Monday, April 23 – Shakespeare’s birthday/death day & Don Quixote’s birthday

Recent Graduate Student’s Professional Accomplishments
School of Media & Communication
Yannick Kluch Honored for Excellence in Teaching as a Graduate Student
For doctoral student Yannick Kluch, "learning is a journey, not a destination," and he seamlessly brings that philosophy into the classroom as a teacher in the School of Media and Communication. In recognition of his teaching excellence, Kluch recently was named the winner of the Central States Communication Association's 2018 Cooper Award for teaching by a Ph.D. student. He becomes the first Bowling Green State University student ever to receive the prestigious honor.
