A Message from THE PRESIDENT

Welcome to the 315th Commencement exercises at Bowling Green State University! It is our honor to celebrate this momentous occasion with you and offer congratulations to all of our graduates and their families and guests.

As a public university for the public good, we are committed to preparing our students for great careers and great lives. Their time here is defined by a comprehensive University that empowers our students to design their life beyond graduation.

As our newest alumni, our graduates are ready to find success in their careers and to make a difference in our world. Our innovative and nationally ranked academic programs have prepared them to create public good.

On behalf of our faculty and staff, it has been a privilege to provide an education of value to each of our 2,511 graduates. We wish them the very best and encourage these alumni to stay engaged with the University they have enriched, one that is better because they chose it.

Ay Ziggy Zoomba!

Regards,

Rodney K. Rogers, Ph.D.
President

For more than a century, Bowling Green State University has been creating public good by driving the educational, cultural, social and economic vitality of the region, state, nation and world.

BGSU IS A NATIONAL LEADER IN PARTNERSHIPS

We're developing unique public-private and public-public partnerships and new, relevant and meaningful academic programs to prepare students for success and to help meet the workforce needs of Ohio and beyond.

- A partnership with the Ohio Attorney General and the Bureau of Criminal Investigation continues to provide the foundation for BGSU to be at the forefront of forensic science education in the state of Ohio, offering innovative research, as well as new undergraduate and graduate academic programs.
- BGSU and Six Flags, a national attraction and entertainment company, partnered to establish the Six Flags Entertainment Corporation Resort and Attraction Management program. This academic program is embedded in a nationally recognized theme park, Cedar Point. Junior and senior classes are taught at a state-of-the-art residential facility near the amusement park in Sandusky, Ohio. The only educational opportunity of its kind in the country, the program provides unprecedented leadership and professional opportunities in the fast-growing field.
- BGSU and the Wood County Health Department created an innovative public-public partnership to improve the public health of Wood County and northwest Ohio through health instruction, practice, research and workforce development.

GROUNDBREAKING, RELEVANT RESEARCH

The research and creative activities of our faculty inform public debate and address significant issues facing our society.

- Researchers with the Center for Great Lakes and Watershed Studies at BGSU are leading critical research focused on the environmental and societal issues impacting our shared water resources, addressing issues in our own backyard – the toxic algal blooms that plague Lake Erie and affect freshwater sources worldwide. With active research vessels on Lake Erie as well as research sites throughout northwest Ohio, BGSU continues to elevate our understanding of causes and solutions to this significant human health issue.
- Faculty with the Center for Photochemical Sciences are studying the uses of light-responsive chemical compounds for beneficial applications in health, industry, agriculture and other fields. Our research includes work to develop degradable polymers that could become an alternative to plastic, which could change the world.
- Faculty in the Department of Sociology and its National Center for Marriage and Family Research are contributing to the understanding of evolving social patterns and how family structure in the United States is linked to the health and well-being of children, adults, families and communities. Their findings are helping to guide public policy and program decisions.

PAYING IT FORWARD AND MAKING A DIFFERENCE

Our students, faculty and staff make a difference in their communities. Our innovative academic programs and national rankings showcase the University's impact.

- BGSU is ranked the No. 1 public university in Ohio for career preparation, learning opportunities and learning facilities, according to the The Wall Street Journal.
- For the sixth year in a row, BGSU is ranked as the No. 1 university in Ohio – and Top 5 in the nation – students say they'd choose again, according to The Wall Street Journal's student-recommendation score.
- BGSU continues to be ranked as a tier-one public university by U.S. News & World Report.
- As a public university for the public good, the Division of Research and the Center for Regional Development developed the Reimagining Rural Regions Initiative to provide expertise and capacity to assist communities in undertaking a placemaking process that identifies assets that could be reimagined to improve quality of life and aid in the retention and attraction of talent.
- BGSU is recognized with the Community Engagement Classification from the Carnegie Foundation for its leadership in service-learning initiatives and partnerships.

ENRICHING OUR REGION AND BEYOND

Through our programs in the arts and Division I athletics, Bowling Green State University is a major contributor to the social and cultural vitality of northwest Ohio and beyond.

- The University offers more than 440 arts and cultural events per year, including music, theatre and film performances, art exhibitions, lectures, readings and more.
- Our 18 athletic teams compete at the highest level of intercollegiate athletics, Division I in the NCAA. Our more than 400 student athletes represent Bowling Green State University in the Mid-American Conference, the Central Collegiate Hockey Association and the Missouri Valley Conference.
- For nearly 20 years, a summer project led by BGSU art students has enlivened Toledo neighborhoods with colorful murals recognizing the life of the communities.
- This past year, BGSU students conducted more than 68,000 hours of community service.

The UNIVERSITY

For more than 116 years, Bowling Green State University has been a public university for the public good, always moving forward. Founded as a teacher-training institution by the state of Ohio, for the State, the University's history is defined by an educational pursuit for more. Today, BGSU is a high-research, nationally ranked, comprehensive University.

BGSU is committed to providing quality academic programs to ensure students are prepared to live meaningful and productive lives. Situated on two campuses, BGSU has an enrollment of more than 23,000 students and offers more than 200 undergraduate majors and programs. BGSU Firelands, a branch campus, is located in Huron, Ohio.

The core of the University's academic community is our faculty, who are engaged in both teaching and research and creative activities. Their impact reaches beyond the classroom. Bowling Green State University provides an education of value for those willing to work hard and learn from one another. The University's mission is to enhance the lives of all students, stakeholders and the many publics and communities served.

Committed to ensuring that every student succeeds, Bowling Green State University challenges and supports students academically and socially. BGSU is the right size for an incredible student experience – big enough to offer all the opportunities of a large school but small enough for each student to actually take advantage of them.

A public university for the public good is more than a tagline, more than a motto – it is our mantra. It is who we are, and who we have always been.

PROGRAM NOTES

Today's Commencement ceremony marks the 315th graduation at Bowling Green State University. The total number of diplomas being awarded is 2,511, including 511 degrees granted by the Graduate College. Undergraduate degrees are awarded with Latin honors to signify meritorious academic achievement: 1,068 students are receiving honors. Students with honors wear a gold cord designating their status. To graduate cum laude, a student must have a cumulative grade-point average of at least 3.50 and 60 letter-graded hours or more. Magna cum laude requires a 3.75 grade-point average, while summa cum laude demands a 3.9 grade-point average.

This program contains the names of all candidates for this Commencement. Certification of the indicated degree is subject to the completion of requirements.

SCHOOL COLORS

The history behind how BGSU began using brown and orange as its school colors dates to 1914. Dr. Homer B. Williams, the University's first president, gathered a group of people, including Dr. Leon L. Winslow from the Industrial Arts department, as a selection committee for the school's new colors. While on a trolley ride to Toledo, Dr. Winslow sat behind a woman wearing a large hat adorned with brown and orange feathers. He was so impressed by the color scheme that his committee recommended the combination of burnt orange and seal brown to the Board of Trustees. Today, BGSU is the only Division I university to have orange and brown as its school colors.

UNIVERSITY MACE

The mace, used as a weapon in medieval times, is employed today on many university campuses as a symbol of office. The mace of the President of Bowling Green State University bears symbols and figures representing three related categories of human culture: areas of learning, the vicissitudes of culture, and the waxing and waning of human life. Designed and created by Harold Hasselschwert, an assistant professor of art, the mace weighs six and one-half pounds and is 27 inches long. The mace is engraved and enameled silver, creating a moiré effect as a backdrop for figures representing the six branches of learning: drama, art, literature, music, science and commerce. Approximately 500 square inches of silver were used in the mace, which is adorned with ancient and medieval symbols. At the base are engravings representing the areas of learning: jester's staff, quill and scroll, lyre, palette and brushes, the atom and the balance.

THE PENDANT

A silver pendant containing the inaugural symbol and University seal is worn by the president of Bowling Green State University on ceremonial occasions.

The original medallion was created in 1964 by BGSU Professor Carl D. Hall and depicted a tree of knowledge to symbolize the University's growth at that time. In 2004, BGSU Professor Tom Muir created the medallion that is used today. Weighing 453 grams, it features three interlocking rings set inside a set of concentric rings, reflecting the interconnectedness of the University and symbolizing intellectual, spiritual and creative growth.

ACADEMIC DRESS

Academic regalia originated in medieval European universities during the 14th century when commencement ceremonies were associated with religious ordination. Universities in Europe and the United States continue the tradition of wearing special robes, caps and hoods for formal academic occasions.

THE GOWN

The typical academic gown is black. Bachelor's and master's degree gowns are plain, although sometimes worn with honor cords or medallions. The doctoral gown is trimmed down the front and around the sleeves with bands of velvet, either in black or a color associated with the graduate's field of study. Sleeve styles also vary with the degree: pointed sleeves on the bachelor's degree gown, oblong sleeves for the master's degree and round, full sleeves for the doctoral robe.

THE HOOD

Graduates holding master's or doctoral degrees typically wear a hood that fits around the neck and drapes down the back of the robe. The hood lining displays colors associated with particular schools. Chevrons in a second color indicate a dual emphasis, while velvet edging on the hood corresponds to the graduate's field of study. The doctoral hood is longer than the master's degree hood and trimmed with additional velvet panels.

THE CAP

The standard cap worn with academic regalia is the mortar board, usually the same color as the gown. Bachelor's degree candidates at Bowling Green State University wear colored tassels to represent their academic areas.

CENTENNIAL FANFARE

"Sounds of the Centennial" was written by Ryan Nowlin '00, '04, '24 (Hon.) in 2010 as part of the Centennial celebration of Bowling Green State University. Lt. Col. Nowlin is the director of "The President's Own" United States Marine Band.

HONORARY DEGREE PRESENTATION

Frederick W. Valicenti '73, '26 (Hon.)

Rick Valicenti is a visionary leader in graphic design, consistently delivering groundbreaking work recognized nationally and internationally, including the prestigious National Design Award for Communication Design, presented at the White House in 2011. As the founder of renowned studios Thirst Studio (3st), Moving Design, and Thirstype, Valicenti is a member of the highly selective Alliance Graphique Internationale (AGI) and previously served as president of the Society for Typographic Arts, underscoring his exceptional stature and influence within the global design community.

Valicenti has also made an indelible mark on design education. He has generously shared his expertise at nearly 50 institutions of higher learning worldwide, presenting to over 30 professional associations and serving as an adjunct or visiting professor at six different schools. His commitment to inspiring, mentoring and empowering emerging designers has made a transformative impact on future generations, earning him admiration and gratitude from students, educators and colleagues alike.

A 1973 BGSU graduate, Valicenti has remained connected to his alma mater, returning to campus several times to share insights on creativity and AI with students and faculty, while supporting student scholarships. He founded the Valicenti Collaborative Teaching Initiative in 2017, enabling School of Art faculty to team-teach interdisciplinary courses and opening new possibilities for innovative education at BGSU. His legacy at BGSU continues to enrich the University and shape the future of graphic design.

PARTICIPANTS

THE MACE BEARER AND UNIVERSITY MARSHAL

Gene S. Trantham, Ph.D.

Gene S. Trantham, Ph.D. is an associate professor of music theory in the College of Musical Arts. He holds a master's degree from the University of Missouri-Kansas City and a Ph.D. from the University of Wisconsin-Madison. In addition to undergraduate music theory and aural skills, he teaches graduate courses in theory pedagogy, analysis and performance, as well as counterpoint. Trantham has been published in The Routledge Companion to Music Theory Pedagogy, College Music Symposium, Sixteenth Century Journal, TDML eJournal and Musical Insights. He continues to remain active in the College Music Society at the national and regional levels. This is his 32nd year as faculty at BGSU.

A Message from the BGSU ALUMNI ASSOCIATION

To our new alumni,

On behalf of the Bowling Green State University Alumni Association, it is my privilege to welcome you to our family of more than 200,000 Falcon alumni worldwide. Today, as you transition from students to alumni, you join a remarkable network of individuals who, like you, have experienced the transformative power of a BGSU education.

As you embark on this new chapter, I encourage you to stay connected with BGSU and your fellow alumni. Join our events and gatherings, including Homecoming in the fall. Explore our alumni affinity groups and become part of the F.O.L.D. (Falcons of the Last Decade), designed for recent graduates like you. And don't forget to check out Falcon alumni on all of your favorite social media channels. These opportunities help you connect, share experiences and support each other as you navigate your post-graduation journey.

Your connection to BGSU does not end today. As Falcon alumni, your journey is just beginning.

Congratulations, and welcome to the BGSU alumni family!

Sincerely,

Adrea Spoon '01, '06
Assistant Vice President, Alumni Engagement & Annual Giving
and Executive Director of the BGSU Alumni Association

FALCONS *of the* LAST DECADE

BGSU[®]

Welcome to the F.O.L.D. (Falcons of the Last Decade), our community for BGSU alumni who have graduated within the last 10 years. As you embark on this new chapter, the BGSU Alumni Office is here to help you stay connected with your alma mater.

Throughout the year, we host exclusive events and gatherings specifically for recent alumni and support your professional journey through networking and development opportunities. No matter where you are, you'll find meaningful ways to stay engaged with the BGSU community.

We encourage you to stay in touch. We want to hear your stories, celebrate your achievements, and support you every step of the way.

Alma MATER

Alma Mater hear us,
As we praise thy name
Make us worthy sons and daughters
Adding to thy fame.

Time will treat you kindly
Years from now you'll be
Ever dearer in our hearts,
Our University.

From your halls of ivy
To the campus scene,
Chimes ring out with gladness
From our dear Bowling Green.

When all is just a mem'ry
Of the by-gone days,
Hear our hymn dear Alma Mater
As thy name we praise.
