AMENDMENT (Subrogation for self-funded public plans)

This Amendment modifies the coverage described in your Benefit Book and is effective on your plan's first renewal occurring on or after January 1, 2017. It is subject to all the terms and conditions of the plan, except as stated. This Amendment terminates concurrently with the plan to which it is attached. Please place this Amendment with your Benefit Book for future reference.

The provision entitled "Subrogation and Right of Reimbursement" is deleted in its entirety and replaced with the following:

Subrogation and Right of Recovery

The provisions of this section apply to all current or former plan participants and also to the parents, guardian, or other representative of a dependent child who incurs claims and is or has been covered by the Plan. The Plan's right to recover (whether by subrogation or reimbursement) shall apply to the personal representative of your estate, your decedents, minors, and incompetent or disabled persons. "You" or "your" includes anyone on whose behalf the Plan pays benefits. No adult Covered Person hereunder may assign any rights that it may have to recover medical expenses from any tortfeasor or other person or entity to any minor child or children of said adult covered person without the prior express written consent of the Plan.

The Plan's right of subrogation or reimbursement, as set forth below, extend to all insurance coverage available to you due to an injury, illness or condition for which the Plan has paid medical claims (including, but not limited to, liability coverage, uninsured motorist coverage, underinsured motorist coverage, personal umbrella coverage, medical payments coverage, workers compensation coverage, no fault automobile coverage or any first party insurance coverage).

Your health plan is always secondary to automobile no-fault coverage, personal injury protection coverage, or medical payments coverage.

No disbursement of any settlement proceeds or other recovery funds from any insurance coverage or other source will be made until the health plan's subrogation and reimbursement interest are fully satisfied.

Subrogation

The right of subrogation means the Plan is entitled to pursue any claims that you may have in order to recover the benefits paid by the Plan. Immediately upon paying or providing any benefit under the Plan, the Plan shall be subrogated to (stand in the place of) all of your rights of recovery with respect to any claim or potential claim against any party, due to an injury, illness or condition to the full extent of benefits provided or to be provided by the Plan. The Plan may assert a claim or file suit in your name and take appropriate action to assert its subrogation claim, with or without your consent. The Plan is not required to pay you part of any recovery it may obtain, even if it files suit in your name.

Reimbursement

If you receive any payment as a result of an injury, illness or condition, you agree to reimburse the Plan first from such payment for all amounts the Plan has paid and will pay as a result of that injury, illness or condition, up to and including the full amount of your recovery. Benefit payments made under the Plan are conditioned upon your obligation to reimburse the Plan in full from any recovery you receive for your injury, illness or condition.

Constructive Trust

By accepting benefits (whether the payment of such benefits is made to you or made on your behalf to any provider) you agree that if you receive any payment as a result of an injury, illness or condition, you will serve as a constructive trustee over those funds. Failure to hold such funds in trust will be deemed a breach of your fiduciary duty to the Plan. No

disbursement of any settlement proceeds or other recovery funds from any insurance coverage or other source will be made until the health plan's subrogation and reimbursement interest are fully satisfied.

Lien Rights

Further, the Plan will automatically have a lien to the extent of benefits paid by the Plan for the treatment of the illness, injury or condition upon any recovery whether by settlement, judgment or otherwise, related to treatment for any illness, injury or condition for which the Plan paid benefits. The lien may be enforced against any party who possesses funds or proceeds representing the amount of benefits paid by the Plan including, but not limited to, you, your representative or agent, and/or any other source that possessed or will possess funds representing the amount of benefits paid by the Plan.

Assignment

In order to secure the Plan's recovery rights, you agree to assign to the Plan any benefits or claims or rights of recovery you have under any automobile policy or other coverage, to the full extent of the Plan's subrogation and reimbursement claims. This assignment allows the plan to pursue any claim you may have, whether or not you choose to pursue the claim.

First-Priority Claim

By accepting benefits from the Plan, you acknowledge that the Plan's recovery rights are a first priority claim and are to be repaid to the Plan before you receive any recovery for your damages. The Plan shall be entitled to full reimbursement on a first-dollar basis from any payments, even if such payment to the Plan will result in a recovery which is insufficient to make you whole or to compensate you in part or in whole for the damages sustained. The Plan is not required to participate in or pay your court costs or attorney fees to any attorney you hire to pursue your damage claim.

Applicability to All Settlements and Judgments

The terms of this entire subrogation and right of recovery provision shall apply and the Plan is entitled to full recovery regardless of whether any liability for payment is admitted and regardless of whether the settlement or judgment identifies the medical benefits the Plan provided or purports to allocate any portion of such settlement or judgment to payment of expenses other than medical expenses. The Plan is entitled to recover from any and all settlements or judgments, even those designated as pain and suffering, non-economic damages and/or general damages only. The Plan's claim will not be reduced due to your own negligence.

Cooperation

You agree to cooperate fully with the Plan's efforts to recover benefits paid. It is your duty to notify the Plan within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of your intention to pursue or investigate a claim to recover damages or obtain compensation due to your injury, illness or condition. You and your agents agree to provide the Plan or its representatives notice of any recovery you or your agents obtain prior to receipt of such recovery funds or within 5 days if no notice was given prior to receipt. Further, you and your agents agree to provide notice prior to any disbursement of settlement or any other recovery funds obtained. You and your agents shall provide all information requested by the Plan, the Claims Administrator or its representative including, but not limited to, completing and submitting any applications or other forms or statements as the Plan may reasonably request and all documents related to or filed in personal injury litigation. Failure to provide this information, failure to assist the Plan in pursuit of its subrogation rights or failure to reimburse the Plan from any settlement or recovery you receive may result in the denial of any future benefit payments or claim until the Plan is reimbursed in full, termination of your health benefits or the institution of court proceedings against you.

You shall do nothing to prejudice the Plan's subrogation or recovery interest or prejudice the Plan's ability to enforce the terms of this Plan provision. This includes, but is not limited to, refraining from making any settlement or recovery that attempts to reduce or exclude the full cost of all benefits provided by the Plan or disbursement of any settlement proceeds or other recovery prior to fully satisfying the health plan's subrogation and reimbursement interest.

You acknowledge that the Plan has the right to conduct an investigation regarding the injury, illness or condition to identify potential sources of recovery. The Plan reserves the right to notify all parties and his/her agents of its lien. Agents include, but are not limited to, insurance companies and attorneys.

You acknowledge that the Plan has notified you that it has the right pursuant to the Health Insurance Portability & Accountability Act ("HIPAA"), 42 U.S.C. Section 1301 et seq, to share your personal health information in exercising its subrogation and reimbursement rights.

Future Benefits

If you fail to cooperate with and reimburse the Plan, the health plan reserves the right to deny any future benefit payments on any other claim made by you until the Plan is reimbursed in full. However, the amount of any covered services excluded under this section will not exceed the amount of your recovery.

Interpretation

In the event that any claim is made that any part of this subrogation and right of recovery provision is ambiguous or questions arise concerning the meaning or intent of any of its terms, the Claims Administrator for the Plan shall have the sole authority and discretion to resolve all disputes regarding the interpretation of this provision.

Jurisdiction

By accepting benefits from the Plan, you agree that any court proceeding with respect to this provision may be brought in any court of competent jurisdiction as the Plan may elect. By accepting such benefits, you hereby submit to each such jurisdiction, waiving whatever rights may correspond by reason of your present or future domicile. By accepting such benefits, you also agree to pay all attorneys' fees the plan incurs in successful attempts to recover amounts the plan is entitled to under this section.

Discretionary Authority

The Plan shall have discretionary authority to interpret and construct the terms and conditions of the Subrogation and Reimbursement provisions and make determination or construction which is not arbitrary and capricious. The Plan's determination will be final and conclusive.

AMENDMENT

This Amendment modifies the coverage described in your Certificate/Benefit Book and is effective at the time of your plan's next renewal occurring on or after May 1, 2016. It is subject to all the terms and conditions of the plan, except as stated. This Amendment terminates concurrently with the plan to which it is attached. Please place this Amendment with your Certificate/Benefit Book for future reference.

1. The following definition is added:

Specialty Prescription Drugs - A Prescription Drug that:

- is approved only to treat limited patient populations, indications or Conditions; and
- is normally, but not always, injected, infused or requires close monitoring by a Physician or clinically trained individual; and
- meets one of the following:
 - the FDA has restricted distribution of the drug to certain facilities or Providers; or
 - requires special handling, Provider coordination or patient education that cannot be met by a retail Pharmacy.

2. The following is added to the Drugs and Biologicals Health Care Benefit:

- Specialty Prescription Drugs require prior approval from Medical Mutual.
- Medical Mutual, along with your Physician, will determine which setting is most appropriate for these drugs and biologicals to be administered to you.
- Medical Mutual may, in its sole discretion, establish quantity and/or age limits for specific Prescription Drugs. Covered Services will be limited based upon Medical Necessity, quantity and/or age limits established by Medical Mutual or utilization guidelines. Medical Mutual may require utilization programs, such as Step Therapy, Prior Authorization, or Quantity Limits on certain Prescription Drugs. These programs are described further below. The Medical Necessity decisions are made by going through a coverage review process.

Step Therapy: a program to determine whether you qualify for coverage based upon certain information, such as medical history, drug history, age and gender. The program requires that you try another drug before the target drug will be covered under this plan, unless special circumstances exist. If your Physician believes that special circumstances exist, he or she may request a coverage review.

Prior Authorization: a program applied to certain Prescription Drugs and/or therapeutic categories to define and/or limit the conditions under which they will be covered. Prior authorization helps promote appropriate use and enforcement of medically accepted guidelines for Prescription Drug benefit coverage.

Prior Authorization is required for most Specialty Prescription Drugs and may also be required for certain other Prescription Drugs (or the prescribed quantity of a certain Prescription Drug).

Quantity Limits: certain Prescription Drugs are covered only up to a certain limit. Quantity Limits help promote appropriate dosing of Prescription Drugs and enforce medically accepted guidelines for Prescription Drug benefit coverage. Obtaining quantities beyond the predetermined limit requires Prior Authorization.

Notes

1. Under "Embedded processing," the Deductible applicable to single coverage must first be satisfied for at least one Covered Person within a family before Covered Services are payable for that Covered Person. After the Deductible has been met for that Covered Person, the Coinsurance Limit applicable to single coverage would then apply. Before Covered Services become payable for any other covered Dependents, the Deductible applicable to family coverage must be satisfied. After the family Deductible has been met, the Coinsurance Limit applicable to family coverage would then apply.

Under "Aggregate processing," expenses for Covered Services incurred by each family member are combined to satisfy the family Deductible and Coinsurance Limit. Therefore, the entire family Deductible must be satisfied before Covered Services are payable for any Covered Person within the family.

2. The Coinsurance percentage will be the same for Non-Contracting Providers as Non-PPO Network Providers but you may still be subject to balance billing and/or Excess Charges. Payments to Contracting Non-PPO Network Providers are based on Allowed Amount. Payments to Non-Contracting Providers are based on the Non-Contracting Amount.

3. You will be responsible for 100% of the Non-Contracting Amount when Covered Services are received from a Non-Contracting Other Facility Provider which is not a Hospital, Skilled Nursing Facility, Home Health Care Agency, Hospice Facility or Freestanding Ambulatory Surgical Facility.
4. Includes Office Visits to a Psychiatrist or Psychologist, Licensed Independent Social Worker, Licensed Professional Clinical Counselor, and Licensed Marriage-Family Therapist.
5. If a diagnosis of a medical Condition is made during the screening (e.g., removal of a polyp), the procedure is no longer considered routine and may be considered a diagnostic procedure under Surgical Services.

PPO NETWORK COMPREHENSIVE MAJOR MEDICAL HEALTH CARE BENEFIT BOOK

This Benefit Book describes the health care benefits available to you as a Covered Person in the Self Funded Health Benefit Plan (the Plan) offered to you by Bowling Green State University (BGSU), the Group. This is not a summary plan description by itself. However, it may be attached to or included with a document prepared by your Group that is called a summary plan description.

There is an Administrative Services Agreement between Medical Mutual Services, LLC (Medical Mutual) and the Group pursuant to which Medical Mutual processes claims and performs certain other duties on behalf of the Group.

All persons who meet the following criteria are covered by the Plan and are referred to as **Covered Persons, you or your**. They must:

- pay for coverage if necessary; and
- satisfy the Eligibility conditions specified by the Group.

The Group and Medical Mutual shall have the exclusive right to interpret and apply the terms of this Benefit Book. The decision about whether to pay any claim, in whole or in part, is within the sole discretion of Medical Mutual, subject to any available appeal process.

This Benefit Book should be read and re-read in its entirety. Many of the provisions of this Benefit Book are interrelated; therefore, reading just one or two provisions may not give you an accurate impression of your coverage.

Your Benefit Book may be modified by the attachment of Riders and/or amendments. Please read the provisions described in these documents to determine the way in which provisions in this Benefit Book may have been changed.

Many words used in this Benefit Book have special meanings. These words will appear capitalized and are defined for you in the Definitions section. By reviewing these definitions, you will have a clearer understanding of your Benefit Book.

Grandfathered Health Plan Disclosure

The Group believes this Plan is a "grandfathered health plan" under the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that your Plan may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to your group official.

You may also contact the Employee Benefits Security Administration, U.S. Department of Labor at 1-866-444-3272 or www.dol.gov/ebsa/healthreform. This website has a table summarizing which protections do and do not apply to grandfathered health plans.

NOTICE:

If you or your family members are covered by more than one health care plan, you may not be able to collect benefits from both plans. Each plan may require you to follow its rules or use specific doctors and Hospitals, and it may be impossible to comply with both plans at the same time. Read all of the rules very carefully, including the Coordination of Benefits section, and compare them with the rules of any other plan that covers you or your family.

HOW TO USE YOUR BENEFIT BOOK

This Benefit Book describes your health care benefits. Please read it carefully.

The **Schedule of Benefits** gives you information about the limits and maximums of your coverage and explains your Coinsurance, Copayment and Deductible obligations, if applicable.

The **Definitions** section will help you understand unfamiliar words and phrases. If a word or phrase starts with a capital letter, it is either a title or it has a special meaning. If the word or phrase has a special meaning, it will be defined in this section or where used in the Benefit Book.

The **Eligibility** section outlines how and when you and your dependents become eligible for coverage under the Plan and when this coverage starts.

The **Health Care Benefits** section explains your benefits and some of the limitations on the Covered Services available to you.

The **Exclusions** section lists services which are not covered in addition to those listed in the Health Care Benefits section.

The **General Provisions** section tells you how to file a claim and how claims are paid. It explains how Coordination of Benefits and Subrogation work. It also explains when your benefits may change, how and when your coverage stops and how to obtain coverage if this coverage stops.

Emergency Medical Condition - a medical Condition manifesting itself by acute symptoms of sufficient severity, including severe pain, so that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in:

- Placing an individual's health in serious jeopardy, or with respect to a pregnant woman, the health of the woman or her unborn child;
- Result in serious impairment to the individual's bodily functions; or
- Result in serious dysfunction of a bodily organ or part of the individual.

Emergency Services - a medical screening examination as required by federal law that is within the capability of the emergency department of a Hospital, including ancillary services routinely available to the emergency department to evaluate such Emergency Medical Condition; and such further medical examination and treatment, to the extent they are within the capabilities of the staff and facilities available at the Hospital, as are required under section 1867 of the Social Security Act (42 U.S.C. 1395dd) to Stabilize the patient.

Enrollment Application - an electronic or paper form you complete for yourself and your Eligible Dependents to be considered for coverage under the Plan.

Experimental or Investigational Drug, Device, Medical Treatment or Procedure - a drug, device, medical treatment or procedure is Experimental or Investigational:

- if the drug or device cannot be lawfully marketed without approval of the U.S. Food and Drug Administration, and approval for marketing has not been given at the time the drug or device is provided; or
- if reliable evidence shows that the drug, device, medical treatment or procedure is not considered to be the standard of care, is the subject of ongoing phase I, II or III clinical trials, or is under study to determine maximum tolerated dose, toxicity, safety, efficacy, or efficacy as compared with the standard means of treatment or diagnosis; or
- if reliable evidence shows that the consensus of opinion among experts is that the drug, device, medical treatment or procedure is not the standard of care and that further studies or clinical trials are necessary to determine its maximum tolerated dose, toxicity, safety, efficacy or efficacy as compared with the standard means of treatment or diagnosis.

Reliable evidence may consist of any one or more of the following:

- published reports and articles in the authoritative medical and scientific literature;
- opinions expressed by expert consultants retained by Medical Mutual to evaluate requests for coverage;
- the written protocol or protocols used by the treating facility or the protocol(s) of another facility studying substantially the same drug, device, medical treatment or procedure;
- the written informed consent used by the treating facility or by another facility studying substantially the same drug, device, medical treatment or procedure;
- corporate medical policies developed by Medical Mutual; or
- any other findings, studies, research and other relevant information published by government agencies and nationally recognized organizations.

Even if a drug, device, or portion of a medical treatment or procedure is determined to be Experimental or Investigational, the Plan will cover those Medically Necessary services associated with the Experimental or Investigational drug, device, or portion of a medical treatment or procedure that the Plan would otherwise cover had those Medically Necessary services been provided on a non-Experimental or non-Investigational basis.

The determination of whether a drug, device, medical treatment or procedure is Experimental or Investigational shall be made by the Group and Medical Mutual in their sole discretion, and that determination shall be final and conclusive, subject to any available appeal process.

Federally Eligible Individual -

- an individual who has had an 18-month period of Creditable Coverage with final coverage through an employer group plan, governmental plan or church plan. Coverage, after which there was a break of more than 63 days does not count in the period of Creditable Coverage. Creditable Coverage will be counted based on the standard method without regard to specific benefits;
- an individual who must apply within 63 days of the end of the termination date of his or her coverage under the group policy;
- an individual must not be eligible for coverage under a group health plan, Medicare or Medicaid;
- an individual must not have other health insurance coverage;
- an individual whose most recent prior coverage has not been terminated for nonpayment of premium or fraud; and
- if the individual elected COBRA coverage or state continuation coverage, the individual must exhaust all such continuation coverage to become a Federally Eligible Individual. Termination for non-payment of premium does not constitute exhausting such coverage.

Full-time Student - a person who is enrolled and attending full time in a recognized course of study or training at one of the following educational institutions:

- appropriate with regard to the standards of good medical practice and not Experimental or Investigational;
- not primarily for your convenience or the convenience of a Provider; and
- the most appropriate supply or level of service which can be safely provided to you. When applied to the care of an Inpatient, this means that your medical symptoms or Condition require that the services cannot be safely or adequately provided to you as an Outpatient. When applied to Prescription Drugs, this means the Prescription Drug is cost effective compared to alternative Prescription Drugs which will produce comparable effective clinical results.

The Negotiated Amount may include performance withholds and/or payments to Providers for quality or wellness incentives that may be earned and paid at a later date. Your Copayment, Deductible and/or Coinsurance amounts may include a portion that is attributable to a quality incentive payment or bonus and will not be adjusted or changed if such payments are not made.

The Negotiated Amount for Providers does not include adjustments and/or settlement due to prompt payment discounts, guaranteed discount corridor provisions, maximum charge increase limitation violations, performance withhold adjustments or any settlement, incentive, allowance or adjustment that does not accrue to a specific claim. In addition, the Negotiated Amount for Prescription Drugs does not include any share of formulary reimbursement savings (rebates), volume-based credits or refunds or discount guarantees.

In certain circumstances, Medical Mutual may have an agreement or arrangement with a vendor who purchases the services, supplies or products from the Provider instead of Medical Mutual contracting directly with the Provider itself. In these circumstances, the Negotiated Amount will be based upon the agreement or arrangement Medical Mutual has with the vendor and not upon the vendor's actual negotiated price with the Provider, subject to the further conditions and limitations set forth herein.

Non-Contracting - the status of a Provider that does not have a contract with Medical Mutual or one of its networks.

Non-Contracting Amount - subject to applicable law, the maximum amount allowed by Medical Mutual for Covered Services provided to Covered Persons by a Non-Contracting Provider based on various factors, including, but not limited to, market rates for that service, Negotiated Amounts for that service, and Medicare reimbursement for that service. The

Non-Contracting Amount will likely be less than the Provider's Billed Charges. If you receive services from a Non-Contracting Provider, and you are balanced billed for the difference between the Non-Contracting Amount and the Billed Charges, you may be responsible for the full amount up to the Provider's Billed Charges, even if you have met your Coinsurance Limit.

Non-Covered Charges - Billed Charges for services and supplies that are not Covered Services.

ELIGIBILITY

Enrolling for Coverage

Prior to receiving this Benefit Book, you enrolled, and were accepted or approved by your Group for employee only, employee and spouse, employee and child(ren) or employee and family coverage. For any type of coverage, you may have completed an Enrollment Form. There may be occasions when the information on the Enrollment Form is not enough. The Group will then request the additional data needed to determine whether your dependents are Eligible Dependents.

You will not be eligible for coverage under this plan if you are enrolled in or covered by any other qualified high deductible health plan (QHDHP) under your spouse's plan.

Under employee only coverage, only the Card Holder is covered. Under employee and spouse coverage, only the Card Holder and the Card Holder's spouse are covered. Under employee and child(ren) coverage, only the Card Holder and the Card Holder's Eligible Dependent child or children are covered. Under employee and family coverage, the Card Holder, the Card Holder's spouse and the Card Holder's Eligible Dependent child or children are covered.

Eligible Employee

An Eligible Employee is:

Any full-time administrative, classified, faculty or post-doc employee of the Group who meets the eligibility requirements of the Group including working the required number of hours that the Group requires for eligibility.

Eligible Dependents

An Eligible Dependent is:

- the Card Holder's spouse;
- the Card Holder's, spouse's:
 - natural children;
 - stepchildren;
 - children placed for adoption and legally adopted children;
 - children for whom either the Card Holder or Card Holder's spouse is the Legal Guardian or Custodian; or
 - any children who, by court order, must be provided health care coverage by the Card Holder or Card Holder's spouse.

Child Support Order

In general, a medical child support order is a court order that requires an Eligible Employee to provide medical coverage for his or her children in situations involving divorce, legal separation or paternity dispute. A medical child support order may not require the Plan to provide any type or form of benefit, or any option not otherwise provided under the Plan, except as otherwise required by law. This Plan provides benefits according to the requirements of a medical child support order that is entered by a court of competent jurisdiction or by a local child support enforcement agency. The Group will promptly notify affected Card Holders if a medical child support order is received. The Group will notify these individuals of its procedures for determining whether medical child support orders meet the requirements of the Plan; within a reasonable time after receipt of such order, the Group will determine whether the order is acceptable and notify each affected Card Holder and of its determination. Once the dependent child is enrolled under a medical child support order, the child's appointed guardian will receive a copy of all pertinent information provided to the Eligible Employee. In addition, should the Eligible Employee lose eligibility status, the guardian will receive the necessary information regarding the dependent child's rights for continuation of coverage under COBRA.

Effective Date

Coverage starts at 12:01 a.m. on the Effective Date. The Effective Date is determined by the Group. No benefits will be provided for services, supplies or charges Incurred before your Effective Date.

Changes in Coverage

If you have employee only coverage, you may change to employee and spouse, employee and child(ren) or employee and family coverage if you marry or you or your spouse acquire an Eligible Dependent. You must notify your benefits administrator who must then notify Medical Mutual of the change.

Coverage for a spouse and other dependents who become eligible by reason of marriage will be effective the first of the month following the date of the marriage if a request for their coverage is submitted to the Group **within 30 days of the marriage**. A newborn child or an adopted child will be covered as of the date of birth or adoptive placement, provided that you request enrollment **within 30 days of the date of birth or adoptive placement**. Coverage will continue for an adopted child unless the placement is disrupted prior to legal adoption and the child is removed from placement.

It is important to complete and submit your Enrollment Form promptly, because the date this new coverage begins will depend on when you request enrollment.

Under Ohio law, certain changes in circumstance (i.e., moving back to Ohio) provide for an additional enrollment opportunity for dependent children. Contact your Group benefits administrator for additional information.

There are occasions when circumstances change and only the Card Holder is eligible for coverage. Employee and spouse, employee and child(ren) or employee and family coverage must then be changed to employee only coverage. In addition, the Group must be notified when you or an Eligible Dependent under your Benefit Book becomes eligible for Medicare.

Special Enrollment

You or your Eligible Dependent who has declined the coverage provided by this Benefit Book may enroll for coverage under this Benefit Book during any special enrollment period if you lose coverage or add a dependent for the following reasons, as well as any other event that may be added by federal regulations:

1. In order to qualify for special enrollment rights because of loss of coverage, you or your Eligible Dependent must have had other group health plan coverage at the time coverage under this Benefit Book was previously offered. You or your Eligible Dependent must have also stated, in writing, at that time that coverage was declined because of the other coverage, but only if Medical Mutual required such a statement at the time coverage was declined, and you were notified of this requirement and the consequences of declining coverage at that time.
2. If coverage was non-COBRA, loss of eligibility or the Group's contributions must end. A loss of eligibility for special enrollment includes:
 - a. Loss of eligibility for coverage as a result of divorce or legal separation
 - b. Cessation of dependent status (such as attaining the maximum age to be eligible as a dependent child under the Benefit Book)
 - c. Death of an Eligible Employee
 - d. Termination of employment
 - e. Reduction in the number of hours of employment that results in a loss of eligibility for plan participation (including a strike, layoff or lock-out)
 - f. Loss of coverage that was one of multiple health insurance plans offered by an employer, and the Eligible Employee elects a different plan during an open enrollment period
 - g. An individual no longer resides, lives, or works in an HMO Service Area (whether or not within the choice of the individual), and no other benefit package is available to the individual through the other employer
 - h. A situation in which a plan no longer offers any benefits to the class of similarly situated individuals that includes the individual
 - i. A situation in which an individual incurs a claim that would meet or exceed a medical plan lifetime limit on all benefits (additional requirements apply)
 - j. Termination of an employee's or dependent's coverage under Medicaid or under a state child health insurance plan (CHIP)
 - k. The employee or dependent is determined to be eligible for premium assistance in the Group's plan under a Medicaid or CHIP plan
3. If you or your Eligible Dependent has COBRA coverage, the coverage must be exhausted in order to trigger a special enrollment right. Generally, this means the entire 18, 29 or 36-month COBRA period must be completed in order to trigger a special enrollment for loss of other coverage.

4. Enrollment must be supported by written documentation of the termination of the other coverage with the effective date of said termination stated therein. With the exception of items "j" (termination of Medicaid or CHIP coverage) and "k" (eligibility for premium assistance) above, notice of intent to enroll must be provided to Medical Mutual by the Group no later than **thirty (30) days** following the triggering event with coverage to become effective on the date the other coverage terminated. For items "j" and "k" above, notice of intent to enroll must be provided to Medical Mutual by the Group within **sixty (60) days** following the triggering event, with coverage to become effective on the date of the qualifying event.

If you have a new dependent as a result of marriage, birth, adoption or placement for adoption, you may be able to enroll yourself and your Eligible Dependents provided that you request enrollment within thirty (30) days after the marriage, birth, adoption or placement for adoption.

Your Identification Card

You will receive identification cards. These cards have the Card Holder's name and identification number on them. The identification card should be presented when receiving Covered Services under this coverage because it contains information you or your Provider will need when submitting a claim or making an inquiry. Your receipt or possession of an identification card does not mean that you are automatically entitled to benefits.

After coverage ends, use of the identification card is not permitted and may subject you to legal action.

HEALTH CARE BENEFITS

This section describes the services and supplies covered if provided and billed by Providers. All Covered Services must be Medically Necessary unless otherwise specified.

Please refer to the Prior Approval of Non-PPO Network Benefits in the How Claims Are Paid section of the General Provisions for information regarding services received from Non-PPO Network Providers.

Your Plan, as required by the Women's Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema. Call the Customer Service number located on your identification card for more information.

Allergy Tests and Treatments

Allergy tests and treatment that are performed and related to a specific diagnosis are Covered Services. Desensitization treatments are also covered.

Ambulance Services

Transportation for Conditions other than Emergency Medical Conditions via ambulance must be certified by your Physician. Transportation services are subject to medical review to determine Medical Necessity. Ambulance services include local ground transportation by a vehicle equipped and used only to transport the sick and injured:

- from your home, scene of an accident or Emergency Medical Condition to a Hospital;
- between Hospitals;
- between a Hospital and a Skilled Nursing Facility;
- from a Hospital or Skilled Nursing Facility to your home; or
- from a Physician's office to a Hospital.

Trips must be to the closest facility that is medically equipped to provide the Covered Services that are appropriate for your Condition.

Transportation for Emergency Medical Conditions will also be covered when provided by a professional ambulance service for other than local ground transportation such as air and water transportation, only when special treatment is required and the transportation is to the nearest Hospital qualified to provide the special treatment.

Transportation services provided by an ambulette or a wheelchair van are not Covered Services.

Case Management

Case management is an economical, common sense approach to managing health care benefits. Medical Mutual's case management staff evaluates opportunities to cover cost-effective alternatives to the patient's current health care needs. Case management has proven to be very effective with catastrophic cases, long-term care, psychiatric and substance abuse treatment and cardiac rehabilitation therapy. In such instances, benefits not expressly covered in this Benefit Book may be approved. All case management programs are voluntary for the patient.

Phase II cardiac rehabilitation therapy services which are Medically Necessary as a result of a cardiac event may be covered through case management if certain criteria is met. This criteria includes myocardial infarction or history of myocardial infarction, percutaneous transluminal cardiac angioplasty, coronary artery bypass graft, valve replacement,

organ transplant (within six months of receiving the transplant), a history of three or more admissions that include a cardiac diagnosis (within a one year period). The therapy services must be reasonably expected to result in a significant improvement in the level of cardiac functioning.

Coverage for these services must be approved in advance and in writing by Medical Mutual.

To learn more about these services, you may contact Medical Mutual's case management staff.

Clinical Trial Programs

Benefits are provided for routine patient care as it relates to Clinical Trial Programs, consistent with coverage as defined below, administered to a Covered Person participating in any stage of an eligible cancer clinical trial, if that care would be covered under the Plan if the Covered Person was not participating in a clinical trial.

"Eligible cancer clinical trial" means a cancer clinical trial that meets all of the following criteria:

- A purpose of the trial is to test whether the intervention potentially improves the trial participant's health outcomes;
- The treatment provided as part of the trial is given with the intention of improving the trial participant's health outcomes;
- The trial has a therapeutic intent and is not designed exclusively to test toxicity or disease pathophysiology; and
- The trial does one of the following:
 - Tests how to administer a health care service, item, or drug for the treatment of cancer;
 - Tests responses to a health care service, item, or drug for the treatment of cancer;
 - Compares the effectiveness of a health care service, item, or drug for the treatment of cancer with that of other health care services, items, or drugs for the treatment of cancer;
 - Studies new uses of a health care service, item, or drug for the treatment of cancer;
 - The trial is approved by one of the following entities:
 - The National Institutes of Health or one of its cooperative groups or centers under the United States Department of Health and Human Services;
 - The United States Food and Drug Administration;
 - The United States Department of Defense; or
 - The United States Department of Veterans' Affairs.

"Routine patient care" means all health care services consistent with the coverage provided under the Plan for the treatment of cancer, including the type and frequency of any diagnostic modality, that is typically covered for a cancer patient who is not enrolled in a cancer clinical trial, and that was not necessitated solely because of the trial.

"Subject of a cancer clinical trial" means the health care service, item, or drug that is being evaluated in the clinical trial and that is not routine patient care.

No benefits are payable for the following:

- A health care service, item, or drug that is the subject of the cancer clinical trial;
- A health care service, item, or drug provided solely to satisfy data collection and analysis needs for the cancer clinical trial that is not used in the direct clinical management of the patient;
- An Experimental or Investigational drug or device that has not been approved for market by the United States Food and Drug Administration;
- Transportation, lodging, food, or other expenses for the patient, or a family member or companion of the patient, that are associated with the travel to or from a facility providing the cancer clinical trial;
- An item or drug provided by the cancer clinical trial sponsors free of charge for any patient; and
- A service, item, or drug that is eligible for reimbursement by a person other than Medical Mutual, including the sponsor of the cancer clinical trial.

Dental Services for an Accidental Injury

Dental services will only be covered for initial injuries sustained in an accident. The accidental injury must have caused damage to the jaws, sound natural teeth, mouth or face. Injury as a result of chewing or biting shall not be considered an accidental injury.

The above exclusion for injuries as a result of biting or chewing shall not apply if such injury was the result of domestic violence or if an underlying medical Condition caused the biting or chewing-related injuries. For example, a Covered Person with epilepsy involuntarily clamps down on his teeth and breaks one during a seizure.

The underlying Illness must cause the chewing or biting accident that results in injury to the jaws, sound natural teeth, mouth or face. If a Covered Person has an underlying Illness that causes the teeth to be more susceptible to injury, dental services related to such injury will not be covered as an injury sustained in an accident.

Diagnostic Services

A diagnostic service is a test or procedure performed when you have specific symptoms, to detect or monitor your Condition. It must be ordered by a Physician or Other Professional Provider. Covered diagnostic services include but are not limited to the following:

- radiology, ultrasound and nuclear medicine;
- laboratory and pathology services;
- EKG, EEG, sleep studies and other electronic diagnostic medical procedures; and
- MRI, PET, and MRA

Certain Diagnostic Services, such as focused imaging procedures which include MRI, PET and MRA, require your Physician or Other Professional Provider to receive prior authorization and approval from Medical Mutual. In the event of an emergency, the service can be provided and reviewed retroactively by Medical Mutual for Medical Necessity.

Drug Abuse and Alcoholism Services

Detoxification and rehabilitation services are provided for the treatment of Drug Abuse or Alcoholism. In addition, the following services are also covered for the treatment of Drug Abuse or Alcoholism:

- Inpatient treatment, including rehabilitation and treatment in a Residential Treatment Facility;
- Outpatient treatment, including partial Hospitalization and intensive Outpatient services;
- detoxification services;

- counseling with family members to assist with diagnosis and treatment. This coverage will provide payment for Covered Services only for those family members who are considered Covered Persons under this Benefit Book. Charges will be applied to the Covered Person who is receiving family counseling services, not necessarily the patient receiving treatment for Drug Abuse or Alcoholism.

Inpatient admissions to a Hospital Provider or Residential Treatment Facility Provider must be preauthorized. The telephone number for preauthorization is listed on the back of your identification card. Contracting Providers in Ohio will assure this preauthorization is done; and since the Provider is responsible for obtaining the preauthorization, there is no penalty to you if this is not done. For Non-Contracting Providers or Providers outside of Ohio, you are responsible for obtaining preauthorization. If you do not preauthorize these admissions and it is later determined that the admission was not Medically Necessary or not covered for any reason, you will be responsible for all Billed Charges.

Drugs and Biologicals

Inpatient admissions to a Hospital must be preauthorized. The telephone number for preauthorization is listed on the back of your identification card. Contracting Hospitals in Ohio will assure this preauthorization is done; and since the Hospital is responsible for obtaining the preauthorization, there is no penalty to you if this is not done. For Non-Contracting Hospitals or Hospitals outside of Ohio, you are responsible for obtaining preauthorization. If you do not preauthorize a Hospital admission and it is later determined that the admission was not Medically Necessary or not covered for any reason, you will be responsible for all Billed Charges. However, if your Inpatient stay is for an organ transplant, please review the requirements under the Organ Transplant Services section.

Maternity Services, including Notice required by the Newborns' and Mothers' Protection Act

Hospital, medical and surgical services for a normal pregnancy, complications of pregnancy and routine nursery care for a well newborn are covered.

Coverage for the Inpatient postpartum stay for the mother and the newborn child in a Hospital will be, at a minimum, 48 hours for a vaginal delivery and 96 hours for a caesarean section. It will be for the length of stay recommended by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists in their Guidelines for Perinatal Care. Please note that neither you nor your Provider is required to obtain prior approval of an Inpatient maternity stay that falls within these time frames.

Physician-directed, follow-up care services are covered after discharge including:

- parent education;
- physical assessments of the mother and newborn;
- assessment of the home support system;
- assistance and training in breast or bottle feeding;

Covered Services will be provided whether received in a medical setting or through home health care visits. Home health care visits are only covered if the health care professional who conducts the visit is knowledgeable and experienced in maternity and newborn care.

If requested by the mother, coverage for a length of stay shorter than the minimum period mentioned above may be permitted if the attending Physician or the nurse midwife in applicable cases, determines further Inpatient postpartum care is not necessary for the mother or newborn child, provided the following are met:

- In the opinion of your attending Physician, the newborn child meets the criteria for medical stability in the Guidelines for Perinatal Care prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists that determine the appropriate length of stay based upon the evaluation of:
 - the antepartum, intrapartum and postpartum course of the mother and infant;
 - the gestational stage, birth weight and clinical condition of the infant;
 - the demonstrated ability of the mother to care for the infant after discharge; and
 - the availability of postdischarge follow up to verify the condition of the infant after discharge.

When a decision is made to discharge a mother or newborn prior to the expiration of the applicable number of hours of Inpatient care required to be covered, at home post delivery follow up care visits are covered for you at your residence by a Physician or nurse when performed no later than 72 hours following you and your newborn child's discharge from the Hospital. Coverage for this visit includes, but is not limited to:

- parent education;
- physical assessments;
- assessment of the home support system;
- assistance and training in breast or bottle feeding; and
- performance of any maternal or neonatal tests routinely performed during the usual course of Inpatient care for the mother or newborn child, including the collection of an adequate sample for the hereditary and metabolic newborn screening.

At the mother's discretion, this visit may occur at the facility of the Provider.

Medical Care

Concurrent Care - You are covered for care by two or more Physicians during one Hospital stay when you have two or more unrelated Conditions. You are also covered for care for a medical Condition by a Physician who is not your surgeon while you are in the Hospital for Surgery.

Inpatient Consultation - A bedside examination by another Physician or Other Professional Provider is covered when requested by your attending Physician.

If the consulting Physician takes charge of your care, consultation services are not covered. When this occurs, the consulting Physician is considered to be the new attending Physician. Coverage is not provided for both the new attending Physician and the Physician who was initially treating you for services rendered at the same time.

Staff consultations required by Hospital rules are not covered.

Inpatient Medical Care Visits - The examinations given to you by your Physician or Other Professional Provider while you are in the Hospital are Covered Services. Benefits are provided for one visit each day you are an Inpatient.

If your Group changes your health care benefits, causing an increase or decrease in your Inpatient Medical Care Visits allowed, the number of Inpatient Medical Care Visits already used will be deducted from the number of visits available under your new coverage.

Intensive Medical Care - Constant medical attendance and treatment is covered when your Condition requires it.

Newborn Examination - Your coverage includes the Inpatient Medical Care Visits to examine a newborn. Refer to the Eligibility section for information about enrolling for family coverage.

Durable Medical Equipment (DME) - Equipment which serves only a medical purpose and must be able to withstand repeated use is covered. Upon request, your Physician must provide a written treatment plan that shows how the prescribed equipment is Medically Necessary for the diagnosis or treatment of a Condition or how it will improve the function of a malfunctioning body part. If you need to use this equipment for more than six months, your Physician may be required to recertify that continued use is Medically Necessary.

You may rent or purchase DME; however, for each Condition, the Plan will not cover more in total rental costs than the customary purchase price as determined by Medical Mutual. For example, if you submit claims for the monthly rental fee and by the third month the total in rental dollars meets or exceeds the customary purchase price, you will have exhausted your benefit for that piece of Durable Medical Equipment.

When it has been determined that you require DME, before you decide whether to rent or purchase, estimate what the rental cost will be for the time period during which you will use the DME. If the estimated rental cost exceeds the purchase price, then you should consider purchasing the DME.

Covered DME includes:

- blood glucose monitors;
- respirators;
- home dialysis equipment;
- wheelchairs;
- hospital beds;
- crutches; and
- mastectomy bras.

Non-covered equipment includes, but is not limited to:

This coverage will provide payment for Covered Services only for those family members who are considered Covered Persons under this Benefit Book. Charges will be applied to the Covered Person who is receiving family counseling services, not necessarily the patient.
- In addition, as provided in Medical Mutual's medical policy guidelines, certain behavioral assessment and intervention services for individual, family and group psychotherapy will also be covered for a medical Condition.

Services for autism, developmental delay and intellectual disability, other than those necessary to evaluate or diagnose these Conditions, are not covered. Services for the treatment of attention deficit disorder are covered.

Inpatient admissions to a Hospital Provider or Residential Treatment Facility Provider must be preauthorized. The telephone number for preauthorization is listed on the back of your identification card. Contracting Providers in Ohio will assure this preauthorization is done; and since the Provider is responsible for obtaining the preauthorization, there is no penalty to you if this is not done. For Non-Contracting Providers or Providers outside of Ohio, you are responsible for obtaining preauthorization. In the event you do not obtain preauthorization, and your organ transplant is determined to not be Medically Necessary or is determined to be Experimental/Investigational, you may be responsible for all Billed Charges for that organ transplant.

After your Physician has examined you, he must provide Medical Mutual with:

- the proposed course of treatment for the transplant;
- the name and location of the proposed Transplant Center; and
- copies of your medical records, including diagnostic reports for Medical Mutual to determine the suitability and Medical Necessity of the transplant services. This determination will be made in accordance with uniform medical criteria that has been specifically tailored to each organ. You may also be required to undergo an examination by a Physician chosen by Medical Mutual. You and your Physician will then be notified of Medical Mutual's decision.

Obtaining Donor Organs - The following services will be Covered Services when they are necessary in order to acquire a legally obtained human organ:

- evaluation of the organ;
- removal of the organ from the donor; and

GENERAL PROVISIONS

How to Apply for Benefits

Notice of Claim; Claim Forms

A claim must be filed for you to receive benefits. Many Providers will submit a claim for you; if you submit it yourself, you should use a claim form. In most cases, you can obtain a claim form from your Group or Provider. If your Provider does not have a claim form, Medical Mutual will send you one. Call or notify Medical Mutual, in writing, within 20 days after receiving your first Covered Service, and Medical Mutual will send you a form or you may print a claim form by going to www.MedMutual.com/member.

If you fail to receive a claim form within 15 days after you notify Medical Mutual, you may send Medical Mutual your bill or a written statement of the nature and extent of your loss; this must have all the information which Medical Mutual needs to process your claim.

Proof of Loss

Proof of loss is a claim for payment of health care services which has been submitted to Medical Mutual for processing with sufficient documentation to determine whether Covered Services have been provided to you. Medical Mutual must receive a completed claim with the correct information. Medical Mutual may require nurses' or Providers' notes or other medical records before proof of loss is considered sufficient to determine benefit coverage.

Medical Mutual is not legally obligated to reimburse for Covered Services on behalf of the Plan unless written or electronically submitted proof that Covered Services have been given to you is received. Proof must be given within 90 days of your receiving Covered Services or as soon as is reasonably possible. Except in the absence of legal capacity, no proof can be submitted later than one year after services have been received.

If you fail to follow the proper procedures for filing a Claim as described in this Benefit Book, you or your authorized representative, as appropriate, shall be notified of the failure and the proper procedures as soon as possible, but not later than five (5) days following the original receipt of the request. We may notify you orally unless you provide us with a written request to be notified in writing. Notification under this section is only required if both (1) the claim communication is received by the person or department customarily responsible for handling benefit matters and (2) the claim communication names a specific claimant, a specific medical Condition and a specific treatment, service or product for which approval is requested.

How Claims are Paid

Medical Mutual, as the claims administrator, pays for benefits on behalf of the Plan for Covered Services through agreements with Contracting Providers based on the Allowed Amount. For Non-Contracting Providers, Medical Mutual pays for benefits based on the Non-Contracting Amount.

Any charges exceeding the Allowed Amount or Non-Contracting Amount will not apply toward any Deductible, Coinsurance Limit or benefit maximum accumulation.

Your Financial Responsibilities

You are responsible for:

- Any Copayment, Deductible and Coinsurance amounts specified in the Schedule of Benefits. Copayments are generally required to be paid at the time of service. Some Providers can determine the amount due for your Deductible and Coinsurance from Medical Mutual and may require payment from you before providing their services.
- Non-Covered Charges.
- Billed Charges for all services and supplies after benefit maximums have been reached.
- Excess Charges for services and supplies rendered by Non-PPO Network and Non-Contracting Providers.
- Billed Charges for services that are not Medically Necessary.

- Incidental charges.

For Covered Services, Medical Mutual will calculate its payment based upon either the Allowed Amount or Non-Contracting Amount.

For Covered Services received from Contracting Providers, the Providers agreed not to bill for any amount of Covered Charges above the Negotiated Amount, except for services and supplies for which Medical Mutual has no financial responsibility due to a benefit maximum.

For Covered Services received from Non-Contracting Providers, Medical Mutual will calculate its payments based upon the Non-Contracting Amount. You may be responsible for Excess Charges up to the amount of the Provider's Billed Charges. You may also be responsible for the Non-PPO Network Coinsurance for Covered Services received from Contracting Non-PPO Network Providers. The Non-PPO Network Coinsurance continues until your Non-PPO Network Coinsurance Limit is reached. Any Excess Charges billed by Non-Contracting Providers DO NOT apply to the Non-PPO Network Coinsurance Limit.

All limits and Coinsurance applied to a specific diagnosed Condition include all services related to that Condition. If a specific service has a maximum, that service will also be accumulated to all other applicable maximums.

Deductibles, Copayments, Coinsurance and amounts paid by other parties do not accumulate towards benefit maximums.

Benefit Period Deductible

Each Benefit Period, you must pay the dollar amount that is shown in the Schedule of Benefits as the Deductible, if applicable, before the Plan will begin to provide benefits. This is the amount of expense that must be Incurred and paid by you for Covered Services before the Plan starts to provide benefits. If a benefit is subject to a Deductible, only expenses for Covered Services under that benefit will satisfy the Deductible. To satisfy your Deductible, the Plan records must show that you have Incurred claims totaling the specified dollar amount, so submit copies of all your bills for Covered Services. Your Deductible accumulations do not necessarily occur in the same order that you receive services, but in the order in which Medical Mutual receives and processes your claims. Deductibles do not apply to the Coinsurance Limit unless otherwise specified in the Schedule of Benefits.

Only the amount of the Deductible required per Covered Person will be required for Covered Services that result directly from an accident during the Benefit Period in which the accident occurred if two or more Covered Persons in a Card Holder's family are injured in the same accident, and each of the following conditions are met:

- at least two of these Covered Persons receive Covered Services; and
- the Covered Services are Incurred within 90 days after the accident; and
- the combined Allowed Amount for Covered Services for all Covered Persons involved in the accident is at least equal to one Covered Person's Deductible.

You will not be required to pay two Deductibles if two family members are involved in the same accident and the above criteria is met.

Coinsurance

After you meet any applicable Deductible, you may be responsible for Coinsurance amounts as specified in your Schedule of Benefits, subject to any limitations set forth in the Schedule of Benefits. The amount of Coinsurance you have to pay may vary depending upon the status of your Provider.

Copayments

For some Covered Services, you may be responsible for paying a Copayment at the time services are rendered. Covered Services that require Copayments may or may not be subject to Deductible or Coinsurance requirements, as specified in your Schedule of Benefits. These Copayments are your responsibility, and they are not reimbursed by the Plan. Please refer to your Schedule of Benefits for specific Copayment amounts that may apply and whether a Deductible or Coinsurance will also apply.

Schedule of Benefits

The Deductible(s) and Coinsurance Limit(s) that may apply will renew each Benefit Period. Some of the benefits offered in this Benefit Book have maximums.

The Schedule of Benefits shows your financial responsibility for Covered Services. The Plan covers the remaining liability for Covered Charges after you have paid the amounts indicated in the Schedule of Benefits, subject to benefit maximums and Medical Mutual's Negotiated Amounts.

Provider Status and Direction of Payment

Medical Mutual has agreed to make payment directly to Contracting Providers Covered Services.

Some of Medical Mutual's contracts with Providers, including Institutional Providers, allow discounts, allowances, incentives, adjustments and settlements. These amounts are for the sole benefit of Medical Mutual and/or the Group, and Medical Mutual and/or the Group will retain any payments resulting therefrom; however, the Deductibles, Copayments, Coinsurance, and benefit maximums, if applicable, will be calculated based upon the Allowed Amount, as described in this Benefit Book.

The choice of a Provider is yours. After a Provider performs a Covered Service, Medical Mutual will not honor your request to withhold claim payment. Medical Mutual and the Group do not furnish Covered Services but only pay for Covered Services you receive from Providers. Neither Medical Mutual nor the Group is liable for any act or omission of any Provider. Neither Medical Mutual nor the Group have any responsibility for a Provider's failure or refusal to give Covered Services to you.

Medical Mutual has and retains the sole right to choose which Providers it will contract with, and on what terms, and to amend and terminate those contracts. Medical Mutual has and retains the sole right to designate Providers as Contracting and/or PPO Network.

You authorize Medical Mutual to make payments directly to Providers who have performed Covered Services for you. Medical Mutual also reserves the right to make payment directly to you. When this occurs, you must pay the Provider and neither Medical Mutual nor the Group are legally obligated to pay any additional amounts. You cannot assign your right to receive payment to anyone else, nor can you authorize someone else to receive your payments for you, including your Provider.

If Medical Mutual has incorrectly paid for services or it is later discovered that payment was made for services that are not considered Covered Services, then Medical Mutual has the right to recover payment on behalf of the Group, and you must repay this amount when requested.

Any reference to Providers as PPO Network, Non-PPO Network, Contracting, or Non-Contracting, is not a statement about their abilities.

Prior Approval of Non-PPO Network Benefits

In some cases, Medical Mutual may determine that certain Covered Services can only be provided by a Non-PPO Network Provider. If Covered Services provided by a Non-PPO Network Provider are approved in advance by Medical Mutual, benefits will be provided as if the Covered Services were provided by a PPO Network Provider. However, that Provider may not accept our Allowed Amount as payment in full, and you may have to pay the Excess Charges.

To obtain prior approval of treatment by a Non-PPO Network Provider, your Physician must provide Medical Mutual with:

- the proposed treatment plan for the Covered Services;
- the name and location of the proposed Non-PPO Network;
- copies of your medical records, including diagnostic reports; and
- an explanation of why the Covered Services cannot be provided by a PPO Network Provider.

Medical Mutual will determine whether the Covered Services can be provided by a PPO Network Provider and that determination will be final and conclusive, subject to any available appeals process. Medical Mutual may elect to have you examined by a Physician of its choice and will pay for any required physical examinations. You and your Physician will be notified if Covered Services provided by a Non-PPO Network Provider will be covered as if they had been provided by a PPO Network Provider.

If you do not receive written approval in advance of receiving for Covered Services, benefits will be provided as described in the Schedule of Benefits for Covered Services received from a Non-PPO Network Provider.

Preauthorization Notice for Members Residing Outside the State of Ohio

If your Physician requests a procedure that is determined, by Medical Mutual, to not be Medically Necessary, you will be responsible for all Billed Charges. To ensure that your procedure/service is Medically Necessary, you or your Physician should contact Medical Mutual before you receive the service. If your Physician does not preauthorize the

procedure, you should call Customer Service at the telephone number on your identification card for instructions on obtaining preauthorization for Medical Necessity from the Care Management Department of Medical Mutual.

Preauthorization from Medical Mutual must be obtained for Inpatient admissions to a Hospital in order to receive the full benefits specified in the Schedule of Benefits. If the Hospital does not preauthorize the admission, you must obtain preauthorization for the Inpatient admission by calling the Medical Mutual telephone number on your identification card at least two days prior to your admission to the Hospital. In the event preauthorization is not obtained, and your Hospital admission is determined to not be Medically Necessary, you will be responsible for all Billed Charges for that Hospital stay. Please refer to the Inpatient Hospital Services section of your Benefit Book for additional information.

In the event of an Emergency Admission, the Hospital, you, a family member or your representative must notify Medical Mutual within 48 hours or two working days of admission or you may be responsible for all Billed Charges for that Emergency Admission.

Additional Outpatient tests, procedures and equipment also require preauthorization. Examples of services that may require preauthorization are:

- reconstruction surgeries
- durable medical equipment and devices
- MRI's and PET scans
- therapy
- home health care
- weight loss surgery.

For a complete and current listing, please visit the "Tool" section of MyHealthPlan or contact Customer Service at the phone number shown on your identification card. Be sure to check this listing before services are received, as the information is subject to change.

If your Inpatient stay is for an organ transplant, please review the requirements under the Organ and Tissue Transplant Services section.

Please refer to the Benefit Determination for Claims section in the General Provisions for additional preauthorization requirements.

Explanation of Benefits

After Medical Mutual processes your claim, an Explanation of Benefits (EOB) is provided to you electronically or by mail. It lists Covered Services and non-covered services along with explanations for why services are not covered. It contains important amounts and a telephone number if you have any questions.

Time of Payment of Claims

Benefits will be provided under this Benefit Book within 30 days after receipt of a completed claim. If supporting documentation is required, then payment will be made in accordance with state and federal law. To have a payment or denial related to a claim reviewed, you must send a written request or call Customer Service at Medical Mutual within 180 days of the claim determination.

Foreign Travel

Benefits include coverage for the treatment of Medical Conditions rendered worldwide. Your coverage is in effect whether your treatment is received in a foreign country or in the United States. When you receive medical treatment in another country, you may be asked to pay for the service at the time it is rendered. To receive reimbursement for the care provided, make sure to obtain an itemized bill from the Provider at the time of service. Medical Mutual cannot process a bill unless the Provider lists separately the type and cost of each service you received. All billing submitted for consideration must be translated into the English language and dollar amounts converted to the current rate of exchange.

To receive reimbursement for Hospital and/or medical expenses, the services rendered must be eligible for coverage in accordance with the benefits described in this Benefit Book. If you travel to a foreign country and you receive treatment for an Emergency Medical Condition, Medical Mutual will provide coverage at the PPO Network level. All other Covered Services will be reimbursed at the Non-PPO Network level and may be subject to Excess Charges.

Filing a Complaint

If you have a complaint, please call or write to Customer Service at the telephone number or address listed on your Explanation of Benefits (EOB) form and/or identification card. To expedite the processing of an inquiry, the Card Holder should have the following information available:

- name of patient
- identification number
- claim number(s) (if applicable)
- date(s) of service

If your complaint is regarding a claim, a Medical Mutual Customer Service representative will review the claim for correctness in processing. If the claim was processed according to terms of the Plan, the Customer Service representative will telephone the Card Holder with the response. If attempts to telephone the Card Holder are unsuccessful, a letter will be sent explaining how the claim was processed. If an adjustment to the claim is required, the Card Holder will receive a check, Explanation of Benefits or letter explaining the revised decision.

Quality of Care issues are addressed by our Quality Improvement Department or committee.

If you are not satisfied with the results, and your complaint is regarding an Adverse Benefit Determination, you may continue to pursue the matter through the appeal process.

Additionally, the Customer Service representative will notify you of how to file an appeal.

Benefit Determination for Claims (Internal Claims Procedure)

Claims Involving Urgent Care

A Claim Involving Urgent Care is a claim for Medical Care or treatment with respect to which the application of the timeframes for making non-urgent care determinations could (a) seriously jeopardize the life or health of the claimant or the ability of the claimant to regain maximum function or (b) in the opinion of a Physician with knowledge of the claimant's medical Condition, would subject the claimant to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

Determination of **urgent** will be made by an individual acting on behalf of the Plan applying the judgment of a prudent lay person who possesses an average knowledge of health and medicine; however, any Physician with a knowledge of the claimant's medical Condition can also determine that a claim involves urgent care.

If you file a Claim Involving Urgent Care in accordance with Medical Mutual's claim procedures and sufficient information is received, Medical Mutual will notify you of its benefit determination, whether adverse or not, as soon as possible but not later than 72 hours after Medical Mutual's receipt of the claim.

If you do not follow Medical Mutual's procedures or we do not receive sufficient information to make a benefit determination, Medical Mutual will notify you within 24 hours of receipt of the Claim Involving Urgent Care and explain the applicable procedural deficiencies, or the specific deficiencies related to information necessary to make a benefit determination. You will have 48 hours to correct the procedural deficiencies and/or provide the requested information. Once Medical Mutual receives the requested information, we will notify you of the benefit determination, whether adverse or not, as soon as possible, taking into account all medical exigencies, but not later than 48 hours after receipt of the information.

Medical Mutual may notify you of its benefit determination decision orally and follow with written or electronic notification not later than three (3) days after the oral notification.

Concurrent Care Claims

If Medical Mutual has approved an ongoing course of treatment to be provided over a period of time or for a number of treatments, any reduction or termination by Medical Mutual of such course of treatment before the end of such period of time or number of treatments shall constitute an Adverse Benefit Determination (unless the reduction or termination of benefits is due to a health plan amendment or health plan termination).

If Medical Mutual has approved an ongoing course of treatment to be provided over a period of time or for a number of treatments, any request to extend the course of treatment beyond the period of time or number of treatments that is a Claim Involving Urgent Care shall be decided as soon as possible, taking into account the medical exigencies, and Medical Mutual must notify the claimant of the benefit determination, whether adverse or not, within 24 hours after its receipt of the claim, provided that any such claim is made to Medical Mutual at least 24 hours prior to the expiration of the prescribed period of time or number of treatments.

Pre-Service Claims

A Pre-Service Claim is a claim for a benefit which requires some form of preapproval or precertification by Medical Mutual as a condition for payment of a benefit (either in whole or in part).

If you file a Pre-Service Claim in accordance with Medical Mutual's claim procedures and sufficient information is received, Medical Mutual will notify you of its benefit determination, whether adverse or not, within a reasonable period of time appropriate to the medical circumstances, but not later than 15 days after receipt of the claim. Medical Mutual may extend this time period for up to an additional 15 days if such an extension is necessary due to circumstances beyond the control of Medical Mutual. Medical Mutual will notify you of such an extension and date by which it expects to render a decision.

If an extension is needed because you did not provide the necessary information to process your claim, Medical Mutual will notify you, in writing, within the initial 15 day response period and will specifically describe the missing information. You will then have 45 days to provide the additional information. If you do not provide the information, your claim may be denied.

Post-Service Claims

A Post-Service Claim is any claim that is not a Pre-Service Claim or a Claim Involving Urgent Care.

If you file a Post-Service Claim in accordance with Medical Mutual's claim procedures and sufficient information is received, Medical Mutual will notify you of its benefit determination within a reasonable period of time, but not later than 30 days after receipt of the claim. Medical Mutual may extend this time period for up to an additional 15 days if such an extension is necessary due to circumstances beyond the control of Medical Mutual. Medical Mutual will notify you of such an extension and date by which it expects to render a decision.

If an extension is needed because you did not provide the necessary information to process your claim, Medical Mutual will notify you, in writing, within the initial 30 day response period and will specifically describe the missing information. You will then have 45 days to provide the additional information. If you do not provide the information, your claim may be denied.

Adverse Benefit Determination Notices

You will receive notice of a benefit determination, orally as allowed, or in writing. All notices of an Adverse Benefit Determination will include the following:

- Information sufficient to identify the claim or health care service involved, including the health care provider, the date of service, and claim amount, if applicable;
- the specific reason(s) for the Adverse Benefit Determination;
- reference to the specific plan provision(s) on which the Adverse Benefit Determination is based;

- if the Adverse Benefit Determination was based on Medical Necessity, Experimental treatment, or a similar exclusion or limit, an explanation of the scientific or clinical judgment used for the determination applying the terms of the plan to your circumstances will be disclosed, or you will be advised that this explanation will be provided free of charge upon request.

II. How to File an Appeal

If you are not satisfied with an Adverse Benefit Determination, you may file an appeal.

There is no fee to file an appeal. Appeals can be filed regardless of the claim amount at issue.

To submit an appeal electronically, go to Medical Mutual's Web site, www.MedMutual.com, under Members' section, complete all required fields and submit, or call the Customer Service telephone number on your identification card for more information about how to file an appeal. You may also write a letter with the following information: Card Holder's full name; patient's full name; identification number; claim number if a claim has been denied; the reason for the appeal; date of services; the Provider/facility name; and any supporting information or medical records, documents, dental X-rays or photographs you would like considered in the appeal. Send or fax the letter and records to:

Medical Mutual
Member Appeals Unit
MZ: 01-4B-4809
P.O. Box 94580
Cleveland, Ohio 44101-4580
FAX: (216) 687-7990

The request for review must come directly from the patient unless he/she is a minor or has appointed an Authorized Representative. You can choose another person to represent you during the appeal process, as long as Medical Mutual has a signed and dated statement from you authorizing the person to act on your behalf. However, in the case of a claim involving urgent care (as described below), a healthcare professional with knowledge of your medical Condition may act as your Authorized Representative without a signed and dated statement from you.

III. Internal Appeals Procedure

A. Mandatory Internal Appeal Level

The Plan provides all members a mandatory internal appeal level. You must complete this mandatory internal appeal level before any additional action is taken, except when exhaustion is unnecessary as described in the following sections.

Mandatory internal appeals must be filed within 180 days from your receipt of a notice of Adverse Benefit Determination. All requests for appeal may be made by submitting an electronic form, by calling Customer Service or in writing as described above in the How to File an Appeal section.

Under the appeal process, there will be a full and fair review of the claim in accordance with applicable law. The internal appeal process is a review of your appeal by an Appeals Coordinator, a Physician consultant and/or other licensed health care professional. The review of an appeal will take into account all comments, documents, medical records and other information submitted by you and the Provider relating to the appeal, without regard to whether such information was submitted or considered in the initial benefit determination.

All determinations that involve, in whole or in part, issues of Medical Necessity, whether services are Experimental and Investigational, or any other medical judgment, are based on the evaluations and opinions of health care professionals who have the appropriate training and experience in the field of medicine involved in the medical judgment. The health care professionals who review the appeal will not have made any prior evaluations about your claim and will not be a subordinate of the professional who made the initial evaluation of your claim. These health care professionals act independently and impartially. Decisions to hire, compensate, terminate, promote or retain these professionals are not based in any manner on the likelihood that these professionals will support a denial of benefits. Upon specific written request from you, Medical Mutual will provide the identification of the medical or vocational expert whose advice was obtained on behalf of Medical Mutual in connection with the Adverse Benefit Determination, without regard to whether the advice was relied upon in making the benefit determination.

You may submit written comments, documents, records and other information relating to the claim that is the basis for the appeal. These documents should be submitted by you at the time you send in your request for an appeal. Upon written request, you may have reasonable access to and copies of documents, records and other information used to make the decision on your claim for benefits that is the subject of your appeal.

1. Types of Mandatory Internal Appeals and Timeframes

a. Appeal of Claim Involving Urgent Care

- You, your Authorized Representative or your Provider may request an appeal of a claim involving urgent care. The appeal does not need to be submitted in writing. You, your Authorized Representative, or your Physician should call the Care Management telephone number on your identification card as soon as possible. Appeals of claims involving urgent care typically involve those claims for Medical Care or treatment with respect to which the application of the time periods for making non-urgent care determinations (1) could seriously jeopardize the life or health of a patient or the ability of the patient to regain maximum functions, or (2) in the opinion of a Physician with knowledge of your medical Condition, would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim. The appeal must be decided as soon as possible, taking into account the medical exigencies, but not later than 72 hours after receipt of the claimant's request to appeal. The expedited appeal process does not apply to prescheduled treatments, therapies, Surgeries or other procedures that do not require immediate action.

b. Pre-Service Claim Appeal

- You or your Authorized Representative may request a pre-service claim appeal. Pre-service claim appeals are those requested in advance of obtaining Medical Care for approval of a benefit, as it relates to the terms of the Plan. The pre-service claim appeal must be decided within a reasonable period of time appropriate to the medical circumstances, but not later than 30 days after the receipt of the request and must be requested within 180 days of the date you received notice of an Adverse Benefit Determination.

c. Post Service Claim Appeal

- You or your Authorized Representative may request a post-service claim appeal. Post-service claim appeals are those requested for payment or reimbursement of the cost for Medical Care that has already been provided. As with pre-service claims, the post-service claim appeal must be decided within 30 days of the request and must be requested within 180 days of the date you received notice of an Adverse Benefit Determination.

2. Notices of Final Adverse Benefit Determination after Appeal:

All notices of a Final Adverse Benefit Determination after an appeal will include the following:

- Information sufficient to identify the claim or health care service involved, including the health care provider, the date of service, and claim amount, if applicable;
- the specific reason(s) for the Adverse Benefit Determination;
- reference to the specific plan provision(s) on which the Adverse Benefit Determination is based;
- a statement that you are entitled to receive, upon request and free of charge, reasonable access to and copies of all documents, records, and other information relevant to your claim for benefits;
- if an internal rule, guideline, protocol or similar criteria was relied upon in making the Adverse Benefit Determination, this will be disclosed, or you will be advised that information about the rule, guideline, protocol or similar criteria will be provided free of charge upon written request;
- if the Adverse Benefit Determination was based on a Medical Necessity or Experimental treatment or similar exclusion or limit, an explanation of the scientific or clinical judgment used for the determination applying the terms of the plan to your circumstances will be disclosed, or you will be advised that this explanation will be provided free of charge upon request;
- a discussion of the decision;
- a description of applicable appeal procedures; and
- disclosure of the availability of assistance with the appeal process from the Ohio Department of Insurance.

B. What Happens After the Mandatory Internal Appeal Level

If your claim is denied at the mandatory internal appeal level, you may be eligible for either the External Review Process by an Independent Review Organization for Adverse Benefit Determinations involving medical judgment or the External Review Process by the Ohio Department of Insurance for contractual issues that do not involve medical judgment. Prior to requesting an External Review (but not after requesting an External Review), you may request an additional Voluntary Internal Level Appeal. Alternatively, you may request an External Review directly after receiving an Adverse Benefit

Determination at the mandatory internal appeal level. The Voluntary Internal Level Appeal and External Review Processes are described below.

C. Voluntary Internal Level Appeal

Unless your Group requires you to use an alternative dispute resolution procedure, if your mandatory internal appeal is denied, then you have the option of a voluntary internal level appeal by Medical Mutual. All requests for appeal may be made by calling Customer Service or writing to the Member Appeals Department. You should submit additional written comments, documents, records, dental X-rays, photographs and other information that were not submitted for the mandatory internal appeal. Send or fax your records to:

Medical Mutual
Member Appeals Unit
MZ: 01-4B-4809
P.O. Box 94580
Cleveland, Ohio 44101-4580
FAX: (216) 687-7990

The voluntary internal level of appeal may be requested at the conclusion of the mandatory internal appeal level. The request for the voluntary internal level of appeal must be received by Medical Mutual within 60 days from your receipt of the notice of Adverse Benefit Determination after the mandatory internal appeal. Medical Mutual will complete its review of the voluntary internal level appeal within 30 days from receipt of the request.

The voluntary internal level appeal provides a full and fair review of the claim. There will be a review of your appeal by an Appeals Coordinator, a Physician consultant and/or other licensed health care professional. The appeal will take into account all comments, documents, records and other information submitted by you and the Provider relating to the claim, without regard to whether such information was submitted or considered in the mandatory internal appeal level. All determinations that involve, in whole or in part, issues of Medical Necessity, whether services are Experimental and Investigational, or any other medical judgment, are based on the evaluations and opinions of health care professionals who have the appropriate training and experience in the field of medicine involved in the medical judgment. The health care professionals who review the appeal will not have made any prior evaluations about your claim and will not be a subordinate of the professional who made any prior evaluation of your claim. These health care professionals act independently and impartially. Decisions to hire, compensate, terminate, promote or retain these professionals are not based in any manner on the likelihood that these professionals will support a denial of benefits. Upon specific written request from you, Medical Mutual will provide the identification of the medical or vocational expert whose advice was obtained on behalf of Medical Mutual in connection with the Adverse Benefit Determination, without regard to whether the advice was relied upon in making the benefit determination.

You may submit written comments, documents, records and other information relating to the claim that is the basis for the appeal. These documents should be submitted by you at the time you send in your request for a voluntary internal level of appeal. Upon written request, you may have reasonable access to and copies of documents, records and other information used to make the decision on your claim for benefits that is the subject of your appeal.

A claimant may elect to request this voluntary internal level of appeal only after exhaustion of the mandatory internal appeal level.

Upon request, Medical Mutual will provide you sufficient information relating to the voluntary level of appeal to enable you to make an informed judgment about whether to request this voluntary internal level of appeal.

B. Understanding the External Review Process

Under Chapter 3922 of the Ohio Revised Code all Health Plan Issuers must provide a process that allows a person covered under a Health Benefit Plan or a person applying for Health Benefit Plan coverage to request an independent

external review of an Adverse Benefit Determination. This is a summary of that external review process. An Adverse Benefit Determination is a decision by Medical Mutual to deny a requested Health Care Service or payment because services are not covered, are excluded, or limited under the plan, or the Covered Person is not eligible to receive the benefit.

The Adverse Benefit Determination may involve an issue of Medical Necessity, appropriateness, health care setting, or level of care or effectiveness. An Adverse Benefit Determination can also be a decision to deny Health Benefit Plan coverage or to Rescind coverage.

C. Opportunity for External Review

An external review may be conducted by an Independent Review Organization (IRO) or by the Ohio Department of Insurance. The Covered Person does not pay for the external review. There is no minimum cost of Health Care Services denied in order to qualify for an external review. However, the Covered Person must generally exhaust Medical Mutual's mandatory internal appeal process before seeking an external review. Exceptions to this requirement will be included in the notice of the Adverse Benefit Determination.

1. External Review by an IRO

A Covered Person is entitled to an external review by an IRO in the following instances:

- The Adverse Benefit Determination involves a medical judgment or is based on any medical information
- The Adverse Benefit Determination indicates the requested service is Experimental or Investigational, the requested Health Care Service is not explicitly excluded in the Covered Person's Health Benefit Plan, and the treating physician certifies at least one of the following:
 - Standard Health Care Services have not been effective in improving the Condition of the Covered Person
 - Standard Health Care Services are not medically appropriate for the Covered Person
 - No available standard Health Care Service covered by Medical Mutual is more beneficial than the requested Health Care Service

There are two types of IRO reviews, standard and expedited. A standard review is normally completed within 30 days. An expedited review for urgent medical situations is normally completed within 72 hours and can be requested if any of the following applies:

- The Covered Person's treating physician certifies that the Adverse Benefit Determination involves a medical Condition that could seriously jeopardize the life or health of the Covered Person or would jeopardize the Covered Person's ability to regain maximum function if treatment is delayed until after the time frame of an expedited internal appeal, and the Covered Person has filed a request for an expedited internal appeal.
- The Covered Person's treating physician certifies that the Final Adverse Benefit Determination involves a medical Condition that could seriously jeopardize the life or health of the Covered Person or would jeopardize the Covered Person's ability to regain maximum function if treatment is delayed until after the time frame of a standard external review.
- The Final Adverse Benefit Determination concerns an admission, availability of care, continued stay, or Health Care Service for which the Covered Person received Emergency Services, but has not yet been discharged from a facility.
- An expedited internal appeal is already in progress for an Adverse Benefit Determination of Experimental or Investigational treatment and the Covered Person's treating physician certifies in writing that the recommended Health Care Service or treatment would be significantly less effective if not promptly initiated.

NOTE: An expedited external review is not available for retrospective Final Adverse Benefit Determinations (meaning the Health Care Service has already been provided to the Covered Person).

2. External Review by the Ohio Department of Insurance

A Covered Person is entitled to an external review by the Department in either of the following instances:

- The Adverse Benefit Determination is based on a contractual issue that does not involve a medical judgment or medical information.
- The Adverse Benefit Determination for an Emergency Medical Condition indicates that medical Condition did not meet the definition of emergency AND Medical Mutual's decision has already been upheld through an external review by an IRO.

D. Request for External Review

Regardless of whether the external review case is to be reviewed by an IRO or the Department of Insurance, the Covered Person, or an Authorized Representative, must request an external review through Medical Mutual within 180 days from your receipt of the notice of Adverse Benefit Determination after the mandatory internal appeal level, if you do not request a voluntary internal level appeal. If you do request a voluntary internal level of appeal, the request for external review must be made within 180 days from your receipt of the notice of Adverse Benefit Determination after the voluntary internal appeal level.

All requests must be in writing, including by electronic means, except for a request for an expedited external review. Expedited external reviews may be requested orally. The Covered Person will be required to consent to the release of applicable medical records and sign a medical records release authorization.

If the request is complete and eligible Medical Mutual will initiate the external review and notify the Covered Person in writing, or immediately in the case of an expedited review, that the request is complete and eligible for external review. The notice will include the name and contact information for the assigned IRO or the Ohio Department of Insurance (as applicable) for the purpose of submitting additional information. When a standard review is requested, the notice will inform the Covered Person that, within 10 business days after receipt of the notice, they may submit additional information in writing to the IRO or the Ohio Department of Insurance (as applicable) for consideration in the review. Medical Mutual will also forward all documents and information used to make the Adverse Benefit Determination to the assigned IRO or the Ohio Department of Insurance (as applicable).

If the request is not complete Medical Mutual will inform the Covered Person in writing and specify what information is needed to make the request complete. If Medical Mutual determines that the Adverse Benefit Determination is not eligible for external review, Medical Mutual must notify the Covered Person in writing and provide the Covered Person with the reason for the denial and inform the Covered Person that the denial may be appealed to the Ohio Department of Insurance.

The Ohio Department of Insurance may determine the request is eligible for external review regardless of the decision by Medical Mutual and require that the request be referred for external review. The Department's decision will be made in accordance with the terms of the Health Benefit Plan and all applicable provisions of the law.

E. IRO Assignment

When Medical Mutual initiates an external review by an IRO, the Ohio Department of Insurance web based system randomly assigns the review to an accredited IRO that is qualified to conduct the review based on the type of Health Care Service. An IRO that has a conflict of interest with Medical Mutual, the Covered Person, the health care provider or the health care facility will not be selected to conduct the review.

F. Reconsideration by Medical Mutual

If you submit information to the Independent Review Organization or the Ohio Department of Insurance to consider, the Independent Review Organization or Ohio Department of Insurance will forward a copy of the information to Medical Mutual. Upon receipt of the information, Medical Mutual may reconsider its Adverse Benefit Determination and provide coverage for the Health Care Service in question. Reconsideration by Medical Mutual will not delay or terminate an external review. If Medical Mutual reverses an Adverse Benefit Determination, Medical Mutual will notify you in writing and the Independent Review Organization will terminate the external review.

G. IRO Review and Decision

The IRO must consider all documents and information considered by Medical Mutual in making the Adverse Benefit Determination, any information submitted by the Covered Person and other information such as; the Covered Person's medical records, the attending health care professional's recommendation, consulting reports from appropriate health care professionals, the terms of coverage under the Health Benefit Plan, the most appropriate practice guidelines, clinical review criteria used by the Health Plan Issuer or its Utilization Review organization, and the opinions of the IRO's clinical reviewers.

The IRO will provide a written notice of its decision within 30 days of receipt by Medical Mutual of a request for a standard review or within 72 hours of receipt by Medical Mutual of a request for an expedited review. This notice will be sent to the Covered Person, Medical Mutual and the Ohio Department of Insurance and must include the following information:

- A general description of the reason for the request for external review
- The date the Independent Review Organization was assigned by the Ohio Department of Insurance to conduct the external review

- The dates over which the external review was conducted
- The date on which the Independent Review Organization's decision was made
- The rationale for its decision
- References to the evidence or documentation, including any evidence-based standards, that was used or considered in reaching its decision

NOTE: Written decisions of an IRO concerning an Adverse Benefit Determination that involves a health care treatment or service that is stated to be Experimental or Investigational also includes the principle reason(s) for the IRO's decision and the written opinion of each clinical reviewer including their recommendation and their rationale for the recommendation.

H. Binding Nature of External Review Decision

An external review decision is binding on Medical Mutual except to the extent Medical Mutual has other remedies available under state law. The decision is also binding on the Covered Person except to the extent the Covered Person has other remedies available under applicable state or federal law.

A Covered Person may not file a subsequent request for an external review involving the same Adverse Benefit Determination that was previously reviewed unless new medical or scientific evidence is submitted to Medical Mutual.

Claim Review

Consent to Release Medical Information - Denial of Coverage

You consent to the release of medical information to Medical Mutual and the Plan when you enroll and/or sign an Enrollment Form.

When you present your identification card for Covered Services, you are also giving your consent to release medical information to Medical Mutual. Medical Mutual has the right to refuse to reimburse for Covered Services if you refuse to consent to the release of any medical information.

Right to Review Claims

When a claim is submitted, Medical Mutual will review the claim to ensure that the service was Medically Necessary and that all other conditions for coverage are satisfied. The fact that a Provider may recommend or prescribe treatment does not mean that it is automatically a Covered Service or that it is Medically Necessary.

As part of its review, Medical Mutual may refer to corporate medical policies developed by Medical Mutual (that may be obtained at Medical Mutual's website) as guidelines to assist in reviewing claims.

Physical Examination

The Plan may require that you have one or more physical examinations at its expense. These examinations will help to determine what benefits will be covered, especially when there are questions concerning services you have previously

received and for which you have submitted claims. These examinations will not have any effect on your status as a Covered Person or your eligibility.

Legal Actions

No action, at law or in equity, shall be brought against Medical Mutual or the Plan to recover benefits within 60 days after Medical Mutual receives written proof in accordance with this Benefit Book that Covered Services have been given to you. No such action may be brought later than three years after expiration of the required claim filing limit as specified in the Proof of Loss section.

Coordination of Benefits

The Coordination of Benefits ("COB") provision applies when a person has health care coverage under more than one **Plan**. **Plan** is defined below.

The order of benefit determination rules govern the order in which each **Plan** will pay a claim for benefits. The **Plan** that pays first is called the **Primary plan**. The **Primary plan** must pay benefits in accordance with its policy terms without regard to the possibility that another **Plan** may cover some expenses. The **Plan** that pays after the **Primary plan** is the **Secondary plan**. The **Secondary plan** may reduce the benefits it pays so that payments from all **Plans** does not exceed 100% of the total **Allowable expense**.

Definitions

1. A **Plan** is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
 - a. **Plan** includes: group and nongroup insurance contracts, health insuring corporation ("HIC") contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.
 - b. **Plan** does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; supplemental coverage as described in Revised Code sections 3923.37 and 1751.56; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under "a" or "b" above is a separate **Plan**. If a **Plan** has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate **Plan**.

2. **This plan** means, in a **COB** provision, the part of the contract providing the health care benefits to which the **COB** provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from this plan. A contract may apply one **COB** provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another **COB** provision to coordinate other benefits.
3. The order of benefit determination rules determine whether **This plan** is a **Primary plan** or **Secondary plan** when the person has health care coverage under more than one **Plan**.

When **This plan** is primary, it determines payment for its benefits first before those of any other **Plan** without considering any other **Plan's** benefits. When **This plan** is secondary, it determines its benefits after those of another **Plan** and may reduce the benefits it pays so that all **Plan** benefits do not exceed 100% of the total **Allowable expense**.

4. **Allowable expense** is a health care expense, including Deductibles, Coinsurance and Copayments, that is covered at least in part by any **Plan** covering the person. When a **Plan** provides benefits in the form of services, the reasonable cash value of each service will be considered an **Allowable expense** and a benefit paid. An expense that is not covered by any **Plan** covering the person is not an **Allowable expense**. In addition, any expense that a Provider by law or in accordance with a contractual agreement is prohibited from charging a Covered Person is not an **Allowable expense**.

The following are examples of expenses that are not **Allowable expenses**:

- a. The difference between the cost of a semi-private Hospital room and a private Hospital room is not an **Allowable expense**, unless one of the **Plans** provides coverage for private Hospital room expenses.
 - b. If a person is covered by 2 or more **Plans** that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an **Allowable expense**.
 - c. If a person is covered by 2 or more **Plans** that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an **Allowable expense**.
 - d. If a person is covered by one **Plan** that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another **Plan** that provides its benefits or services on the basis of negotiated fees, the **Primary plan's** payment arrangement shall be the **Allowable expense** for all **Plans**. However, if the Provider has contracted with the **Secondary plan** to provide the benefit or service for a specific negotiated fee or payment amount that is different than the **Primary plan's** payment arrangement and if the Provider's contract permits, the negotiated fee or payment shall be the **Allowable expense** used by the **Secondary plan** to determine its benefits.
 - e. The amount of any benefit reduction by the **Primary plan** because a Covered Person has failed to comply with the **Plan** provisions is not an **Allowable expense**. Examples of these types of plan provisions include second surgical opinions, preauthorization of admissions, and preferred provider arrangements.
5. **Closed panel plan** is a **Plan** that provides health care benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the **Plan**, and that excludes coverage for services provided by other Providers, except in cases of Emergency or referral by a panel member.
 6. **Custodial parent** is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

Order Of Benefit Determination Rules

When a person is covered by two or more **Plans**, the rules for determining the order of benefit payments are as follows:

1. The **Primary plan** pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other **Plan**.
2.
 - a. Except as provided in Paragraph "b" below, a **Plan** that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both **Plans** state that the complying plan is primary.
 - b. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the **Plan** provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan Hospital and surgical benefits, and insurance type coverages that are written in connection with a **Closed panel plan** to provide out-of-network benefits.
3. A **Plan** may consider the benefits paid or provided by another **Plan** in calculating payment of its benefits only when it is secondary to that other **Plan**.
4. Each **Plan** determines its order of benefits using the first of the following rules that apply:
 - a. Non-Dependent or Dependent. The **Plan** that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree, is the **Primary plan** and the **Plan** that covers the person as a dependent is the **Secondary plan**. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the **Plan** covering the person as a dependent, and primary to the **Plan** covering the person as other than a dependent (e.g. a retired employee), then the order of benefits between the two **Plans** is reversed so that the **Plan** covering the person as an employee, member, policyholder, subscriber or retiree is the **Secondary plan** and the other **Plan** is the **Primary plan**.
 - b. Dependent child covered under more than one plan. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one **Plan**, the order of benefits is determined as follows:
 1. For a dependent child whose parents are married or are living together, whether or not they have ever been married:
 - The **Plan** of the parent whose birthday falls earlier in the calendar year is the **Primary plan**; or
 - If both parents have the same birthday, the **Plan** that has covered the parent the longest is the **Primary plan**.

- However, if one parent's plan has some other coordination rule (for example, a "gender rule" which says the father's plan is always primary), we will follow the rules of that plan.
2. For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
 - a. If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the **Plan** of that parent has actual knowledge of those terms, that **Plan** is primary. This rule applies to plan years commencing after the **Plan** is given notice of the court decree;
 - b. If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Subparagraph (1) above shall determine the order of benefits;
 - c. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph (1) above shall determine the order of benefits; or
 - d. If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - The **Plan** covering the **Custodial parent**;
 - The **Plan** covering the spouse of the **Custodial parent**;
 - The **Plan** covering the **non-custodial parent**; and then
 - The **Plan** covering the spouse of the **non-custodial parent**.
 3. For a dependent child covered under more than one **Plan** of individuals who are not the parents of the child, the provisions of Subparagraph (1) or (2) above shall determine the order of benefits as if those individuals were the parents of the child.
- c. Active employee or retired or laid-off employee. The **Plan** that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the **Primary plan**. The **Plan** covering that same person as a retired or laid-off employee is the **Secondary plan**. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled 4(a) can determine the order of benefits.
 - d. COBRA or state continuation coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another **Plan**, the **Plan** covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the **Primary plan** and the COBRA or state or other federal continuation coverage is the **Secondary plan**. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled 4(a) can determine the order of benefits.
 - e. Longer or shorter length of coverage. The **Plan** that covered the person as an employee, member, policyholder, subscriber or retiree longer is the **Primary plan** and the **Plan** that covered the person the shorter period of time is the **Secondary plan**.
 - f. If the preceding rules do not determine the order of benefits, the **Allowable expenses** shall be shared equally between the **Plans** meeting the definition of **Plan**. In addition, **This plan** will not pay more than it would have paid had it been the **Primary plan**.

Effect On The Benefits Of This Plan

1. When **This plan** is secondary, it may reduce its benefits so that the total benefits paid or provided by all **Plans** during a plan year are not more than the total **Allowable expenses**. In determining the amount to be paid for any claim, the **Secondary plan** will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any **Allowable expense** under its **Plan** that is unpaid by the **Primary plan**. The **Secondary plan** may then reduce its payment by the amount so that, when combined with the amount paid by the **Primary plan**, the total benefits paid or provided by all **Plans** for the claim do not exceed the total **Allowable expense** for that claim. In addition, the **Secondary plan** shall credit to its plan Deductible any amounts it would have credited to its Deductible in the absence of other health care coverage.

2. If a Covered Person is enrolled in two or more **Closed panel plans** and if, for any reason, including the provision of service by a non-panel Provider, benefits are not payable by one **Closed panel plan**, **COB** shall not apply between that **Plan** and other **Closed panel plans**.

Right To Receive And Release Needed Information

Certain facts about health care coverage and services are needed to apply these **COB** rules and to determine benefits payable under **This plan** and other **Plans**. Medical Mutual may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under **This plan** and other **Plans** covering the person claiming benefits. Medical Mutual need not tell, or get the consent of, any person to do this. Each person claiming benefits under **This plan** must give Medical Mutual any facts it needs to apply those rules and determine benefits payable.

Facility of Payment

A payment made under another **Plan** may include an amount that should have been paid under **This plan**. If it does, Medical Mutual may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under **This plan**. Medical Mutual will not have to pay that amount again. The term " payment made " includes providing benefits in the form of services, in which case " payment made " means the reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments made by Medical Mutual is more than it should have paid under this **COB** provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid, or any other person or organization that may be responsible for the benefits or services provided for the Covered Person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

Coordination Disputes

If you believe that we have not paid a claim properly, you should attempt to resolve the problem by contacting Customer Service at the telephone number or address listed on the front of your Explanation of Benefits (EOB) form and/or identification card.

Right of Subrogation and Reimbursement

Subrogation

The Plan reserves the right of subrogation. This means that, to the extent the Plan provides or pays benefits or expenses for Covered Services, the Plan assumes your legal rights to recover the value of those benefits or expenses from any person, entity, organization or insurer, including your own insurer and any under insured or uninsured coverage, that may be legally obligated to pay you for the value of those benefits or expenses. The amount of the Plan's subrogation rights shall equal the total amount paid by the Plan for the benefits or expenses for Covered Services. The Plan's right of subrogation shall have priority over yours or anyone else's rights until the Plan recovers the total amount the Plan paid for Covered Services. The Plan's right of subrogation for the total amount the Plan paid for Covered Services is absolute and applies whether or not you receive, or are entitled to receive, a full or partial recovery or whether or not you are "made whole" by reason of any recovery from any other person or entity. This provision is intended to and does reject and supersede the "make-whole" rule, which rule might otherwise require that you be "made whole" before the Plan may be entitled to assert its right of subrogation.

Reimbursement

The Plan also reserves the right of reimbursement. This means that, to the extent the Plan provides or pays benefits or expenses for Covered Services, you must repay the Plan any amounts recovered by suit, claim, settlement or otherwise, from any third party or his insurer and any under insured or uninsured coverage, as well as from any other person, entity, organization or insurer, including your own insurer, from which you receive payments (even if such payments are not designated as payments of medical expenses). The amount of the Plan's reimbursement rights shall equal the total amount paid by the Plan for the benefits or expenses for Covered Services. The Plan's right of reimbursement shall have priority over yours or anyone else's rights until the Plan recovers the total amount the Plan paid for Covered Services. The Plan's right of reimbursement for the total amount the Plan paid for Covered Services is absolute and applies whether or not you receive, or are entitled to receive, a full or partial recovery or whether or not you are "made whole" by reason

of any recovery from any other person or entity. This provision is intended to and does reject and supersede the "make whole" rule, which rule might otherwise require that you be "made whole" before the Plan may be entitled to assert its right of reimbursement.

Your Duties

- You must provide the Plan or its designee any information requested by the Plan or its designee within five (5) days of the request.
- You must notify the Plan or its designee promptly of how, when and where an accident or incident resulting in personal injury to you occurred and all information regarding the parties involved.
- You must cooperate with the Plan or its designee in the investigation, settlement and protection of the Plan's rights.
- You must send the Plan or its designee copies of any police report, notices or other papers received in connection with the accident or incident resulting in personal injury to you.
- You must not settle or compromise any claims unless the Plan or its designee is notified in writing at least thirty (30) days before such settlement or compromise and the Plan or its designee agrees to it in writing.

Discretionary Authority

Medical Mutual shall have discretionary authority to interpret and construct the terms and conditions of the Subrogation and Reimbursement provisions and make determination or construction which is not arbitrary and capricious. Medical Mutual's determination will be final and conclusive.

Changes In Benefits or Provisions

The benefits provided by this coverage may be changed at any time. It is your Group's responsibility to notify you when these changes go into effect. If you are receiving Covered Services under this Benefit Book at the time your revised benefits become effective, the Plan will continue to provide benefits for these services only if they continue to be Covered Services under the revised benefits.

Termination of Coverage

How and When Your Coverage Stops

Your coverage as described in this Benefit Book, stops:

- When the Card Holder fails to make the required contributions.
- On the date that that a Covered Person stops being an Eligible Dependent.
- On the date that a Card Holder becomes ineligible.
- On the day a final decree of divorce, annulment or dissolution of the marriage is filed, a Card Holder's spouse will no longer be eligible for coverage under the Plan.
- Immediately upon notice if:
 - a Covered Person allows a non-Covered Person to use his/her identification card to obtain or attempt to obtain benefits; or
 - a Covered Person intentionally misrepresents a material fact provided to the Group or Medical Mutual or commits fraud or forgery. If your coverage is rescinded, you will be given 30 days' advance written notice, during which time you may request a review of the decision.

Certificate of Creditable Coverage

If any Covered Person's coverage would end and the Agreement is still in effect, you and your covered Eligible Dependents will receive a certificate of Creditable Coverage that shows your period of coverage under the Plan.

Federal Continuation Provisions - COBRA

If any Covered Person's group coverage would otherwise end, and your employer's group health plan is still in effect, you and your Eligible Dependents may be eligible for continuation of benefits under the Consolidated Omnibus Budget

Reconciliation Act of 1986 (COBRA). COBRA is a federal law that allows Covered Persons to continue coverage under specified circumstances where such group coverage would otherwise be lost. To continue coverage, you or your Eligible Dependents must apply for continuation coverage and pay the required premium before the deadline for payment. COBRA coverage can extend for 18, 29 or 36 months, depending on the particular "qualifying event" which gave rise to COBRA.

When You Are Eligible for COBRA

If you are a Card Holder and active employee covered under your employer's group health plan, you have the right to choose this continuation coverage if you lose your group health coverage because of reduction in your hours of employment or termination of employment (for reasons other than gross misconduct on your part) or at the end of a leave under the Family and Medical Leave Act.

If you are the covered spouse of a Card Holder (active employee for number 5 below) covered by the Plan, you have the right to choose continuation coverage for yourself if you lose group health coverage under the employer's plan for any of the following reasons:

1. the death of your spouse;
2. the termination of your spouse's employment (for reasons other than gross misconduct) or reduction in your spouse's hours of employment;
3. divorce or legal separation from your spouse;
4. your spouse becomes entitled (that is, covered) under Medicare; or
5. your spouse is retired, and your spouse's employer filed for reorganization under Chapter 11 of the Bankruptcy Code, and your spouse was covered by the Plan on the date before the commencement of bankruptcy proceeding and was retired from the Group.

In the case of an Eligible Dependent of a Card Holder, (active employee for number six (6) below) covered by the Plan, he or she has the right to continuation coverage if group health coverage under the Plan is lost for any of the following reasons:

1. the death of the Card Holder;
2. the termination of the Card Holder's employment (for reasons other than gross misconduct) or reduction in the Card Holder's hours of employment;
3. the Card Holder's divorce or legal separation;
4. the Card Holder becomes entitled (that is, covered) under Medicare;
5. the dependent ceases to be an "Eligible Dependent;" or
6. the Card Holder is retired and the Card Holder's group files for reorganization under Chapter 11 of the Bankruptcy Code.

Notice Requirements

Under COBRA, the Card Holder or Eligible Dependent has the responsibility to inform the Group of a divorce, legal separation or a child losing dependent status under the Plan within 60 days of any such event. If notice is not received within that 60-day period, the dependent will not be entitled to choose continuation coverage. When the Group is notified that one of these events has happened, the Group will, in turn, have 14 days to notify the affected family members of their right to choose continuation coverage. Under COBRA, you have 60 days from the date coverage would be lost because of one of the events described above or the date of receipt of notice, if later, to inform your Group of your election of continuation coverage.

If you do not choose continuation coverage within the 60-day election period, your group health coverage will end as of the date of the qualifying event.

If you do choose continuation coverage, your Group is required to provide coverage that is identical to the coverage provided by the Group to similarly situated active employees and dependents. This means that if the coverage for similarly situated Covered Persons is modified, your coverage will be modified.

How Long COBRA Coverage Will Continue

COBRA requires that you be offered the opportunity to maintain continuation coverage for 18 months if you lost coverage under the Plan due to the Card Holder's termination (for reasons other than gross misconduct) or reduction in work hours. A Card Holder's covered spouse and/or Eligible Dependents are required to be offered the opportunity to maintain

continuation coverage for 36 months if coverage is lost under the Plan because of an event other than the Card Holder's termination or reduction in work hours.

If, during an 18-month period of coverage continuation, another event takes place that would also entitle a qualified beneficiary (other than the Card Holder) to his own continuation coverage (for example, the former Card Holder dies, is divorced or legally separated, becomes entitled to Medicare or the dependent ceased to be an Eligible Dependent under the Plan), the continuation coverage may be extended for the affected qualified beneficiary. However, in no case will any period of continuation coverage be more than 36 months.

If you are a former employee and you have a newborn or adopted child while you are on COBRA continuation and you enroll the new child for coverage, the new child will be considered a "qualified beneficiary." This gives the child additional rights such as the right to continue COBRA benefits even if you die during the COBRA period. Also, this gives the right to an additional 18-month coverage if a second qualifying event occurs during the initial 18-month COBRA period following your termination or retirement. If you are entitled to 18 months of continuation coverage and if the Social Security Administration determines that you were disabled within 60 days of the qualifying event, you are eligible for an additional 11 months of continuation coverage after the expiration of the 18-month period. To qualify for this additional period of coverage, you must notify the Group within 60 days after becoming eligible for COBRA or receiving a disability determination from the Social Security Administration, whichever is later. Such notice must be given before the end of the initial 18 months of continuation coverage. If the individual entitled to the disability extension has non-disabled family members who are qualified beneficiaries and have COBRA coverage, those non-disabled beneficiaries will also be entitled to this 11-month disability extension. During the additional 11 months of continuation coverage, the premium for that coverage may be no more than 150% of the coverage cost during the preceding 18 months.

The law also provides that your continuation coverage may be terminated for any of the following reasons:

1. your Group no longer provides group health coverage to any of its employees;
2. the premium for your continuation coverage is not paid in a timely fashion;
3. you first become, after the date of election, covered under another group health plan (unless that other Plan contains an exclusion or limitation with respect to any preexisting Condition affecting you or a covered dependent); or
4. you first become, after the date of election, entitled (that is covered) under Medicare.

Additional Information

An Eligible Dependent who is a qualified beneficiary is entitled to elect continuation of coverage even if the Card Holder does not make that election. At subsequent open enrollments, an Eligible Dependent may elect a different coverage from the coverage the Card Holder elects.

You do not have to provide proof of insurability to obtain continuation coverage. However, under COBRA, you will have to pay all of the premium (both employer and employee portion) for your continuation coverage, plus a 2% administrative fee. You will have an initial grace period of 45 days (starting with the date you choose continuation coverage) to pay any premiums then due; after that initial 45-day grace period, you will have a grace period of 30 days to pay any subsequent premiums. (During the last 180 days of your continuation coverage period, you must be allowed to enroll in an individual conversion health plan if one is provided by the Group. However, conversion coverage is not available if the Agreement terminates or the Group goes out of business. Call the Group during your last 180 days of COBRA for information on conversion).

It is your Group's responsibility to advise you of your COBRA rights and to provide you with the required documents to complete upon the qualifying event.

Continuation of Coverage During Military Service

If your coverage would otherwise terminate due to a call to active duty from reserve status, you are entitled to continue coverage for yourself and your Eligible Dependents. Your group shall notify you of your right to continue coverage at the time you notify the group of your call to active duty. You must file a written election of continuation with the group and pay the first contribution for continued coverage no later than 31 days after the date on which your coverage would otherwise terminate. Continuation coverage will end on the earliest of the following dates:

- the date you return to reserve status from active military duty;
- 24 months from the date continuation began (or 36 months if any of the following occurs during this 24-month period: death of the reservist; divorce or separation of a reservist from the reservist's spouse or a child ceasing to be an Eligible Dependent);
- the date coverage terminates under the Benefit Book for failure to make timely payment of a required contribution;

- the date the entire Benefit Book ends; or
- the date the coverage would otherwise terminate under the Benefit Book.

Benefits After Termination of Coverage

If you are an Inpatient of a Hospital or Skilled Nursing Facility on the day your coverage stops, only the benefits listed in the **Inpatient Hospital Services** section under **bed, board and general nursing services** and **ancillary services** will continue. These benefits will end when any of the following occurs:

- the Plan provides your maximum benefits;
- you leave the Hospital or Skilled Nursing Facility;
- the Benefit Period in which your coverage stopped, comes to an end; or
- you have other health care coverage.

This provision applies only to the Covered Services specifically listed in these two subnamed sections. No other services will be provided once your coverage stops.

Rescission of Coverage

A rescission of coverage means that your coverage is retroactively terminated to a particular date, as if you never had coverage under the Plan after the date of termination. Your coverage can only be rescinded if you (or a person seeking coverage on your behalf) performs an act, practice, or omission that constitutes fraud; or unless you (or a person seeking coverage on your behalf) makes an intentional misrepresentation of material fact, as prohibited by the terms of your Plan. Your coverage may also be rescinded for any period of time for which you did not pay the required contribution to coverage, including COBRA premiums.

You will be provided with thirty (30) calendar days' advance notice before your coverage is rescinded. You have the right to request an internal appeal of a rescission of your coverage.
