A MESSAGE FROM THE PRESIDENT

Welcome to the 303rd Commencement ceremony at Bowling Green State University! It is our honor to celebrate this momentous occasion with you and offer congratulations to all of our graduates and their families and guests.

As a public university for the public good, we are committed to preparing our students to live meaningful and productive lives. Their time here is defined by a comprehensive University that empowers our students to design their life beyond graduation.

As our newest alumni, we believe our graduates are ready to find success in their careers and to make a difference in our world. Our innovative and nationally ranked academic programs have prepared them to create public good.

On behalf of our faculty and staff, it has been a privilege to provide an education of value to each of our 2,579 graduates. We wish them the very best, and for these alumni to stay engaged with the University they have enriched, one that is better because they chose it.

Ay Ziggy Zoomba!

Regards,

Rodney K. Rogers, Ph.D.
President

A PUBLIC UNIVERSITY FOR THE PUBLIC GOOD.®

For more than a century, Bowling Green State University has been creating public good by driving the educational, cultural, social and economic vitality of the region, state, nation and world.

BGSU IS A NATIONAL LEADER IN PARTNERSHIPS

We're developing unique public-private and public-public partnerships and new, relevant and meaningful academic programs to prepare students for success and to help meet the workforce needs of Ohio and beyond.

- BGSU and the Ohio Attorney General enhanced their partnership and established the Center for Justice Research. This innovative partnership highlights the power of a public university and public state agency coming together to create public good. BGSU faculty and students will identify and investigate research areas that are of particular interest, providing greater insight for decision-making that affects the entire State.
- A partnership with the Ohio Attorney General and the Bureau of Criminal Investigation continues to provide the foundation for BGSU to be at the forefront in forensic science education in the state of Ohio, offering innovative research, new undergraduate and graduate academic programs.
- BGSU and Cedar Fair, a national attraction and entertainment company, partnered to establish the Cedar Fair Resort and Attraction Management program. This academic program is embedded in a nationally recognized theme park, Cedar Point. Junior and senior classes are taught at a state-of-the-art residential facility near the amusement park in Sandusky, Ohio. The only educational opportunity of its kind in the country, the field of study provides unprecedented leadership and professional opportunities in the fast-growing field.
- BGSU, Owens Community College and the University of Findlay, recently announced a partnership to develop the Center for Advanced Manufacturing and Logistics. This center demonstrates the power of a four-year public university, a two-year public community college and a private four-year university all coming together to partner and to demonstrate our relevance to Ohio and beyond. It is just one example of how BGSU is meeting workforce demands by connecting education and listening and responding to industry needs.

- BGSU and the Wood County Health Department announced an innovative public-public partnership to improve the public health of Wood County and northwest Ohio through health instruction, practice, research and workforce development. Ben Batey, MPH, RN, accepted the appointment as BGSU chief health and wellness officer and will focus on the public health of Wood County through this growing partnership.
- A collaboration with Northstar Aviation continues to expand opportunities for the University's aviation students, helping address a nationwide shortage of pilots. In addition to providing flight instruction, Northstar has built a new flight center and hangars, and provided new aircrafts. BGSU faculty lead the academic programming.
- U.S. Air Force personnel stationed around the world can now work toward a college degree through BGSU under an agreement with the Community College of the Air Force.

GROUNDBREAKING, RELEVANT RESEARCH

The research and creative activities of our faculty inform public debate and address significant issues facing our society.

- Researchers with the Great Lakes Center for Fresh Waters and Human Health are doing critical research to address issues in our own backyard – the toxic algal blooms that plague Lake Erie and impact freshwater sources around the world.
- Faculty with the Center for Photochemical Sciences are studying the uses of light-responsive chemical compounds for beneficial applications in health, industry, agriculture and other fields. Our research includes work to develop degradable polymers that could become an alternative for plastic, which could change the world.
- Faculty in the Department of Sociology and its National Center for Marriage and Family Research are contributing to the understanding of evolving social patterns and how family structure in the United States is linked to the health and well-being of children, adults, families and communities. Their findings are helping to guide public policy and program decisions.
- Researchers affiliated with the Center for the Future of Forensic Science made a lifesaving discovery in response to the national opioid epidemic. They scientifically proved that the laundry detergent OXICLEAN™ will deactivate Fentanyl. That research finding is helping law enforcement and other first responders prevent accidental exposure to the deadly drug.

PAYING IT FORWARD AND MAKING A DIFFERENCE

Our students, faculty and staff make a difference in their communities. Our innovative academic programs and national rankings showcase the University's impact.

- For the third year in a row, The Wall Street Journal has named BGSU the No. 1 public university in the Midwest students would choose again. The Wall Street Journal also named BGSU America's No. 3 public university for teaching quality.
- BGSU continues to be ranked as a tier-one public university by U.S. News & World Report.
- In 2021, Forbes ranked BGSU as the No. 3 midsize employer in the United States. This ranking showcases our high-quality and committed faculty and staff.

- As a public university for the public good, the Division of Research and Economic Engagement and the Center for Regional Development developed the Reimagining Rural Regions Initiative to provide expertise and capacity to assist communities to undertake a placemaking process to identify assets that could be reimagined in an effort to improve quality of life and to aid in the retention and attraction of talent.
- BGSU is recognized with the Community Engagement Classification from the Carnegie Foundation for its leadership in service-learning initiatives and partnerships.
- BGSU continues to develop and enhance academic programs to meet workforce needs and improve our graduates' impact on the communities they serve. This past fall, BGSU launched an innovative two-year Doctor of Physical Therapy program. The only of its kind in Ohio, this two-year accelerated, hybrid program is positioned to draw students from around the country and will allow for coursework completion from virtually anywhere. In addition, BGSU enhanced its nursing programs. This past year, BGSU established its own School of Nursing, with a new facility and Bachelor of Science in Nursing degree program.

ENRICHING OUR REGION AND BEYOND

Through our programs in the arts and Div. I Athletics, Bowling Green State University is a major contributor to the social and cultural vitality of northwest Ohio and beyond.

- The University offers more than 440 arts and cultural events per year including music, theater and film performances, art exhibitions, lectures, readings and more.
- Our 18 athletic teams compete at the highest level of intercollegiate athletics. For example, Hockey returned to national prominence with an appearance in the NCAA tournament. Women's Soccer won four-straight MAC championships.
- For nearly 20 years, a summer project led by BGSU art students has enlivened Toledo neighborhoods with colorful murals recognizing the life of the communities and celebrating their ethnic diversity.

THE UNIVERSITY

For more than 111 years, Bowling Green State University has been a public university for the public good, always moving forward. Founded as a teacher-training institution, by the state of Ohio, for the State, the University's history is defined by an educational pursuit for more. Today, BGSU is a high-research, nationally ranked, comprehensive University.

BGSU is committed to providing quality academic programs to ensure students are prepared to live meaningful and productive lives. Situated on two campuses, totaling 1,358 acres with nearly 100 buildings, BGSU has an enrollment of more than 19,600 students and offers more than 200 undergraduate majors and programs. BGSU Firelands, a branch campus, is located in Huron, Ohio.

The core of the University's academic community are more than 800 full-time faculty members who are engaged in teaching, research and creative activities. Their impact reaches beyond the classroom. Bowling Green State University provides an education of value for those willing to work hard and learn from one another. The University's mission is to enhance the lives of all students, stakeholders, and the many publics and communities served.

Committed to ensuring that every student succeeds, Bowling Green State University challenges and supports students academically and socially. BGSU students do well, but they also do good. They embrace the University's history to achieve big and also make a difference. Students have a community where opportunity and purpose meet. Our graduates belong to a University that they have also enriched.

A public university for the public good is more than a tagline, more than a motto – it is our mantra. It is who we are, and who we have always been.

PROGRAM NOTES

Today's Commencement ceremony marks the 303rd graduation at Bowling Green State University. The total number of diplomas being awarded is 2,579, including 558 degrees granted by the Graduate College. Undergraduate degrees are awarded with Latin honors to signify meritorious academic achievement; 959 students are receiving honors. Students with honors wear a gold cord designating their status. To graduate cum laude, a student must have a cumulative grade-point average of at least 3.50 and 110 letter-graded hours or more. Magna cum laude requires a 3.75 grade-point average and 110 letter-graded hours, while summa cum laude demands a 3.9 grade-point average and 110 letter-graded hours. Students with transfer credit have additional requirements in order to be eligible for Latin honors.

This program contains the names of all candidates for this Commencement. Certification of the indicated degree is subject to the completion of requirements.

SCHOOL COLORS

The History behind how BGSU began using brown and orange as its school colors dates back to 1914. Dr. Homer B. Williams, the University's first president, gathered a group of people, including Dr. Leon L. Winslow, from the industrial Arts department, as a selection committee for the school's new colors. While on a trolley ride to Toledo, Dr. Winslow sat behind a woman wearing a large hat adorned with brown and orange feathers. He was so impressed by the color scheme that his committee recommended to the Board of Trustees they approve the combination of burnt orange and seal brown. Today, BGSU is the only Division I university to have orange and brown as its school colors.

UNIVERSITY MACE

The mace, used as a weapon in medieval times, is employed today on many university campuses as a symbol of office. The mace of the President of Bowling Green State University bears symbols and figures representing three related categories of human culture: areas of learning, the vicissitudes of culture, and the waxing and waning of human life. Designed and created by Harold Hasselschwert, an assistant professor of Art, the mace weighs six and one-half pounds and is 27 inches long. The mace is engraved and enameled silver, creating a moiré effect as a backdrop for figures representing the six branches of learning: drama, Art, literature, music, science and commerce. Approximately 500 square inches of silver were used in the mace, which is adorned with ancient and medieval symbols. At the base are engravings representing the areas of learning: jester's staff, quill and scroll, lyre, palette and brushes, the atom and the balance.

THE PENDANT

A silver pendant containing the inaugural symbol and University seal is worn by the President of Bowling Green State University on ceremonial occasions. The medallion was created in 1964 by Dr. Carl D. Hall, BGSU professor. It depicts a "tree of knowledge" and symbolizes the University's growth at that time.

ACADEMIC DRESS

Academic regalia originated in medieval European universities during the 14th century when commencement ceremonies were associated with religious ordination. Universities in Europe and the United States continue the tradition of wearing special robes, caps and hoods for formal academic occasions.

THE GOWN

The typical academic gown is black. Bachelor's and master's degree gowns are plain, although sometimes worn with honor cords or medallions. The doctoral gown is trimmed down the front and around the sleeves with bands of velvet, either in black or a color associated with the graduate's field of study. Sleeve styles also vary with the degree: pointed sleeves on the bachelor's degree gown, short sleeves for the master's degree and round, full sleeves for the doctoral robe.

THE HOOD

Graduates holding master's or doctoral degrees typically wear a hood that fits around the neck and drapes down the back of the robe. The hood lining displays colors associated with particular schools. Chevrons in a second color indicate a dual emphasis, while velvet edging on the hood corresponds to the graduate's field of study. The doctoral hood is longer than the master's degree hood, and trimmed with additional velvet panels.

THE CAP

The standard cap worn with academic regalia is the mortar board, usually the same color as the gown. Bachelor's degree candidates at Bowling Green State University wear colored tassels to represent their academic areas.

CENTENNIAL FANFARE

"Sounds of the Centennial" was written by Ryan Nowlin '00, '04 in 2010 as part of the Centennial celebration of Bowling Green State University. Major Nowlin is the assistant director of "The President's Own" United States Marine Band.

COMMENCEMENT SPEAKER

Chair Betty Montgomery '70

Former Ohio Attorney General Betty Montgomery is attorney at law at Mac Murray & Shuster and Montgomery Consulting Group, focusing her practice on helping clients understand and meet their regulatory compliance obligations and representing them before state regulators across the country. She specializes in matters before the state attorneys general, Federal Communications Commission and the Federal Trade Commission. Montgomery previously served for 26 years in the following elected positions: Ohio auditor of state (2003-07); Ohio attorney general (1995-03); state senator for District 2 (1989-95); and Wood County prosecuting attorney (1981-89), during which she was the only woman prosecuting attorney in the state.

Montgomery's long and distinguished career in public service includes a number of highlights, including drafting Ohio's first living will law and first brownfields legislation. As attorney general, Montgomery dramatically increased state support for local law enforcement and rebuilt all of Ohio's crime labs, introducing DNA testing and 21st century technology to Ohio. She was Ohio's first woman attorney general and first woman auditor of state, where she broke the glass ceiling in an era where there were only several leadership positions held by women across the nation. Montgomery has been a trailblazer for women in public service on the national stage.

Montgomery has earned a national reputation for her focus on protecting consumers. As attorney general, she received national recognition for excellence in service and advocacy in many areas including legal work before the U.S. Supreme Court. She served as co-chairperson of the NAAG Consumer Protection Committee for four years and in 2000. Her Consumer Protection Section, headed by Helen Mac Murray, was recognized as the most outstanding consumer protection agency in the country by the National Association of Consumer Agency Administrators.

In addition to her legal and consulting work, Montgomery is president of the State Medical Board of Ohio and chair of The Jo Ann Davidson Ohio Leadership Institute, which trains women in business and civic leadership to assume more prominent roles in government and in the Republican Party or in their community. She also serves on the JobsOhio Beverage System Board and Capitol Square Foundation. Reflective of her deep experience and extensive knowledge, Montgomery led the transition team for current Ohio Attorney General David Yost.

She is the former chair of Bowling Green State University's Board of Trustees. Under her leadership, BGSU experienced strong growth of enrollments, record fundraising and a physical rebirth of facilities, along with strategic gains in student success, both in the University's undergraduate and graduate populations.

Montgomery is a graduate of Bowling Green State University, earning a Bachelor of Arts in English in 1970.

COMMENCEMENT SPEAKER

Chair Betty Montgomery '70

Former Ohio Attorney General Betty Montgomery is attorney at law at Mac Murray & Shuster and Montgomery Consulting Group, focusing her practice on helping clients understand and meet their regulatory compliance obligations and representing them before state regulators across the country. She specializes in matters before the state attorneys general, Federal Communications Commission and the Federal Trade Commission. Montgomery previously served for 26 years in the following elected positions: Ohio auditor of state (2003-07); Ohio attorney general (1995-03); state senator for District 2 (1989-95); and Wood County prosecuting attorney (1981-89), during which she was the only woman prosecuting attorney in the state.

Montgomery's long and distinguished career in public service includes a number of highlights, including drafting Ohio's first living will law and first brownfields legislation. As attorney general, Montgomery dramatically increased state support for local law enforcement and rebuilt all of Ohio's crime labs, introducing DNA testing and 21st century technology to Ohio. She was Ohio's first woman attorney general and first woman auditor of state, where she broke the glass ceiling in an era where there were only several leadership positions held by women across the nation. Montgomery has been a trailblazer for women in public service on the national stage.

Montgomery has earned a national reputation for her focus on protecting consumers. As attorney general, she received national recognition for excellence in service and advocacy in many areas including legal work before the U.S. Supreme Court. She served as co-chairperson of the NAAG Consumer Protection Committee for four years and in 2000. Her Consumer Protection Section, headed by Helen Mac Murray, was recognized as the most outstanding consumer protection agency in the country by the National Association of Consumer Agency Administrators.

In addition to her legal and consulting work, Montgomery is president of the State Medical Board of Ohio and chair of The Jo Ann Davidson Ohio Leadership Institute, which trains women in business and civic leadership to assume more prominent roles in government and in the Republican Party or in their community. She also serves on the JobsOhio Beverage System Board and Capitol Square Foundation. Reflective of her deep experience and extensive knowledge, Montgomery led the transition team for current Ohio Attorney General David Yost.

She is the former chair of Bowling Green State University's Board of Trustees. Under her leadership, BGSU experienced strong growth of enrollments, record fundraising and a physical rebirth of facilities, along with strategic gains in student success, both in the University's undergraduate and graduate populations.

Montgomery is a graduate of Bowling Green State University, earning a Bachelor of Arts in English in 1970.

COMMENCEMENT SPEAKER

The Honorable Judith DelZoppo Pryor '85

Judith D. Pryor, who received a Bachelor of Arts in communication degree in 1985 from BGSU, has more than 30 years of leadership experience spanning global trade and development finance, public policy, marketing, sales and communications. She has served three United States presidents.

Through senior positions in international business and with the federal government, her portfolio in recent years has included the regions of South and Southeast Asia, Africa and the Middle East, as well as sectors such as renewable energy and storage, satellite technology, and minority- and women-owned businesses.

Pryor was appointed by President Joseph R. Biden to serve as first vice president and vice chair of the board of directors at the Export-Import Bank (EXIM) of the United States, for a term expiring Jan. 20, 2025. She was confirmed by the U.S. Senate on March 30, 2022, with strong bi-partisan support, and was administered the Oath of Office on April 4, 2022, by Ohio Sen. Sherrod Brown.

Not her first Senate-confirmed political appointment, she also served during the Trump Administration as a member of EXIM's Board from May 2019 to July 2021. Her confirmation to this post returned EXIM to full functionality and enabled the agency to once again finance transactions of more than \$10 million. During her tenure, EXIM's board authorized nearly \$14 billion in trade financing in support of U.S. exports including many small businesses.

During the administration of President Barack Obama, Pryor served for more than six years as vice president of external affairs at the Overseas Private Investment Corporation (OPIC), the U.S. government's development finance institution (now the U.S. Development Finance Corp.). A member of the executive leadership team, Pryor was responsible for external engagement, including congressional and public affairs, communications, and small business development. She held a seat on the Investment Committee, and during her tenure, OPIC's portfolio grew by 50 percent to \$21 billion.

Before entering public service, Pryor held senior leadership positions with multi-national companies including WorldSpace Satellite Radio, Communications Satellite Corp., and Orion Network Systems. She began her career with the firm Gray & Company, which was later acquired by Hill & Knowlton Public Affairs Worldwide.

A native of Richmond Heights, Ohio, Pryor is a second-generation American and a proud product of Ohio public schools. In addition to her bachelor's degree, she studied at the Universidad de Madrid, Spain, as part of BGSU's semester abroad program. From 2016-2019, she served on the BGSU Foundation Board of Directors and chaired the Development Committee.

Pryor lives in Washington, D.C., with her husband David Pryor, Jr., and son Hampton. In her spare time, she is an avid baseball fan, a mediocre golfer, and a tireless champion of children and adults with special needs, who believes in pulling for underdogs (Go Browns!).

COMMENCEMENT SPEAKER

The Honorable Judith DelZoppo Pryor '85

Judith D. Pryor, who received a Bachelor of Arts in communication degree in 1985 from BGSU, has more than 30 years of leadership experience spanning global trade and development finance, public policy, marketing, sales and communications. She has served three United States presidents.

Through senior positions in international business and with the federal government, her portfolio in recent years has included the regions of South and Southeast Asia, Africa and the Middle East, as well as sectors such as renewable energy and storage, satellite technology, and minority- and women-owned businesses.

Pryor was appointed by President Joseph R. Biden to serve as first vice president and vice chair of the board of directors at the Export-Import Bank (EXIM) of the United States, for a term expiring Jan. 20, 2025. She was confirmed by the U.S. Senate on March 30, 2022, with strong bi-partisan support, and was administered the Oath of Office on April 4, 2022, by Ohio Sen. Sherrod Brown.

Not her first Senate-confirmed political appointment, she also served during the Trump Administration as a member of EXIM's Board from May 2019 to July 2021. Her confirmation to this post returned EXIM to full functionality and enabled the agency to once again finance transactions of more than \$10 million. During her tenure, EXIM's board authorized nearly \$14 billion in trade financing in support of U.S. exports including many small businesses.

During the administration of President Barack Obama, Pryor served for more than six years as vice president of external affairs at the Overseas Private Investment Corporation (OPIC), the U.S. government's development finance institution (now the U.S. Development Finance Corp.). A member of the executive leadership team, Pryor was responsible for external engagement, including congressional and public affairs, communications, and small business development. She held a seat on the Investment Committee, and during her tenure, OPIC's portfolio grew by 50 percent to \$21 billion.

Before entering public service, Pryor held senior leadership positions with multi-national companies including WorldSpace Satellite Radio, Communications Satellite Corp., and Orion Network Systems. She began her career with the firm Gray & Company, which was later acquired by Hill & Knowlton Public Affairs Worldwide.

A native of Richmond Heights, Ohio, Pryor is a second-generation American and a proud product of Ohio public schools. In addition to her bachelor's degree, she studied at the Universidad de Madrid, Spain, as part of BGSU's semester abroad program. From 2016-2019, she served on the BGSU Foundation Board of Directors and chaired the Development Committee.

Pryor lives in Washington, D.C., with her husband David Pryor, Jr., and son Hampton. In her spare time, she is an avid baseball fan, a mediocre golfer, and a tireless champion of children and adults with special needs, who believes in pulling for underdogs (Go Browns!).

A MESSAGE FROM UNIVERSITY ADVANCEMENT

TO OUR ALUMNI

Congratulations on earning your degree from Bowling Green State University. In this significant achievement, you are joining the global family of BGSU alumni that now totals more than 190,000 Falcons!

You have demonstrated your academic ability and are now ready to make a difference in the communities in which you will live and work.

In your transition from college to career, I encourage you to stay connected with the University through your involvement in BGSU alumni networks and affinity groups, as well as activities on campus. As alumni, we welcome your attendance at in-person or virtual social gatherings and your engagement in student recruitment, career mentoring, scholarship fundraising and community service activities. These opportunities will provide connections to assist you in your personal and professional objectives and will strengthen and support the success of your alma mater as we serve the public good. To learn more, please visit bgsu.edu/alumni/get-involved.

On behalf of BGSU, welcome to the alumni family! Your possibilities are endless, and we look forward to sharing them together.

Sincerely,

Pamela J. Conlin
Vice President for University Advancement
