(A) Policy Statement and Purpose

The purpose is to articulate how registered student organizations may request funding for programming, operating expenses and/or travel, as well as how to appeal funding request decisions and apply for funding requirement exemptions.

(B) Policy

(1) Philosophy

The Student Organization Allocation Board policy aligns with the university’s Mission, Vision, Core Values, and Strategic Plan. The philosophy of this policy is based upon the university’s commitment to provide monetary and other resources to recognized student organizations that provide programs and activities that enhance the co-curricular education of the entire BGSU student body. This policy complies with federal, state and local laws as well as other university policies.

(2) Membership

The Student Organization Allocation Board is comprised of faculty, staff, and student representatives appointed by the President, Senior Vice President and Provost, Vice President for Student Affairs and Vice Provost, and/or their designee(s).

(3) Guidelines
Three funding categories differentiate among types of requests – Programming/Events, Operations, and Travel. All requests are categorized into one of these three areas.

All requests must adhere to these requirements:

(a) The university's Mission, Vision, Core Values, and Strategic Plan will serve as the philosophical base when deciding the allocation of funds and resources.

(b) Funds may not be used to support programs or activities which are linked to academic courses and/or for which academic credit is awarded.

(c) Funds must be used to support programs and activities that are open to all students regardless of a specific race, sex, sexual orientation, gender identity, gender expression, color, national origin, ancestry, genetic information, pregnancy, religion, age, marital status, disability, or status as a veteran.

(d) Funds must be used to support programs and activities that are free to all students. Student organizations may only charge students a fee to participate in a program or activity funded by the Student Organization Allocation Board if they request and are granted approval when applying for funding.

(e) Funds and resources may not be used for scholarships, grants, gifts, prizes, awards, donations, financial aid, legal services, prohibited political activities, or sponsorship of elections.

(f) Funds may not be used to reimburse expenses incurred prior to receiving funding approval from the Student Organization Allocation Board.

(g) All student organizations will be audited annually by Campus Activities. The audits will be made available for
the Student Organization Allocation Board to review prior to the semester funding process.

(h) Spot audits may also occur as deemed necessary by Campus Activities.

(i) If the student organization audit indicates problems or irregularities, funds and resources may be frozen as deemed necessary by Campus Activities.

(j) All university-allocated funds will be swept from student organization accounts at the end of each semester. This does not apply to a student organization's fundraising dollars.

(k) Student organizations must use funds in accordance with all university policies and may be required to utilize preferred vendors and/or contracted suppliers when expending funds.

(l) Student organizations may not use funds to contract with individuals/entities, excluding currently enrolled Bowling Green State University students, in a way that would create an employment relationship. Accordingly, all service providers must follow the university’s policies and meet criteria as an Independent Contractor. For more information, visit http://www.bgsu.edu/finance-and-administration/controller/independent-contractor.html.

(m) Student organizations that receive funding must reconcile all transactions and complete a post-assessment within 30 days following the program/event, return from travel, or operational purchase. Failure to complete these steps may impact future eligibility for funding and/or resources.

(n) Funds must be used for the express purpose that they are allocated for unless the student organization submits and is approved for a budget modification in advance by Campus Activities.

(o) Any funds that are not used for their expressly approved purpose will be released from the organization’s treasury
and returned following the program/event, return from travel, and/or operational purchase.

(p) Recognized Student Organizations shall maintain all student organization funds, including fundraising dollars, in their university account and are not permitted to have off-campus bank accounts. Designated social fraternal organizations are exempted from this requirement.

(q) Recognized Student Organizations with selective membership standards are only eligible to apply for Programming/Events Funds and may not apply for or receive Operating and/or Travel Funds without being approved for an exemption in advance by the Dean of Students, or designee.

4) Requests

Recognized Student Organizations may request funding and/or resources from the Student Organization Allocation Board. Only Recognized Student Organizations whose presidents, treasurers, and advisors have completed their respective training(s) and student organization who are in good standing with the university may receive funding and/or resources. These funds/resources are intended to support student organization programs and activities but not to fully fund organizations. The Student Organization Allocation Board will only fund up to 75% of a student organization’s budget.

Student organizations are not guaranteed funding or resources. Allocations for a student organization will be based upon the Student Organization Allocation Board’s evaluation of the student organization’s request, available funds and/or resources, and information gathered during financial consultations and/or audits.
