

Criminal Justice Graduate Funding Opportunities

Funding is available through a limited number of stipends and tuition scholarships for on-campus students who qualify. This financial assistance is highly competitive. Funding decisions are typically made in early April for the upcoming fall and spring semesters (students are rarely funded in the summer). To be considered for a stipend or tuition scholarship, a student must submit a completed **application** by **April 1st**, with the intention of starting the program the following summer (May), fall (August), or spring (January) semester (e.g., complete an application by April 1, 2019, for an August 2019 or fall semester start).

Graduate student funding is awarded to students on a competitive basis. The aim of our funding opportunities are (1) to provide competitive and meaningful funding awards to exceptional and promising students, (2) to provide valuable and collaborative learning experiences for graduate students and faculty, and (3) to facilitate program completion in a timely manner.
