The Laser Printer

Dos and Don’ts of

What do you need?

⚠️ Must attend a training session to receive accreditation that shows you are trained to use the Universal

⚠️ To be present when printing, engraving, and cutting

⚠️ If you bring in your own material, you will be required to provide the Material Safety Data Sheet (MSDS).

About Materials

⚠️ Materials can be bought at Home Depot, Lowes, Hobby Lobby, BG Art Supply Depo, or on Amazon.

FYI

⚠️ You must stay with the Universal Laser printer for the entire print. If you walk away, an employee will stop the machine due to the fire hazard

⚠️ If you break the machines, you will be assessed the cost to repair or replace it.
Library (Engrave only)
