Notes:

1. A Certificate of Records Disposal (CRD) should be prepared prior to the disposal of any records and retained by the office/department for 10 years after the date of disposal. A copy of the CRD should also be sent to the University Records Manager. Confidential paper records must be disposed of through shredding with the University’s approved shredding vendor.

2. University records include all information, regardless of format (paper, electronic, microform, etc.), created or received by a university office that documents the functions, policies, procedures, decisions, operations or other activities of the office. Retention periods apply to all records regardless of format.

3. The University Archives will only collect those record series listed on the attached schedule as transferrable to the Archives that at its discretion have continuing historical value. Other historic items listed on the attached schedule or on the university’s General Records Retention Schedule may also be collected, at the discretion of the Archives.

4. Storage of inactive/non-permanent records is available at the University Records Center.

5. Forms, the General Records Retention Schedule, and other records management information can be found at the Records Management website (available at www.bgsu.edu/library/cac/rm)
