(A) Policy Statement and Purpose

This policy describes criteria and procedures for graduate admissions.

(B) Policy

1. Admission Deadlines

   (a) Domestic application credentials are due no later than:
       
           (i) Fourteen calendar days prior to the start of the admit term

   (b) International application and credential materials are due no later than:
       
           (i) Fall admission - July fifteenth
           (ii) Spring admission - November fifteenth
           (iii) Summer admission - May fifteenth

   (c) Academic program deadlines:
       
           (i) Academic programs may have their own earlier deadlines. Prospective students should check with the academic programs to which they intend to apply for specific application deadlines. Programs
may refuse to consider applicants who do not comply with posted deadlines.

(d) Applicants are admitted to the Graduate College for a specific term only. If an applicant wishes to begin graduate coursework earlier than the admit term, the individual must receive approval from the academic program prior to registering for classes. If an applicant wishes to begin graduate coursework later than the admit term, the individual may request a deferment for up to twelve months. The deferment request should be submitted to the Graduate College and must be approved by the academic program. An applicant who has received a deferment must update and/or verify all contact information prior to initial registration.

(e) Applicants who do not enroll for the admit term or receive approval for a deferment will have their application cancelled. In order to be admitted to a subsequent term the applicant must submit a new application, including the application fee and any updated credentials.

(2) Graduate Concurrent Admissions

http://www.bgsu.edu/content/dam/BGSU/general-counsel/documents/enrollment-and-registration-graduate.pdf

(3) Admissions Categories

There are four graduate admission categories: regular admission, conditional admission, ELS conditional admission, and graduate non-degree.

(a) Regular Admission

Applicants are eligible for regular admission to the Graduate College if they have a minimum cumulative undergraduate grade point average of 2.75 out of 4.0 or the equivalent. An academic program may also request regular admission if an applicant has a minimum grade point
average of 3.0 in the last 60 credits of completed undergraduate work or a grade point average of 3.0 or higher in at least nine credits of graduate coursework. Admission to the Graduate College is contingent upon completion of the application process, recommendation from the academic program, and approval by the Dean of the Graduate College.

Official final credentials must be submitted to the Graduate College prior to the start of the admit term. Students who fail to supply the required documents will have a registration hold placed on their accounts for any subsequent term of enrollment until they are received.

(b) Conditional Admission

Applicants who do not meet the criteria for regular admission, or have deficiencies in other admissions criteria, are not eligible for regular admission to the Graduate College. However, conditional admission status may be granted with the recommendation of the academic program and approval by the Dean of the Graduate College. Applicants admitted conditionally must earn a minimum cumulative grade point average of 3.0 in the first nine graded graduate hours completed (e.g., no S/U or audit). Academic programs may specify additional requirements of students granted conditional admission status. Please note that international students cannot receive a student visa based on a conditional admission.

If a cumulative grade point average of 3.0 is not achieved in the first nine graded graduate hours completed, the student shall be dismissed from the program and the Graduate College.

A student who has been conditionally admitted is not eligible for a graduate assistantship or scholarship until regular status has been achieved, unless an exception has been requested by the academic program and approved by the Graduate College.
(c) ELS Conditional Admission

Prospective international students may be granted an ELS conditional admission if they enroll in an ELS Language Center and work toward successfully completing level 112 from an ELS Language Center rather than submit TOEFL or IELTS scores. Students enrolled at the ELS may apply for regular admission after successfully completing ELS level 112. While enrolled at ELS, students may not enroll in academic courses at BGSU or receive a graduate assistantship or scholarship. Furthermore, ELS conditional admission does not guarantee admission to a graduate program.

(d) Graduate Non-Degree Status

Graduate non-degree status allows students to pursue personal or professional goals by taking graduate courses without enrolling in a certificate or degree program. Admission to graduate non-degree status and successful completion of non-degree coursework neither indicates nor assures subsequent admission to a certificate or degree program, nor does it qualify a student for financial aid.

A graduate non-degree student who wishes to be considered for admission to a degree program should follow the procedures outlined in the next section, “Degree Program Admission Requirements.”

Some courses completed while on graduate non-degree status may be applied toward a degree program, contingent upon the approval of the degree program and the Graduate College. The non-degree student is not limited to the number of credit hours taken at BGSU; however, only nine graduate credit hours will transfer to a graduate degree program. In high demand academic areas, degree candidates will have priority over graduate non-degree students in registering for courses. Some specialized and clinical areas of study are not available for enrollment with graduate non-degree status.
(4) Admission Requirements

(a) Degree Program Admission Requirements

Applicants to graduate degree programs at the University must possess a bachelor’s degree from a regionally accredited college or university and present evidence of broad and thorough undergraduate preparation that indicates probable success in graduate study. Academic programs may have higher admission criteria and standards upon which admissions decisions are made. Prospective students should check with the academic programs to which they intend to apply for specific criteria.

An applicant to a degree program will be evaluated for admission when the following materials are submitted to the Graduate College:

(i) The application for admission;

(ii) A non-refundable application fee of $45 for domestic students and $75 for international students (for each application submitted);

(iii) Standardized test scores as specified below (e.g., GRE, PRAXIS II, GMAT);

(iv) The Test of English as a Foreign Language (TOEFL) or the International English Language Testing System (IELTS) for all whose first language is not English;

(v) A copy of an unofficial transcript from each institution attended must be uploaded at the time of application. Applicants must include ALL institutions attended regardless of the number or type of credits taken, terms attended, or whether transfer credits are reflected on another transcript. Bowling Green State University transcripts do not need to be submitted; and
Upon admission, an official transcript must be forwarded directly to the Graduate College from every institution where a degree was earned. If the degree has not yet been conferred, final official transcripts (showing the date and degree earned) are required to be submitted to the Graduate College as a condition of admission. Personal copies of transcripts are not acceptable. Transcripts "Issued to Student" are acceptable only if in a sealed envelope with the registrar’s stamp.

Applicants must submit all materials directly to:
Graduate College
120 McFall Center
Bowling Green State University
Bowling Green, OH, USA, 43403
gradinfo@bgsu.edu

(5) Graduate Non-Degree Admission Requirements

Applicants seeking admission as a non-degree graduate student must submit:

(a) A completed non-degree application for admission form;

(b) An unofficial transcript, showing highest degree earned. If no transcript is received with the application, verification of the highest degree earned will be undertaken by the Office of Registration and Records. Applications may be submitted to the Office of Registration and Records, 110 Administration Building, Bowling Green, OH 43403.

Graduate non-degree status applicants are not required to pay the application fee.

(6) Required Tests

See graduate program specifics for required standardized test (GRE GMAT, & PRAXIS II or a state approved teacher licensure exam).
(a) Graduate Record Examinations (GRE)

Unless otherwise indicated by specific program requirements, all applicants for admission to a graduate degree program must submit valid GRE General Test scores (obtained within the last five years) to the Graduate College. Some degree programs require scores from a GRE Subject Test. Please refer to the individual program descriptions in the Graduate Catalog to determine which programs require this information. The GRE is administered by the Educational Testing Service. The current GRE Information and Registration Bulletin is available on-line at www.gre.org.

(b) Graduate Management Admission Test (GMAT)

Valid GMAT scores are required (scores obtained within the last five years). The GMAT is administered by the Graduate Management Admission Council (GMAC). The current GMAT Bulletin of Information and Registration Form is available on-line at www.mba.com.

(c) The Praxis Series

Programs that accept the PRAXIS score require applicants to submit Praxis II (NTE) scores (valid for ten years). The current Praxis information is available on-line at www.ets.org.

(d) Test of English as a Foreign Language (TOEFL) and International English Language Testing System (IELTS)

Valid TOEFL or IELTS scores (obtained within the last two years) are required of all applying for admission whose first language is not English. The current Bulletin of Information for TOEFL is available on-line at www.ets.org. Information about the IELTS is available online at www.ielts.org.
Official TOEFL, MELAB, IELTS score report recommended minimums are:

(i) 80 TOEFL IBT
(ii) 77 MELAB
(iii) 6.5 IELTS

Students from countries whose population speaks English as their first language are exempt from the TOEFL examination. These countries include but are not limited to: Australia, Canada (except Quebec), Ireland, New Zealand, and the United Kingdom. Students may be exempt from the TOEFL examination if they come from countries whose first language is traditionally not English, yet English is mandated as the medium of instruction for secondary education. Examples of countries within this category include: Fiji, Ghana, Guyana, India, Kenya, Lesotho, Liberia, Nigeria, Sierra Leone, South Africa, Swaziland, Uganda, Zambia, and Zimbabwe. This list may vary from year to year as nations modify their existing language of instruction policies.

(e) Students Whose First Language is not English

All students whose first language is not English are required to take on-campus English proficiency tests before planning their first semester academic program with their graduate coordinator and before registration; this includes permanent residents. The on-campus English tests are coordinated by the English for Speakers of Other Languages (ESOL) Program. Based on the results of these tests and submitted TOEFL and IELTS scores, students may be required to enroll in ESOL courses.

Additionally, all graduate assistants who will serve in instructional capacities (teaching, tutoring, laboratory sections, etc.) who are not native speakers of English must demonstrate that they are orally proficient in the English language prior to working with students. Prospective
graduate assistants can demonstrate this proficiency by either providing an appropriate TOEFL iBT score or by completing the ESOL Program’s Spoken English Test for Graduate Assistants with Instructional Duties.

Satisfactory completion of all required ESOL courses is mandatory for continued university funding and graduation. More information about the ESOL Program’s Testing and Courses is available at http://www.bgsu.edu/arts-and-sciences/english/english-for-speakers-of-other-languages.html.

Generally, ESOL courses cannot be used to meet degree requirements. Students should check with their graduate program for possible exceptions.

(7) Transferring/Applying to Another Degree Program

Students who are currently admitted to a degree program or are completing a graduate degree and wish to be considered for admission to another degree program at BGSU should contact the Graduate College. Students may need to submit a new application for admission.

The following conditions must be met before a file can be forwarded for program evaluation:

(a) A new application for admission must be submitted to the Graduate College including required fees;

(b) Required test scores and transcripts must be submitted to the Graduate College (if not already on file);

(c) Any specific degree program requirements must be met;

(d) If a transfer from one degree program to another is requested, the graduate coordinator of the degree program from which the transfer is being made must be notified by the student in writing.
When acceptance to a degree program is granted, the change in admission status will become effective at the start of the admit term.

(8) Deferral

Admitted applicants to the Graduate College may defer their admission one time up to one year with the permission of the graduate program coordinator in the department to which the admission was granted. Applicants whose requests are denied or wishing to be considered for a later term must reapply. Deferrals apply to admission status only.

(9) Reactivation

If a student has had no registration activity for four or more semesters (including summer), the student will not be able to register for classes.

To apply for reactivation, a student must submit a Graduate Program Reactivation Form. Reactivation is subject to the approval of both the Graduate Coordinator and the Graduate College Dean or Designate.

A degree program may request additional documents prior to approving reactivation.

Registered Date: March 24, 2015
Amended Date: November 2, 2016, February 17, 2017, February 27, 2018
