(B) Policy

(1) BGSU Orange

(a) The principal identity color of BGSU is orange. When possible, this color should appear on any visual communication. The BGSU orange was chosen because of its vibrancy and accessibility. It can be used on either a light or dark background at no smaller than 19 pt font. In addition, white and black type also remains very legible when printed on the BGSU orange. In most cases, the BGSU orange should be used as an accent color with black since black is a more legible text color.

CMYK: 0C/76M/100Y/0K*
