

Saving on prescriptions can make a big difference. Here's how:

Long-term medicines are taken regularly for chronic conditions.*

Saving money matters. And your new prescription benefits offer new ways to save on the things that matter, like your long-term medicines. First, make a change from 30-day refills to 90-day supplies. Then, choose to fill your 90-day supply at any of our more than 7,400 CVS/pharmacy locations, through CVS Caremark Mail Service Pharmacy, or the Falcon Health Center Pharmacy for the same low price. The choice is yours, and so are the savings.

There are three easy ways to start saving with 90-day prescriptions:

- Call Customer Care toll-free at **1-888-202-1654**
- Speak to a pharmacist at one of our CVS/pharmacy locations
- Contact Falcon Health Center Pharmacy at 1-419-372-7443

If you are enrolled in mail service with your current provider, there is important information in this package about getting your new prescriptions from CVS Caremark Mail Service Pharmacy.

Short-term medications, such as antibiotics, are taken for a limited period of time.**

To save on short-term prescriptions, use one of our network pharmacies nationwide. To find a list of network pharmacies or even more savings, visit www.caremark.com.

See the chart below for an overview of your copay costs.***

HSA Plan

	Any Care Choice Network Pharmacy (excluding Walgreens)		Falcon Health Center Pharmacy, CVS/pharmacy or CVS Caremark Mail Service Pharmacy
	Price of one 30-day refill	Price of three 30-day refills	Price of one 90-day supply
Generic drugs	10%	10%	10%
Preferred brand drugs	10%	10%	10%
Non-preferred brand drugs	10%	10%	10%
Oral Contraceptives	\$0 at Falcon Health Center Pharmacy or through CVS Caremark Mail Service Pharmacy (generics and single source brands)		
Annual Deductible (Combined with Medical)	\$1,500 per individual / \$3,000 per family (Family must meet entire deductible before benefits apply to any individual)		
Maximum Out-of-Pocket	\$3,000 per individual / \$6,000 per family		
Please Note: When a generic is available, but the pharmacy dispenses the brand-name medication for any reason other than doctor or other prescriber indicates "dispense as written," you will pay the difference between the brand-name medication and the generic plus the brand copayment.			

Questions?

Go to www.caremark.com or call Customer Care toll-free at 1-888-202-1654

We're here for you 24 hours a day, seven days a week.

Sincerely,
CVS/caremark

*Long-term medicines are taken regularly for chronic conditions, such as high blood pressure, asthma, diabetes or high cholesterol.

**Short-term medicines are generally taken for a limited amount of time and have a limited amount of refills, such as an antibiotic.

***Copayment, copay or coinsurance means the amount a plan member is required to pay in accordance with a Plan, which may be a deductible, a percentage price, a fixed amount or other charge, with the balance, if any, paid by the Plan.
