

**Non-tenure Track Faculty Position
Bowling Green State University
Medical Laboratory Science Degree Program**

Position Description: The long standing NAACLS-accredited Medical Laboratory Science (MLS) program at Bowling Green State University (BGSU), Bowling Green, Ohio is seeking applicants for a 9-month non-tenure track faculty position. (Summer teaching opportunities available.) The MLS program seeks individuals to join our undergraduate program during an exciting time of growth and new opportunities.

Primary responsibilities: Teaching courses in the Medical Laboratory Science program in an area based on the candidate's educational or teaching experience, which may include clinical microbiology, clinical chemistry, immunology, immunohematology, hematology or related courses. Participating in program and curriculum development, recruiting and advising students, and engaging in other program activities.

Qualifications: An earned Master's Degree in science, chemistry or biology by position start date is required. Preference will be given to Medical Laboratory Scientist/Medical Technologists who are certified as ASCP-BOC U.S. generalist. Candidates with MLS educational experience (e.g. teaching, curriculum design, scholarly contributions, policy development, and/or educational outcomes assessment) are desirable.

Salary: Salary is competitive and commensurate with candidate's experience and credentials.

Position Availability: Possible starting date as early as January 2018

Applicants should submit a letter of application and full curriculum vitae summarizing their suitability for the job, a statement of teaching philosophy, contact information and contact information for three professional references. Finalists are also required to furnish official transcripts and are subject to a background check.

Applications deadline November 3, 2017.

The Medical Laboratory Science program is in the Department of Public and Allied Health which is located in the College of Health and Human Services. The Department of Public and Allied Health also supports undergraduate and graduate degrees in Applied Health Science, Public Health, and Dietetics and Nutrition Sciences. Together these programs provide excellent opportunities for applied research, internships, and collaborations.

The Medical Laboratory Science program was reaccredited by NAACLS in 2013 for seven additional years and it is affiliated with 12 regional hospitals and labs. In Fall 2017, BGSU opened its newly renovated science laboratories which included state-of-the-art facilities for the Medical Laboratory Science program. These laboratory facilities were designed to maximize faculty and student collaboration opportunities. More information is available on the web at: <http://www.bgsu.edu/college-of-health-and-human-services.html>

Bowling Green State University is a residential campus located in Northwest Ohio approximately 20 miles south of Toledo, Ohio. Approximately 20,000 students (including 2900 graduate students) attend BGSU, which
