons!

You have demonstrated your academic ability and are now ready to make a difference in the communities in which you will live and work.

In your transition from college to career, particularly during this global pandemic, I encourage you to stay connected with the University through your involvement in BGSU alumni networks and affinity groups, as well as activities on campus. As alumni, we welcome your attendance at virtual or in-person social gatherings and your engagement in student recruitment, career mentoring, scholarship fundraising and community service activities. These opportunities will provide connections to assist you in your personal and professional objectives, and also strengthen and support the success of your alma mater as we serve the public good. To learn more, please visit bgsu.edu/alumni/get-involved.

On behalf of BGSU, welcome to the alumni family. Your possibilities are endless and we look forward to sharing them with you.

Sincerely,

Pam Conlin
