

Nursing Majors To **CHANGE** your **GRADE OPTION**

Complete the schedule change form, a professor's signature is not necessary.

Any class taken with the S/U option will not count towards the 122 hours needed for graduation in the nursing program.

- Check with an advisor before changing your grade option.
- If you stop attending an "S/U" course, you will receive a letter grade for that course.
- If this is a retake, you must use the same grading option as the first time you took the course.
- If you retake the course in the future, it must be re-taken as the same grading option
- A grade of "C" or better is passing (S), a "D" or "F" is not passing (U)

I have read and understand the instructions above.

Print name:

Signature:

Major:

Minor (if applicable):
