Application to Pursue the Middle Childhood Generalist Endorsement
(Please submit to the Middle Childhood Program Coordinator, 529 Education, for approval.)

Student’s Name: _______________________________  Date: ______________

Address: _______________________________  ID#: ____________________

Area(s) to be added to license:

_____ Language Arts (0049)  _____ Science (0439)

_____ Math (0069)  _____ Social Studies (0089)

Anticipated coursework:

Course: ___________________________  Semester: _______________________

Course: ___________________________  Semester: _______________________

Course: ___________________________  Semester: _______________________

Course: ___________________________  Semester: _______________________

Course: ___________________________  Semester: _______________________

The student identified above has been approved to pursue the Middle Childhood Generalist Endorsement.

Program Coordinator’s Signature: _______________________________  Date: ______________

---------------------------------------------------------------------------------------------------------------------

To obtain the generalist endorsement, candidates must complete all courses indicated for the subject area and pass the PRAXIS II Elementary Content Knowledge Exam (Test # 0014) or the Praxis II Middle Childhood content exam (test codes listed above) appropriate for the area(s) to be added. Candidates must also maintain a minimum 2.8 GPA in each added subject area.

Only BGSU undergraduate/initial licensure students may take undergraduate courses toward the endorsement. Those already having their license must take these classes at the post-baccalaureate/graduate level. Content taken at other institutions may be approved by petition based on faculty/College of Education and Human Development review of both the student’s grades and a detailed course description or syllabus of the courses to be substituted.

Upon satisfactory completion of endorsement coursework (2.8 GPA), students should submit to the Middle Childhood Program Coordinator (529 ED) an official transcript of final grades and a score report on the PRAXIS II exam(s) showing passing scores. The Coordinator will verify compliance, then notify the student to submit to the BGSU Office of Accreditation and Licensure (455 ED) the following: (1) Ohio Department of Education licensure application; (2) associated fees; (3) official transcript of final grades; and (4) official PRAXIS II score report(s).

The student has completed the program, passed the required test(s), and is approved for licensure.
